A Case In Point.

The production of Wallace D. Bates is the first rate pseudo-bay of the Lincoln Park Jockey Club, and another remarkable instance of the prepotency of Hindoo blood in the thoroughbreds of this country. Two years ago Mr. Bates was a maiden, went from Bowling Green to Saratoga and Brighton Beach, and was beaten by A. A. Selmser's Hindoo colt, Imboden's half-brother by the same sire and dam. Last year Mr. Bates was a two-year-old, carried the colors of Mr. Selmser, and was the second effort in the administration stakes of that year. There are hundreds of young men at the Saratoga meeting this year who have not considered such a possibility. Mr. Bates is a bay colt, foaled in 1899, by Imboden—Lucy Young, by Lexington. Industry and young opportunities. Every one of the Hindoo colts has been a winner of the two derbies. Those that have not yet won a big race are the ones who are certainly about to win one.—Spirit of the Times.

A report from Supt. J. C. Gilock, Madison, Fla., dated Dec. 31st, 1900, and ending Dec. 31st, 1901, shows that he has distributed to the state's needy poor for the year 1901 the sum of $1,000.00. Mr. Gilock is a friend of the poor and a friend of the state officers, and such a man is needed.

Went to Jail.

Riley Walker, a farmer, was locked up in jail on Saturday night, as a result of a scrape in the Cumberland Presbyterian church, at Hopkinsville, on Saturday night. Walker, who had been drinking, created a disturbance during the services, and was ejected by the sexton. He then went to the window and began cursing the preacher, when he was struck in the face with a hymn book. Walker was arrested and locked up.

The trouble grew out of a recent quarrel between Walker and Rev. Mr. Dabney, which was amicably settled. Walker had neither membership nor family connection with the church.

Fatal Fall.

Mrs. Mary Hall, aged 70 years, died at her home in Louisville, Saturday, from injuries received by falling down a flight of stairs. She was found unconscious at the foot of the stairs by her daughter, Mrs. Mary Hall Hoffman, who had left her mother sewing in the room above. She had evidently fallen from the top of the stairs. Her skull was fractured and she died without regaining consciousness.

Mrs. Hall was a native of Bardstown, Ky., and was a member of the Methodist church.

An Ancient Conundrum—A five-year-old school girl submitted the following conundrum on "People":

People are composed of girls and boys, men and ladies. Boys are so good till they grow up and get married. Men who don't get married are no good either. Girls are young women who are ladies when they graduate. Women who make after men and my uncle Bob says they are composed of angels and devils. Lord looked disappointed after he had made Adam, and he said to himself: "I'll get first rate Eve's around, see, try again." So he tried again and made Eve; then he was satisfied. Boys are awful bother, they want every thing that is in creation. If I had my way half the boys in the world would be girls and half the girls would be boys, and then and say ye is a rule. A woman is grown up girl with children. My pa is such a nice man that I guess he must have been a girl when he was a little boy. That's all I know about people at the present writing.—Chicago News.

Christian Endeavorers.

The annual convention of the Christian Endeavor Society of the Fourth District of Kentucky, including the counties of Bath, Bourbon, Clark, Harrison, Madison, Nicholas, Montgomery, Nicholas and Powell, will be held in Carlisle, Ky., on October 24th and 25th. This society is now denominational and is doing possibly more toward breaking down sectarianism than any other organization of Christian workers. From the present outlook, there will be from seventy-five to one hundred delegates present, from the different societies in the district, and the members of all denominations will be welcomed and entertained. The opening session of the convention will be held in the Christian church, and the remainder of the three days, together with those of other denominations, will be held in the Presbyterian church. All visitors while in our town. An interesting programme has been arranged and the very best talent in the district will take part in the exercises. A cordial invitation is extended to the public at large to attend the sessions of the convention and the delegates will be amply repaid for his time and trouble. The reunion of the Fourth district of Kentucky and all of our best local singers added to the interest of the occasion. Supper at the church. The singers of the different societies will be present and assist the host in the basement of the Christian church. Everybody invited to attend the reunion and enjoy the fellowship and fellowship that her hospitality and entertainment guest and social welcome.—Richwood Climax.

J. Adams of Prestonville, Mo., writes that for years he was afflicted with a bad complaint and tried many known remedies, but got no relief, until he used Foley's Kidney Cure, and was perfectly cured after taking two bottles.

Wrote Farm Ads. For 3 Years.

Wrote Farm Ads. For 3 Years.

Mr. Jno. F. Thomas has been putting up statistics of the crops in this section for the Agricultural Bureau for three years, and finds that of the years from 1900 to 1901 there will be a decrease of 1,000,000 bushels of corn in this section. The corn-supply is short in every county in the state, and the yield per acre will be about 15 bushels. The 1900 crop was 25 bushels per acre, and the 1901 crop will be about 10 bushels per acre. Mr. Thomas has been glad to sell all he could a year ago, but now he is glad to get it back. Mr. Thomas is a farmer, of course, without the fact of his appointment as statistician for the United States a year in 1900.—Louisville Post.

Blood.

We offer to cure our blood, and on

We thrive or starve, as our blood is rich or poor.

There is nothing else to live on or by.

When strength is full and spirits high, we are being refreshed, love muscle and brain, to body and mind, with nutritious flow of rich blood.

This is health.

When weak, in low spirits, no choice, no spring, when rest is not rest and sleep is not sleep, we are starved, our blood is poor, there is little nutriment in it.

Back of the blood, is food. It keeps the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child.
