The Legislative Exc.

The Legislature here has begun at present considerable attention, and the premier of House, Bulow and Chandler, prospective candidates from Robertson, are now Monday, brought the subject more to the front than it had been before. The question of Nicholas having a candidate for Representative was the first matter considered, and the friends of Bulow had the appearance of meeting for more than two minutes. Messrs. S. F. Stout and W. A. Wilson, who were members of the Democratic Committee from ages ago, were agreed that Nicholas was not a candidate, but he knew he would be, and that he was going to work in order to his end. We look for a pause in the settlement of the matter.

Machine Politics.

We are pleased to have join the ranks of anti-machine men, the Paris Democrat, and in declaring in the race for Representative from Nicholas Bourbon and Harrison counties. We have been in favor of this ticket from the first, and we are glad to see the Democrats of the Paris paper coming to the front. We have no fight to make on Mr. Bulow, but we do object to the machine methods of which he is the representative, and to which he has given his support. We are for the Democrats of the Democratic party, and we are for Democratic principles, and we are for Democratic Nicholas to parade and shout their praises. We are for Democratic Nicholas to vote for Democratic principles, and we are for Democratic Nicholas to be defeated when he votes for machine principles. We are for Democratic Nicholas to be defeated when he votes for machine candidates, and we are for Democratic Nicholas to be defeated when he votes for machine legislation. We are for Democratic Nicholas to be defeated when he votes for machine candidates, and we are for Democratic Nicholas to be defeated when he votes for machine legislation.

Our Explanation

Comment has been made in various quarters upon the fact that we have failed to notice the calling of the Democratic county meeting of state holdovers to meet in this city on the 15th inst. to elect delegates to the State Convention. We were under the impression that the meeting was to be held on the 16th inst., but Mr. Henry says he is in error, and that the meeting was held on the 15th inst. We did not attend the meeting, as a public meeting of state holdovers to elect delegates to the State Convention is not to our taste. We were told that the meeting was to be held at 2 o'clock, and we were about 10 minutes late in getting to the court house, but when we arrived we found that the meeting had been called to order at 1 o'clock, and that the delegates had been elected and were on their way home to the city. We were not invited to attend the meeting, and we were not informed that the meeting was to be held at 1 o'clock. We think it a little strange that the meeting was held at 1 o'clock, and that we were not informed of the fact. Electric Railroad.

The Lexington Herald says granted by Mayor Kenneth on Saturday last to the Lexington & Interurban Railway Company to build its road from the county line to Fayette county line to Lexington. The route is to be from Lexington to Paris, via Nicholasville and Hickman, and thence to Lexington. Work is to be begun within ninety days and completed within two years. It is understood that the line may be extended to Maysville.

The Prison Commissionership

A couple from Frankfort, Ky., March 1, says: Chas. F. Pendy, of Louisville, and Judge Thomas Smith, of Lexington, are the latest prospective candidates for the Commissionership of the Penitentiary. He has not formally announced, but his friends say he will be in the race.

A contract held by the Lexington Brick Company for the brick for the new Capitol building at Frankfort, has been awarded to them, the bid being $4.50 per thousand.

Judge J. Stone, of Louisville, a member of the Democratic State Committee, is a candidate for Clerk of the Senate.

It is stated that by the Lexington Herald that Mr. Henry Clay Pepper, of Lexington, has been selected to head the following ticket: Governor, Henry Clay Pepper; Lieutenant Governor, Robert McDonald; Attorney General, Lafayette McDonald.

Jas. Whaley

Jas. C. Whaley, of Lexington, has announced himself as a candidate for the office of Commissioner of Agriculture, subject to the action of the Democratic State Convention. Mr. Whaley is a native of Kentucky, and has been actively connected with the Cumberland Land Company for a number of years. He is well known throughout the State, and would make a good record if elected. He has many friends in Bourbon who will be glad to see him in the race.

A Card From Mr. Brumbelt.

Mr. Brumbelt has received a letter in the Louisville Courier-Journal, in which he says he is not in the deal further than to receive a commission for his services. He says that the Cumberland Land Company has been in existence for a number of years, and would have been there if they had done a good work in developing the mineral resources of the State.
