A DEMOCRATIC HOUSE

Would Check Imperialism and Put a Brake on Militarism.

[New York World.]

A Democratic House in the next Congress is most important, whoever shall be elected President.

If Mr. McKinley shall be re-elected, a Democratic House will be a brake upon the train of events which is carrying the country so rapidly toward a fixed policy of imperialism and militarism.

The House is the representative of the people. It controls the purse strings. It originates all measures of taxation. It can regulate the size and limit the use of the army. A Democratic House is needed as a check to McKinleyism, with all that this includes and implies, if the President shall be re-elected.

If the House is to be Democratic the gains must be made in the Middle and Eastern States. And every Democratic member elected in these States will, if he represents his constituency, vote against 16 to 1. The four Democratic Representatives from Kings county who voted for the gold standard bill have all been renominated. The assurance of the election of a dozen or twenty sound money Democratic representatives from the East would help Mr. Bryan in this section more than any other influence. It would show to the apprehensive and undecided voters that even if Mr. Bryan were elected, and even if the House were Democratic, the soundness and stability of our currency could not be disturbed.

The vote in the Kansas City platform committee and the whole course of the campaign since that time prove that a Democratic House will be a check upon the imperialists on one side and the extreme free silver men on the other.

Put on the brake!

For Over Fifty Years.

Miss Bowerman, of Lexington, sold a team of horses to P. D. Stevenson, of Pittsburg, for $10,000. The two horses were Margaret Smith and Miss Leiter and have a pole record of 1:26½.

A Frightful Blunder

Will often cause a horrible Burn, Scald, Cut or Bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Cures Old Sores, Fever Sores, Ulcers, Boils, Felons, Corns, all Skin Eruptions. Best Pile Cure on earth. Only 25c a box. Cure guaranteed. Sold by Tureman & Son, druggists.

A Wonderful Shawl.

One of the most remarkable shawls on record was presented recently to the Czarina of Russia. It is contained in a box only a few inches square, in which it fits easily, yet when shaken out it is ten yards square. This remarkable gift was the work of some women weavers in Orenberg, Southern Russia, by whom it was prepared. The box containing it is of wood, with hinges, hoops and fastenings of beaten silver.

Robbed the Grave.

John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying 'Electric Bitters,' and to my great joy and surprise the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c per bottle at Tureman & Son's Drug Store.

James G. Gaylord, the noted driver employed by Thomas W. Lawson, while working out First Love, collided with Frank Creamer. In the fall which resulted the muscles in his side were torn loose, and a hemorrhage from the lungs resulted. His injuries are serious.

For sprains, swellings and lameness there is nothing so good as Chamberlain's Pain Balm. Try it. For sale by S. P. Baird.

What this county needs is a graduated income tax. Without one the very rich, the bondholding, taxpaying shirkers, who conceal and lie when the assessments are made, can never be made to bear their just share of governmental expenses.

The Whole Truth!

There's nothing so bad for a cough as coughing. There's nothing so good for a cough as Ayer's Cherry Pectoral.

The 25 cent size is just right for an ordinary, everyday cold. The 50 cent size is better for the cough of bronchitis, croup, grip, and hoarseness. The dollar size is the best for chronic coughs, as in consumption, chronic bronchitis, asthma, etc.

DIFFERENT

When England Demands That the Flag Be Hauled Down.

[New York Journal.]

Mr. McKinley insists that he has no choice in the matter of killing the Filipinos because he is compelled to maintain the authority of the United States over every inch of territory over which the American flag has floated. But in Alaska he has ceded to England not merely territory over which the American flag has floated, but land which is situated on this very continent, the original home of the Monroe doctrine. More yet. He has ceded territory actually occupied by American citizens, who are compelled henceforth either to leave it or to carry on their business under license from the British authorities. He has done this by virtue of his imperial prerogative, without asking the advice or consent of the Senate, and he has offered, in addition, subject to the Senate's approval, to lease an American seaport and highway to England for 50 years, yielding to the British Government "full sovereignty rights."

William McKinley is a noble expander, is he not? An expander in Asia and a shrinker in America. The mailed fist for the Filipinos and the angle-worm back for England.

Is it not a beautiful record to submit to 15,000,000 American voters?

