ANNOUNCEMENTS

FOR MAGISTRATE.
We are authorized to announce the name of
A. W. BRADY
As a candidate for Magistrate of the Fourth Carlisle Magisterial District, subject to the action of the Democratic party.

The indictment against ex-Governor Taylor has been made public and a board warrant issued. Mr Taylor is in Indiana.

The voters of this district should realize that there is not a more important office in the county than that of Justice of the Peace.

J. N. Kehoe Nominated.

James N. Kehoe, of Maysville, was nominated for Congress yesterday by acclamation.

The Democrats of Nicholas should understand that harmony is a wonderful article this year, and the nominations of last Saturday should not be a source of very often if Democracy is to win in the district this fall.

Nearly four million taxable property on which over thirty thousand dollars of taxes are levied and collected for county purposes in Nicholas will be found to be locked after by your Fiscal Court. Is there any reason why you should withdraw from this district on that line?

The war in South America is waxing fu ebus. The British have drawn the lines into the hot ditch, and are about to wind up the most useless and needless war of modern times. The cost of the additional soldiers sent out in the Transvaal is considerable.

The County Executive Member showed the good judgment and wise discretion in selecting the delegates to Carlisle that he has always shown in the selection of the county men to represent the party locally and throughout with economy, and our committee had the proper thing when it insisted each ballot.

The Democratic Committee of this county should see that a Democratic candidate for Magistrate in the district is nominated fairly and here on The action of the male of locating headquarters last Saturday binds no body, and it binds some of the aspirants to exactly efforts to defeat our ticket.

Who Was He?

An old Federal soldier desires to help identify the young Confederate soldier who was with the advance guard of Morgan's command here September 6, Springfield, Ky., on July 4th, 1863, and who loaned his mule and buck-board to a Union prisoner to ride. The old Federal soldier was the prisoner, and he thinks of used me. If this should come under the observation of the right person he can communicate with the Carlisle Mercury.

The Confederate Reunion.

The Confederate reunion at Louisville will be the largest gathering of veterans of thousands of the late armies of the South, and but for the contingent fall of rain would have had a much larger attendance. It will be the last one of the kind, and a good time. Gen Stephen D. Lee, elected Commander for the fourth time by acclamation. He and Gen Gordon are the only two living Confederate Generals who have been given command of more than one army corps.

Judge Reed Hunnicutt, a dispatch from Washington Thursday says: "Senator Lindsay to-day announced his support of Judge William Reed Hunnicutt, of Kentucky, as Chief Justice of Porto Rico. The appointment will be made soon. Judge Reed Hunnicutt is a Democrat of the Democratic party.

Judge Hunnicutt will never have a better friend than Senator Lindsay. He has been a life-long friend of the family, and has watched the career of Judge Hunnicutt with pride. Senator Lindsay has been given assurance that Judge Hunnicutt will be appointed.

The Democratic Committee will call the Magisterial district for last Saturday for the purpose of nominating a candidate for Justice of the Peace to succeed Judge Hunnicutt, and for transacting a convention. Committeeman Hedges has called the meeting to order at the Court House, but after an hour or more of waiting for a quorum to assemble, it was decided to make a business call of the committee, and the meeting was adjourned, and the committee called to meet at the County Committee. In a large majority of the districts there was little interest and no attempt to make such a primary election. In a few districts there was a fair vote, and in Carlisle the vote was heavy. The Democratic party is not dead, but it is sick, and will remain so until the primaries are held and the people have a chance to express their preference for candidates.

The Mercury makes no apology for its course in the matter. It has been for the best interests of the party that primaries be held, and whether they were held or not was not the question. The question was whether the party should be represented by a ticket or not, and the Democrats of Nicholas have decided that it should not be represented by a ticket. Another year, when the party leaders and supporters see that the Democratic party is not worth saving, they will not attend the primaries, and the Mercury will not be here to denounce them for it. If Democrats don't want to vote, they should not vote, but they should not complain if they are not represented on the ticket.

New Order.

The Democratic Committee of Nicholas declared at Lexington Tuesday that hereafter all primaries should be held on the regular voting days, and that the rules and regulations governing the regular elections should govern the primaries. This is a step in the right direction, and will prevent many suggestions. Primaries as held in Carlisle last Saturday were a farce, and the party owes it to itself to abolish them. Thank you Some future orderly and good party.
