The German Crop Situation.

Returns from the German wheat region indicate that the land produce in Germany will fertile more serious concern as the part of the great source of supply for many years.

The 27,000,000 people of the German Empire have been depending for many years upon Russia and America for a portion of their food supply. If the reports outlined by a leading agricultural paper in Berlin are verified, however, the dependence of Germany upon imports will be greater than ever. Exports to 1,000 inquires had this year amounted to the total wheat yield of Germany at 5,670,000 tons (22, 0 lb.), while the imports reached 1,000,000 tons (2,240 lbs.). Compared with the yield of 1900 this indicates a small increase in oats and barley and a decrease of 1,867,000 tons in wheat and 357,000 tons in rye.

If these estimates are correct Germany will be forced during the current year not less than 3,000,000 tons of wheat, 1,000,000 tons of barley, but also still more across the Baltic from the wheat fields of Russia. Even the large surplus of rye will have to be shipped from the United States. The outlook for the American is therefore a promising one, while the misery of the unfortunate people of Germany is keep out all agricultural imports will be increased by the short season of the domestic demand. [Iowa Homestead.

Chose Her Husband.

Huntingdon, W. V., November 10 — Miss Ethel Hutchings, daughter of Mr. and Mrs. Lewis Hutchings, decided to-day between two suitors, Dr. Archibald of Cincinnati, Ohio, and Dr. Hutchings, of Ashland, Ky., whom she met a week ago for the first time. A wedding followed two days later, and when the parents of the young woman heard of it the girl became a mother in Nashville at the time they were greatly excited.

The father of the bride-groom came to them to-day and secured the necessary papers to annul the marriage, but when he was told of the latter he changed his mind, at the good of a newsboy, living close to home. He will probably be brought her hats to visit relations, but returned.

Judge Matthews of the Criminal Court of Appeals has granted a writ of error to Jailer Hutchings, of Ashland, who was convicted of murder in the second degree and sentenced to the penitentiary for life. The writ was granted on the ground that the jury was not drawn from the regular panels of the young woman heard of it,
