6th District—Jas. Hedden.
7th District—Jas. Hedden.
8th District—Jas. Hedden.

Name the Writer.

A prize competition from a Carlisle citizen says there are from 7 to 10 cases of measles in town. The Mercury says the disease has been very prevalent in Carlisle and vicinity. In its efforts to find the cause of the epidemic it has failed to check it. We have that the disease is caused by the presence of germs. Science has discovered the germs. It is useless to say that the above is not true, but we specialize in order that our people may know what a fake the above interesting item is when it comes out town. Folks who come in from the country can see for themselves if the item is correct.

The Way News is Made.

Mrs. Ora Markland and child died at Carlisle with small pox. Mrs. Markland and child died at Carlisle with small pox.

This is the way bad news is sent abroad. Mrs. Markland and child died at Carlisle with small pox. The above statement is false. It will have a bad effect on our city at the same. The above statement is false. It will have a bad effect on our city at the same. The above statement is false. It will have a bad effect on our city at the same
