Bryan and Silver.

I have talked with Mr. Bryan since the convention, and I have had no conflict with his views. I am sure I believe that he did the best thing that could be done under the circumstances. He is a great man, and a good man, and I am proud of his nomination. I shall do all in my power to help him to success. I am a conservative man, and I am a democrat who is not afraid to be known as a democrat. I am for Bryan and Stevenson, and for the whole democratic ticket from the President to the Constable. I am for Bryan because I believe he is right on the money question, and I am for him because he stands for principles as set forth in the Democratic platform. I am for him because he is the most available man for the place. I am for him because I believe he is the best man for the place. I am for him because I believe he is the best man for the place. I am for him because I believe he is the best