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard St., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure: "It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the Universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c and $1. Trial bottles free at Tureman & Son's drug store. Every bottle guaranteed.

Whoften, when we say we love God with our whole soul, utter mere words; it is a sound without sense. We learned to speak thus in our infancy; and we continue, when we grow up, without knowing it. To love God is to obey faithfully his laws; it is to abhor sin. To love God is to love all that Jesus Christ loved; it is to hate what he hated.—[Fenelon.

English Spavin Liniment removes all Hard, Soft or Calloused Lumps and Blemishes from horses, Blood Spavins, Curbs, Splints, Sweeney, Ring-Bone, Stifles, Sprains, all Swollen Throats, Coughs, etc. Save $50 by use of one bottle. Warranted the most wonderful Blemish Cure ever known. Sold by Tureman & Son, Druggist.

The Kentucky Masons will alone give more than one-third—$35,000—of the $100,000 necessary to entertain the Knights Templars of America at the twenty-eighth triennial conclave to be held in Louisville August 27, 28, 29, and 30, 1901. The Grand Commandery of Kentucky Knights Templars will give a check for $10,000.

When you have no appetite, do not relish your food and feel dull after eating you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. Price, 25 cents. Samples free at S. P. Baird's drug store.

Three Preachers assigned to the Methodist Churches at Owensboro are named, respectively, Wheat, Stubblefield and Byrd.

The best method of cleansing the liver is the use of the famous little pills known as DeWitt's Little Early Risers. Easy to take. Never gripe. People's Drug Store, Sparks & Wilson.

Making Character.

A mother in New Hampshire reared a family of eight boys. They all left the homestead and went to sea. She was heartbroken. The preacher visited her home and had poured into his ears this life sorrow. She said her boys were good boys. She could not understand why they had all gone to sea and left her. She could not understand the mysterious work of Providence. Her heart was desolate, the home broken. And she said her boys had never seen the ocean until they were grown. She asked the preacher to explain it. He looked around the room, and over the mantel he saw a splendid picture of a ship under full sail. Every white wing seemed to carry a message of foreign nations. The waves that dashed against the bow spoke of a thousand shores that had been washed as around the world they had swept. The preacher said to her: "Why, madam, this is the explanation. Your boys became sailors because this picture told them of the ocean and led them around the world." The very picture on your walls, every inch of tapestry,—these are sacred. They make and unmake character. Guard them well. The foundations of every great man's character is laid in these primal hours of life.—[Commonwealth.

Dr. W. H. Lewis, Lawrenceville, Va., writes, "I am using Kodol Dyspepsia Cure in my practice among severe cases of indigestion and find it an admirable remedy." Many hundreds of physicians depend upon the use of Kodol Dyspepsia Cure in stomach troubles. It digests what you eat, and allows you to eat all the good food you need, providing you do not overload your stomach. Gives instant relief and a permanent cure. People's Drug Co., Sparks & Wilson.

Baseball in the Bible.

A north Missouri editor, who first studied baseball rules when a Sunday-school boy, enters into the following antiquities of the national game: "The devil was the first coacher. Eve stole first. When Isaac met Rebecca at the well she was walking with a pitcher. Samson struck out a good many when he beat the Philistines. Moses made his first run when he slew the Egyptians. Cain made a base hit when he slew Abel. Abraham made a sacrifice. The prodigal son made a home run. David was a long-distance thrower and Moses shut out the Egyptians at the Red Sea."

Do not get scared if your heart troubles you. Most likely you suffer from indigestion. Kodol Dyspepsia Cure digests what you eat and gives the worn out stomach perfect rest. It is the only preparation known that completely digests all classes of foods; that is why it cures the worst cases of indigestion and stomach trouble after everything else has failed. It may be taken in all conditions and cannot help but do you good. People's Drug Co., Sparks & Wilson.

Motion For Revision of Creed was voted Down.

Flemingsburg, Ky., Oct. 11.—At the Ebenezer Presbytery meeting the principal subject of discussion was a revision of the church creed, which was almost unanimously voted down. The State Synod was convened last night by Dr. J. E. Ely whose sermon was followed by an address by Dr. J. A. Worden, of Philadelphia, secretary of the board of Sunday-school work.

The Synod assembled again this morning, and is being attended by about sixty Presbyterian ministers. It will adjourn Thursday night.

