ANNOUNCEMENTS.

FOR CONGRESS.
We are authorized to announce the name of
A. S. BERRY, of Bourbon,
As a candidate for Congress, from the Ninth District, composed of the counties of Bourbon, of the Democratic party, subject to the action of Democratic primaries.

The Garman Emperor has forbidden all German officers from riding in any French races. Guess this is done in order that the French may not get the Germans' gait.

The Democratic Primary takes place in Fleming Saturday, to nominate candidates for county officers to be elected in 1901. The excitement is running high.

The Supreme Court did not hand in its decision last Monday in the Kentucky election case, and next Monday is now said to be the day it will decide.

Agricultural bunk I have heard from so long, that is to be found in Missouri, that he was killed by some of the wild animals in the woods, while he was superintendent of some American Industries if he had been captured.

The Carlisle Mercury published a call last week for J. M. Sharp to make the case for County Judge of Nicholas County. If Sharp is a true Democrat and a man of ability and would make the county an able judge—Mr. Oliver Johnson.

We are under obligations to our neighbor of the Bourbon Democrat for courtesies extended in placing his office at our disposal, when we were called to and go on some work of work. If the little bodies will not stick to the little breath, could be sent through to our printers working day and night in two offices, and our printers keeping the neighbors awake until half past two o'clock in the morning, they would not worry their little souls about our being run out of the printing business.

A good deal of comment has been made about the number of men in the district riding that rather expensive supported the Democratic nominee at the last election are entitled to participate in the primary. They ought'n't to be any objection to that. Surely those who have shown their loyalty do not object to nominees when they ask them, are not the proper persons to select nominees in Democratic. Let the voters above forth and express themselves before they talk to high or talk in the campaign in Interest Journal.

As the Mercury has had much to say in regard to the State Board of Health and his management of the County's money, we feel that we are at liberty to say a few words about the indictment returned against him for embezzlement. We are loath to believe that Mr. Rudolf ever committed such a crime, but we have always held and contended the court should be the place to try the case when he will be given an opportunity to explain it and let that is much satisfied. In this connection we cannot refrain from saying that he has unnecessarily done wrong.

How J. N. Kehoe of Mercer's Democratic Executive Committee witness in the case for the Democratic nomination for Congress in this district. At present Mr. Kehoe has no opposition for the nomination, and is not likely to have any before the convention in Cilliken, being on the side of Mr. Berry. In our opinion that Mr. Kehoe will make the best race of any Democrat in this district at this time, and if the strong Democrats of the district are not willing to support him, they will be without a united party and a fight will follow. We think the Democrats of the 9th district are entitled to a Congressman, and Mr. Kehoe is as equally divided.
