ANNOUNCEMENTS.

FOR REPRESENTATIVE:
We are authorized to announce T. Y. CARLISLE, of Bourbon County, as a candidate for Representative from the counties of Bourbon and Nicholas, subject to the action of the Democratic party.

FOR SENATOR:
We are authorized to announce W. A. MORRIS, of Bourbon, as a candidate for Senator from the counties of Bourbon, Clark, Montgomery and Nicholas, subject to the action of the Democratic party.

It is claimed that the Senator and two Representatives nominated in Kentucky are for McKinley and Roosevelt.

Ex-W. Kentucky pioneer of the MERCURY, will make a current of the county next week. He says he is glad to see the old paper is still alive and prosperous from the old reliable friend of the Nicholas county people.

The editor of the Cynthiana Democrat says there is always something the matter with every town, and the only remedy he knows of is to get a live newspaper started or enlarged on the new church because it furnishes employment for them. There is no cure for the blues like the shriek of the steam whistle and the hammers.

One hundred and twenty-five years ago to-day the patriots of the weak colonies of America declared themselves free and independent, and established the greatest Republic the world has ever known, and it is stronger to-day than it has been at anytime since its organization. Let all who have enough good government honor this day.

Greek Keller knows that he is the youngest of the Kentucky press in point of years, but he is not the least by a small matter, as a character for Louisville Democrat.

We feel sure our friend Allen speaks the truth, and we wish to assure the Democrat that we are glad to have their lead words. To Mr. Allen we can say that he always carried a place in Mrs. Keller's affections. She was the greatest admirer and friend of his married mother, and many a time she remarked that how proud the dear mother would have been had she lived to see her son occupying so prominent a place in the editorial field.

In Covington last Saturday, on Mayor Board, the anti-Taylor candidate for State Senator, defeated M. L. Harbeson, the late Mr. Goebel's law partner, and P. M. Tinsley, also a well-known anti-Goebel man, defeated Jno. Elliott, election commissioner for County Attorney. On the same day Justice Goebel was inducted for selling the office of City Attorney to Harbeson and Tinsley's partner and Covington was very satisfied for corruption in office. Such things have long been looked for in that corrupt city. Funnie who have left up with affairs of the month of Goebel will be surprised at the outcome. There has recently been no honest and down to-date newspaper in Silver town, and the people have had no chance to get at the truth. Let Justice Goebel and others have been done so now without so much as an effort to conceal the act, and the people who have had the courage to object have been asked what they were going to do about it. The voting Master at the city is accepting an office for which he was elected, and the clerk and Jno Elliott know how to get it. Let the people be patient and they will get justice and overnight the end.

The Good Roads Convention.

The editor attended the Good Roads Convention at Louisville last Thursday and Friday, and while he certainly was a most interesting one, we considered the meeting a failure. The attendance was small, the speeches were not very good, and delivered indistinct. Interested readers delivered indistinct. Interested readers delivered addresses, but it was not be agitated and discussed in Kentucky before much good can be done. The meeting Master at the city is accepting an office for which he was elected, and the clerk and Jno Elliott know how to get it. Let the people be patient and they will get justice and overnight the end.

The Weather.

The Courier-Journal of Monday says of the weather:

Forty-four deaths were reported from heat yesterday in different parts of the United States. Nineteen of them occurred in New York, which also reported eleven on Sunday. Of the deaths reported yesterday in New York mentioned broadly. Eleven deaths were recorded in Pittsburg yesterday, and the temperature indicates a serious mortality among children. The temperature was 100 degrees in the shade at 10 a. m. and 104 degrees, and it was the warmest day in Chicago for twenty-nine years. There is no probability of early relief for the Eastern cities.

Accidents.

The intense heat which prevailed throughout the country Monday caused 131 deaths, seventy-eight of the fatalities being in Greater New York. Over 125 prostrations were also recorded. The mercury in the shade registered from 96 to 102 degrees on the thermometer that summer, although on the streets it was over 100 degrees. In Pittsburg and Allegheny sixteen deaths were reported. Philadelphia had seven, while Chicago and Cincinnati had five each and St. Louis had six. According to advices from Agnes Lancaster, Pa., was the hottest city in the country, having a temperature of 104 degrees.

The Lion-fed Lunch.

At a recent exhibition in one of the large eastern theaters, the lion got loose and created a report among the vast number of people present. Fortunately no one was hurt, the manager was on the stage at the time, and the animal not be allowed. Authorities should see to it that those having charge of such shows are rendered like the case of Justice Goebel, who, on the 30th of last month, Aug. 31st, called for the arrest of the Animal King. Every beast in the show was arrested and locked up, and all work in perfect harmony. It's a pity Justice Goebel is not in office to-day.

Justice Goebel.

The Democratic Convention assembled in the city last Thursday morning and Justice Goebel, the idol of the Democratic Convention, was found dead in a hotel adjoining the Court House. Justice Goebel was a man who had made many friends who favored him with their support. They worked very hard in the last campaign. Justice Goebel was also on the advice of his friend returning to the Court House, where he was beaten. He remarked that he would be elected, and that he would be on a debauch. That was the last seen of him until Mrs. Nicholas found his body in the field the next morning. The bridle was still hanging on his arm and it was evident that he had been overcome by the heat and from which exhaustion died. Democrat.

The above is the assertion some of his friends, who have not yet paid off their old contracted debt by Notes, if this is not done before July 1st, I shall be compelled to send it to Court for collection, and I hereby thank those who promptly responded to my request made some time ago, and earnestly desire and request the others to do likewise.

HEYMANS

Proving A Success.

The Hour Sale here last Friday was a big success, for the attendance was much larger than we anticipated. It shows the people how to get any thing cheap, for we sold them the goods advertised and did not try to draw them to the store by advertising merchandise we did not have or did not intend to sell. It is our intention to hold a sale of this kind at least once a month.

We mean to sell our merchandise below everybody's prices.

We are in position to do so, and if anyone wants to meet our prices they must sell you a cheaper grade of goods.

We are now offering reductions in prices on our entire stock, as it is much larger than it should be at this season of the year.

We have a lot of Children's Tam O'Shanters, made of linen, Duck and other materials, and in order to close them out we have decided to sell them at 10c a piece, former price 25c.

A lot Men's Straw and Linen Hats formerly sold for 75c and $1.00, we offer them at 25 and 50c.

Great Reduction in Men's Shirts, Ladies' Shirt Waists and Umbrellas.

Lace Curtains.—If you need a pair or two of Lace Curtains call on us, and we will make you some prices that will astonish you.

☞ We also carry a nice grocery every week, if interested in our line of merchandise, for it means a saving of money to you.

☞ If you see anything about some it, you must remember there are people whom we owe who want their money.

G. L. HEYMAN.
