Rheumatism Cured in a Day.

"Mystic Cure" for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75cts. Sold by TUREMAN & SON, Druggist, Carlisle.

MR. R. W. STERLING has surrendered his lease on the National Hotel, and for a few days that famous hostelry will be closed to the public. This however, does not effect the bar, which is run by James P. King, and is running as usual. Several parties are negotiating with Mr. Frank Hudson, owner of the hotel property, and it is only a question of a few days until the hotel will be in operation again. Mr. Sterling will continue to conduct the Beaumont Hotel.—(Mt. Sterling Gazette.

The greatest danger from colds and la grippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. It will cure a cold or an attack of la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by S. P. Baird.

CAST-IRON plows were first made in this country in 1797, and were greatly objected to from the belief that the cast iron poisoned the ground and prevented the plants from growing.

Persons who can not take ordinary pills find it a pleasure to take DeWitt's Little Early Risers. They are the best little liver pills ever made. R. P. Sparks, People's Drug Co.

A HUNDRED years ago a woman and all of her possessions practically belonged to her husband. Today a man may not under any circumstances open his wife's letters without her permission. She has her legal rights and controls her own property.

Consumption

is destruction of lung by a growing germ, precisely as mouldy cheese is destruction of cheese by a growing germ.

If you kill the germ, you stop the consumption. You can or can't according to when you begin.

The Making of Good Coffee

Begins in the growing. Anywhere between the plantation and the coffee pot the flavor may be changed, the quality spoiled by carelessness, inexperience, or unscrupulous methods. From the time Arbuckles' Coffee leaves the hands of the grower until it reaches the user in a sealed packet, it is handled with the same watchful care, the same thought for cleanliness, that you would give any article of food that goes on your table. That's the reason it costs the grocer a cent a pound more than its cheap imitations. The extra cent you pay for

ARBUCKLES' Roasted Coffee

buys much more than a cent's worth of quality and strength. A pound of Arbuckles' Coffee will give you more cupfuls of better coffee than you would get from other package coffees.

Be sure you get Arbuckles' Roasted Coffee. Other package coffees are but imitations of Arbuckles'.
