ANNOUNCEMENTS.

FOR REPRESENTATIVE.

We are authorized to announce W. J. CHANDLER, of Robertson County, as a candidate for Representative in the General Assembly of Kentucky, subject to the action of the Democratic party.

FOR SENATOR.

We are authorized to announce WM. A. PURNELL, of Lexington, as a candidate for State Senator from the Thirty-second District, subject to the action of the Democratic party.

MRS. MCKINLEY has so far improved that preparations are being made to return to Washington.

GOVERNOR BECKHAM has appointed John M. Lossing, of Bourbon county, Circuit Judge of the Fourth Kentucky Circuit Court (Carlisle district), to succeed Judge W. Hume Bryan, resigned. The appointment was made from a list of three names.

AN earthquake shock like unto that last Thursday night but did no further damage than to interrupt the rest of a few nervous people. As the house did not fall this time of the Hon's we are not awakened.

GOVERNOR BECKHAM has appointed John M. Lossing, of Bourbon county, Circuit Judge of the Fourth Kentucky Circuit Court (Carlisle district), to succeed Judge W. Hume Bryan, resigned. The appointment was made from a list of three names.

Editors Going West.

The officers and members of the Executive Committee of the Kentucky Press Association met at Louisville last night and decided to attend in a body the next annual meeting of the association, at Montana, Colorado, the last week in August. After the business meeting the party will go to Denver, Leadville and Salt Lake City, returning to Louisville on August 31.

Mason Democrats.

The Democratic primary in Mason last Saturday resulted in the following nominations:

For Representative, John W. Harris; for County Judge, C. D. Newell; County Clerk, C. C. Mack; County Attorney, Frank P. Geisel; Sheriff, James E. Robertson; Jailer, Thomas Hall; Superintendent of Schools, E. D. Williams; Coroner, Dr. Wood; Surveyor, Wood.

Estes Kefauver and Family.

Estes Kefauver and family, the well known Engineer, Mason of the construction train on the Kentucky Central, whose misfortune have been much talked about, and who has been off duty for the past two months, is now able to be out and will be in the service in a few days. He has been confined to his room with a severe attack of typhoid fever and then with blood poisoning. He is a most excellent engineer and a splendid man, and we are glad to see him able to be out.—Maysville Bulletin.

Mr. Kefauver has been a resident of Carlisle for a number of years, and has many friends here who will be glad to learn of his recovery.

The Fish Law.

We have been asked to publish the fish law that is being so persistently violated in this county, but we have refused to do so, for the reason that we do not believe in publishing a law that we do not intend to enforce ourself. The Democratic party of Kentucky now, and in the past, has been the party that has enforced the laws of the State, and we do not intend to depart from the old rule.

REUNION.

It has been announced that the Annual Reunion of the Kentucky Cavalry will be held at Carlisle, Ky., on the 4th of September. We would be glad if the Kentucky Cavalry would have a reunion, and we believe that there are enough soldiers in both sets to be added to make a large crowd, and we would be glad to welcome the Kentucky Cavalry, which is with the Confederate Army, and the Kentucky Cavalry which is with the Federal Army, to meet together and have a reunion, and we believe that there are enough people as well. Nobody cares what side you were on, but everybody is glad to see people as well. Nobody cares what side you were on, but everybody is glad to see people as well. Nobody cares what side you were on, but everybody is glad to see people as well.—Nicholasville Jessamine Journal.

We are glad to see that Brother Brown has "surrendered" to the fact that he is going to be defeated for Senator, and will not be a candidate. It would be wasted effort for any person to attempt to defeat Senator Blackburn, and we are glad that Brother Brown has come to this conclusion, and will be a candidate for Governor instead, and we believe that he will be elected. We are glad to see that Brother Brown has come to this conclusion, and will be a candidate for Governor instead, and we believe that he will be elected.—Nicholasville Jessamine Journal.

Returning Reason.

Over a year ago the Farmers' and Mechanics' society, under the auspices of Carl C. Conrad, was incorporated, it is to the effect that it was to conduct a fair at Carlisle, Ky., and to do all things necessary to the successful conduct of the meeting of the order which was to be held at Carlisle, Ky., and to the effect that the public would appreciate the efforts of the society in behalf of the public and would be willing to contribute to the support of the society. The society has been in existence for about two years, and has been doing a good work. The society has been in existence for about two years, and has been doing a good work. Trolley Lines.

[Courier Journal.]

