THURSDAY, FEB. 13, ---------- 1902

Editorial Correspondence.

FRANKFORT, KY., Feb. 9th, 1902.

Dear Mercury:

The Democratic members of Kentucky have been in session over half of its allotted sixty days and only one bill has reached the Governor—that one being the Louisville Firemen's Pension bill, which he promptly signed, as he had promised to do before leaving Frankfort.

The bill prohibiting the use of Parliamentary rules in the Senate, which passed the Senate so easy has struck a snag in the House, and the fight promises to be a hot one. Opposition has developed in the growing districts that has frightened the regular members out of their wits. Of course every body knows I have no interest in the matter, but my candid opinion is that the poisoning of the streams by clearing lobsters sprayed by Farm Green in the Senate, is responsible for the bill being read a little longer than usual. My candid opinion is that the Tobacco Trust is more ambitious to control the corn than they are to stop the poisoning of people, and it is a well known fact that the Trust is making more inference in this bill than anyone else.

The State Capital building bill is a special order for the 18th, and is likely to have rough sailing. Some Democrats oppose it because they say the Republicans may some day get to occupying it, and some Republicans because they say the Democrats will be in it so by and by, and so they can steal the offices. And so Old Kentucky is likely to go on paying rent for a place for the transaction of her great business. One thing might help it and that the capital is not improved: A law might be passed making it a felony for any body knows that the Republicans would make them Republican if they were in power, just as Senator Hanna has written to the Ohio Legislature, and that the Democrats are not likely to neglect their opportunity in Kentucky. The proposition to add Grant county to the 9th district has raised a howl in that county, and no one blames them for kicking, but probably the Democrats will be petty and they are likely to have to swallow the pill like they have all the others. Another often grows with the feeding and I had not say I would not bring them against their will.

The Legislative district committee of Nelson holds Home and Senate will not be changed greatly.

The Judicial districts are troublesome ones, and are giving great anxiety to aspirants for Judgeships might results. The Democratic district will probably be moved new districts must be created and offices changed in order to make business in sore and to give the Judges something to do or others. The Home Committee agreed the other night to put Nicholas in the Second with Bourbon, Senator Beckner in the Harrison district with Scott, Senator Bosley in the Franklin district with Anderson, and to make a district out of Mason, Fleming and Nicholas. But this is not certain, for some the Senate Committee had not met with the House Committee and so nothing definite had been done. So we we had all our worry about nothing.

O. B. K.

It is learned from reliable sources that another candidate for the Kentucky gubernatorial office will be in the field within a few days. He is Hon. L. Nunnelee, of Lancaster.

Hon. T. Y. Cravens was here last Saturday from Frankfort mixing with his constituents. He says the fate of many of the proposed changes in this Judicial District will be settled next week, and what one people thought about it.

In the Miss Slots matter, it is said that the Congressional Committee has voted to award the seat to Mr. Slots by a close margin. The committee considers that Miss Senator received 19,035, while Hon. received 18,610 votes entitled to vote. It should be noted that Mr. Slots received 19,017 for Miss. while he received but

A session from Frankfort, Ky., Feb. 11th, says: Governor Beckham has appointed John H. Carr, Democrat, county attorney for the statement of Scott county. Carr will be a candidate to succeed Judge Bateman, Republican, on the Appellate bench from this district. Judge Bateman succeeded Judge W. B. Price, of Owen county, and he, too, is running for end.

Farmers on a number of premises will be delayed this evening by reason of the failure of Fourth-class Postmaster Johnson to get his mail. It is said that the boy in charge was authorized to deliver the mail to the farmers who were waiting for possession, but in each instance they went state in the jamb their official signature on Postmaster's card of Fourth class. Many of them have failed to do this and will be compelled to wait to be notarized. In no case is the endorsement of Postmaster Johnson to the acting deputy allowed to execute passion vouchers.—Maysville Ledger.

A summary of the Political facts—public in Central Iowa and in the other day that no man produces on his farm one half will another a better landed estate than Angus stear for each four acres of his farm. This finished after a fashion in the past with another about two wheels gives him an interest of 50 cents per acre his land. It should be said that the use of the farm for this purpose handicaps the soil so to a most productive condition.

Mass Meeting.

At a mass meeting of the citizens and voters of Nicholas county at the Court House in Carlisle, Kentucky, on Monday, February 10th, 1902, to express the sense and wishes of the citizens of said county in regard to the proposed change to be made by the Legislature in the Judicial Districts in taking Nicholas county out of the 10th Judicial District as now composed and placing it in another district with Pendleton, Bracken and Gresham, and also to have an expression of the voters of said county in regard to the proposed bill before the Legislature to prohibit the use of Farm Greens on tobacco.

John N. H. McKee called the house to order, stating the object of the meeting. On motion made and seconded Judge N. H. McKee was unanimously elected Chairman and Leslie S. Hughes, Secretary.

Thompson James L. Donnell present and to the meeting the following resolutions were

Resolved, That the present Legislature of Kentucky now in session is about to transfer Nicholas county from the 10th Judicial District as now composed and place it in another. See 2

Resolved, That the Democratic members of Nicholas county, Ky., protest against our being severed from the present 10th Judicial District and its Democratic majority, transferring the county to a District, and respectfully and earnestly request the Legislature of Kentucky and Democratic to use every reasonable effort to keep Nicholas county in the Democratic column. Be it further

Resolved, That a copy of these resolutions be sent respectively to our Senator and Representative.

On motion the above resolutions were adopted by the meeting.

Thereupon J. H. Minnear offered the following motion as an amendment to the resolutions heretofore adopted: That the Chair appoint a committee of six to Frankfort and present these resolutions to the Legislature and that the committee be instructed to use every means of the people of Nicholas county to defeat the bill in question, seconded and carried.

The motion was addressed by Col. John F. Morgan, Hon. John I. Williams, Hon. J. H. Minnear and others in favor of the adoption of said resolutions.

The Chair appointed the following committee to go to Frankfort and present the resolutions to the Legislature: Amendment heretofore adopted. H. C. Hale, Jr., Dr. Spencer Morgan, C. W. Brady, Jas. H. Mimpse, Solomon Hurst, Jas. H. C. Kinkead, Jr., Hon. James L. Donnell, John J. Bowles, John Donnell, Dr. Bruce Cole Collier and any others of the citizens who may.

Then J. H. Minnear offered the following motion: That it is the sense of this meeting that we oppose the passage of the Anti-Trust bill now before the Legislature, and that we request Senator Paris Green on tobacco." The above motion was duly seconded and adopted by the meeting.

There being no further business before the meeting, on motion made and seconded, the meeting adjourned.

Rape Fiend Lynched.

Miss Fanny Powell a 18 year-old school girl, daughter of Wm. Powell, living 3 miles north of Nicholasville, was brutally assaulted by Tom Brown, a 19 year old negro, about 9 o'clock Wednesday morning.

Miss Powell attends the Jessamine Female Institute in Nicholasville, and makes the trip in a carriage with a negro girl. Yesterday they were late in leaving for their home, and when they arrived at the Brown place Miss Powell alighted from the carriage to assist the negro girl, who is crippled. Brown was upon her, and when about midway in the tracks residence he had thrown in a place heavily grown with shrubbery and assaulted the young lady. Miss Powell is in a critical condition.

Ed Wingfield, a negro, was taken from the officers and lodged in the county jail. Brown is still at large. He was identified by his victim.