Col. W. H. Gentry, of Fayette county, who holds a commission on the staff of Gov. Beckham, makes a most admirable suggestion. Believing that the people are disgusted with the military pomp and tomfoolery of the Republican administration, he has suggested to Gov. Beckham and Gen. D. R. Murray, who we believe heartily agree with him, that the flashy uniform of the staff be discarded and the plain garb of a well dressed citizen, with a modest insignia of rank to be substituted. The military has been cutting too wide a swath in local and National affairs, and return to first principles and becoming simplicity will be appreciated by the people.—Lex. Herald.

Autumn Waists.

A number of fancy waists are now being turned out to wear under the jacket with what is called the correct tailor suit for autumn wear. Indeed, the correct tailor suit for autumn is so essentially severe in its outlines that it seems but a natural thing to have some sort of fancy waist. Indeed, many of the tailor gowns have two or three waists. There is a new material for waists that bids fair to be exceedingly popular. It is called silk flannel, has quite a little weight to it, looks just like a dull-finish satin, and is to be had in all the different shades. It should be made up simply, for it does not require trimming excepting of the flat and severe order, and looks best in the designs in which flannel or cloth would be made. It must not be tucked or plaited too much and in that respect is like cloth. A good model for one of these waists has a stitched yoke and collar, with the waist itself bloused a little in front, fastening at the left side and trimmed with stitched folds of flat velvet ribbon exactly the same shade as the material.—[Harper's Bazar.

It Happened In a Drug Store.

"One day last Winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. C. R. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy, and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a very good recommendation for the remedy." It is for sale by S. P. Baird.

Breaking A Kicker.

The best means is to give him a sandbag to exercise upon. Fill a grain sack full of sand and swing it up to the ceiling with a rope, so that the sack will hang just where the heels of the horse will have good play upon it. Tie the horse in the stall with a good strong rope and let him kick. At the first kick the bag will swing away and return, giving the horse as good as he sent. For the next minute or so there will be a battle royal, but the sack will hold its own, returning all it received with interest. The horse in kicking against the real thing will soon come to a realization of that fact, and will be thoroughly cowed. Leave the sack behind him for a week or so and then remove. If he ever tries to get into his old habits give him another punch bag to exercise him.—[J. L. Irwin.

A dispatch from Middlesboro Oct. 11th, says: A wedding with a romantic tinge took place here, when Harry Dobbins, of Maysville, was married to Miss Lute Pollitt at the home of her uncle, G. F. Pollitt, the Rev. H. B. Mills officiating. The wedding was quite a surprise, as Miss Pollitt only recently came here from Maysville to teach school. The wedding was to gratify the desire of a rich uncle of the groom in Mason county, who is lying at the point of death. The uncle agreed to make his will in his nephew's favor provided he married Miss Pollitt, who has been a friend of his for years, and whom the elderly Dobbins always very much admired. Miss Pollitt will resume her school tomorrow, and the young man will return home with the marriage certificate, with the hope of reaching his uncle's bedside before he dies.

A new remedy for biliousness is now on sale at S. P. Baird's drug store. It is called Chamberlain's Stomach and Liver Tablets. It gives quick relief and will prevent the attack if given as soon as the first indication of the disease appears. Price, 25 cents per box. Samples free.

Varnished wall paper has many advantages, and especially in a dirty, smoky town, for it can be washed with soap and water and be perfectly clean without any expense. For halls, bathrooms and children's rooms varnished paper or painted walls are recommended, the former is especially durable, and if the varnish gets shabby another coat may be applied. After a case of infectious illness in a house where expenses have to be considered, one fully appreciates a varnished room. The walls once washed with proper disinfectants, the great expense of repapering is saved. The first outlay in this treatment of the walls is decidedly heavy, but it yields excellent interest.

The number of Belgian hare fanciers in Kentucky is already considerable and rapidly increasing. It has been suggested that a State Belgian Hare Club be organized and we second the motion. Nothing would do more to further and foster the interests of the industry. We would like to have the views of the Kentucky breeders on this subject.—[Farmers' Home Journal.

The Paris Gazette: During the present season there have been over 250,000 tobacco sticks sold in this city to country producers of tobacco. One firm sold 225,000 sticks. It has been about four years since there was such a demand.