The movement to build trolley railroads in Kentucky appears to be fairly under way. Every one of the projects is a matter of time, and we trust none will be without one or more cooperations of those now contemplated. The arguments for these roads are striking, inasmuch as the prosperity of the past few years and the growth of cities and towns have called for more rapid and economical transportation of both freight and passengers, and the trolley has furnished the cheapest, most rational facilities known for such combined purposes. The remarkable financial success which has attended the trolley lines in Ohio, Indiana and the East indicates similar results to be obtained in Kentucky, in which as many trolley lines have been organized as in all the other Southern States altogether.

The trolley roads have either passed or are now passing the carrying of passengers, through the organization of which we made with the mail in view. In the current number of the Review attention is called to their importance as freight facilitators. The Age properly suggests that the feeling of towns and cities and the delivery of merchandise from the connecting country is too apparently a benefit to the railroads, and that it is not to be used to justify the building of steam roads. The trolley road which connects the villages and towns in the country through the country for many miles of pass precisely the facilities which the trade requires. The Age is of the opinion that if the ambition of the trolley system is utilized to distribute freight from the railroads to the country towns, great advantage will be derived from it. The Courier-Journal is of the opinion that if the ambition of the trolley system is utilized to distribute freight from the railroads to the country towns, great advantage will be derived from it.

General Items.

Mrs. Lyndall J. Gage, wife of the Secretary of the Treasury, died at her residence in Washington on Sunday from heart affection caused by an attack of grip last winter.

The Hon. Edwin P. Ute, formerly Assistant Secretary of State, and Ambassador to Germany under Cleveland's administration, died Friday.

A bill has been introduced in each branch of the Florida Legislature for the purpose of incorporating a company to construct a ship canal across the peninsula of Florida to connect the Atlantic Ocean with the Gulf of Mexico.

Senator Dolliver has received the degree of Doctor of Laws from the University of Pennsylvania. The Indiana Senator says that S. B. Elkins will be graduated in office, who is the successful brand of Judge Lindley, says the Courier-Journal.

The United States Trust Company of New York has been sued by the Commonwealth of Kentucky for $125,000 taxes not county, alleged to be due on the bonds of the Cairo bridge of the Illinois Central Railroad. The trust company is sued as the holder of $2,500,000 of bonds issued as security for mortgages on the bridge, and the backers of the July and January interest payments by the Illinois Central is said to pay the tax. The case raises a new point in the Kentucky courts.

The battleship Maine was launched at the Union Works in San Francisco last Saturday in the presence of President McKinley and many other distinguished guests. The Chief Executive was accompanied by Mrs. McKinley, who was presented with a gold plate by the builders. She smashed the bottle of champagne on the bow of the vessel as she started on her way. The Maine is the eleventh of Mrs. McKinley's Nine Sisters, and the only one launched on the Pacific coast. She carried the great navy down the ways.

THE CITY STORE.

The Man at the Other End.

One thing that has contributed largely to the success and popularity of the old house is the fact that we always look out for the man or person at the other end. If the house gets a bad bargain in something we have to bear it, but if any of our patrons should be deceived in an article they buy here, unless we stand ready to rectify or make it right, it would hurt our reputation, so we request what has been proclaimed in this column before—**Goods bought here must give Satisfaction, any errors in accounts Cheerfully Rectified.**

We endeavor to handle the *better grade of goods*, and all fair minded intelligent people know they cost *something* more, and are worth really more than the cheaper grades. Get our samples and compare them with any of "ours," if they "down" us in quality, quality considered, then you give it to us where Maggie wears her hands.

HEYMANS'

A Big Sensation!

Will be caused by this sale for it is the first time in the history of Carlisle that a sale of this kind has ever been held. It will be an experiment with us, a benefit to all the public.

ON FRIDAY, MAY 31ST

We will hold an hour sale—beginning at 9 a. m. and continuing until 12 o'clock; beginning again at 1 o'clock and continuing until 4 p. m.

We said an hour sale because every hour there will be offered in the various departments throughout the house bargains, at unheard of prices.

These prices hold good for just one hour, and when that hour is up, back they go to our present prices.

The following rules will be observed during this sale:

Each department will be in charge of a salesperson, who will during that hour have the privilege of selling goods at the prices named. When the hour is up the next the hour is up a bell will ring, and no more goods of that special thing will be sold at those prices. No goods will be sold without. During the dinner hour nothing will be sold at advertised hour prices.

No deviations either in prices or quantities from the quotations. We are advertising **ALL DAY.** Come at any hour you can, and you will find bargains. Those sales are a great success in the cities, and all the people who take advantage of them are benefited thereby.
