BANNER SALVE

For Kehoe This Trip.

Wednesday's Inquirer: Judge S. S. Savage, the big firebrick manufacturer, of Ashland, Ky., was at the Grand last night, en route to Birmingham, Ala., to take up his option on one of the two largest firebrick manufactories in the South.

"The freight on brick from our section to our southern market is $10 to $12 per 1,000," said Judge Savage, "and we want to establish a base in the heart of that market and save the high freight rates. We can get coal delivered to us at $2 a ton. Speaking of coal, I received a letter to-day from a cousin in Philadelphia asking me to rush him a carload of Kentucky coal, as they are freezing there, and coal selling at $30 a ton. Yes, Kehoe, the Democratic candidate for Congress in our district, will be re-elected sure. I voted for McKinley in 1896 and 1900, but I am going to vote for Kehoe this trip. I am one of the commissioners from our State to the St. Louis World's Fair and was over at the allotment of sites for State buildings last week, and we have one of the best sites on the grounds. Our State Legislature failed to make an appropriation for the fair last session but the corporations of the State have guaranteed us a large sum for our exhibit and building."

For Over Sixty Years.

The death of the Queen of Belgium, Marie Henriette, has brought to light many incidents which serve to impress the genuine nobility of this unhappy woman. She has long been known as "The Queen of Sorrows," a title well earned by the many severe trials through which she has passed.

At World's Fair

The building will be constructed exclusively of Kentucky minerals and products, and a prize will be offered for the best design.

An Editor's Appeal.

Bring us taters, sweet or Irish; bring us chickens, young or old; bring us eggs, or pork, or sorghum; bring us silver, or bring us gold, bring us copper, bring us greenbacks, bring us fodder, corn, or hay; bring us fruit of all descriptions, bring us corn meal any day. Bring us beans, or oats, or pumpkins, bring us butter, lard, or flour; or anything that's good to stay our hunger e'en an hour. For the larder's getting empty, and the cash is running low; and our paper bills must soon be met, for the paper's got to go. Our store bills must be settled, and the kids must go to school; and our trousers seem more threadbare, as the weather gins to cool. So bring us anything you have to eat, or trade, or help to put us square. We need your kind assistance, to help to pull us through, until the railroad 'gins to build, for till then we feel quite blue. The times are dull, and we are short, and need a little raise; so come to our assistance and you'll receive the praise; So pay for advertising, subscriptions, and the like; and keep the enterprise from want, and going on a strike. We'll raise our voice and howl for you and sing your praises long, if you'll only rustle in the grub and bring it good and strong.—[Dodd City (Ark.) Appeal.

The Worst Form

Multitudes are singing the praises of Kodol, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: For a number of years I was troubled with indigestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodol and after using four bottles I am entirely cured. I heartily recommend Kodol to all sufferers from indigestion and dyspepsia. Take a dose after meals. It digests what you eat. S. P. Baird.

A New Life In Peril

Charlie Nelson Finding Things.

Hon. Chas. A. Nelson, of Hardin county, who has charge of the excavations in connection with the State work now in progress at Eddyville, has unearthed some exceedingly handsome and valuable archaeological specimens. It appears that the course of the state's work has led into an old burying-ground with results that are full of interest to lovers of the red men's lore. Some elegant specimens of Indian pottery and weapons were brought to light and several skeletons remarkable for their immense size, were taken out in a remarkable state of preservation. One jawbone so large that is fitted easily around the lower jaw of the largest man was found. The most valuable relic of all, however, was limestone plate about the size and shape of a large saucer, smoothly polished as to surface and ornamented with the chiseled likeness of either an Indian chief or medicine-man in full costume. Underneath this figure are several hieroglyphics, said to be of Chinese characters. It is said that there are but two specimens of similar characteristics in existence, and that these go far towards settling the issue as to whether or not the Indian was of Asiatic origin. This relic was unearthed twelve feet under ground.

Only the outskirts of the Indian grave-yard have as yet been invaded, and many rich finds may yet be looked for.—[Glasgow Times.

Beautiful Complexions

Are spoiled by using any kind of preparation that fills the pores of the skin. The best way to secure a clear complexion, free from sallowness, pimples, blotches, etc., is to keep the liver in good order. An occasional dose of Herbine will cleanse the bowels, regulate the liver, and so establish a clear, healthy complexion. 50c at Tureman & Son.

Some thirty years ago the Cincinnati Gas Company purchased 100,000 bushels of coal from Captain Val P. Collins, and not needing it at the time it was stored in a pit adjoining the works and the matter forgotten. In making room for an additional retort, the coal was discovered one day this week, and ...

Mr. Bryan Will Not Take The Presidency.

The news has it first hands from one of the most prominent politicians in Kentucky, who talked to Mr. Bryan when he was in the State two weeks ago, that he is in no sense a candidate for President. Mr. Bryan went so far as to say that he would not have the nomination if tendered him, even if he felt confident that he could be elected President. He said "I have no desire to be President unless I can see enacted certain reforms which I know would be of great advantage to the masses and the next President of the United States could not be able to do this. To be President simply for the office has always been foreign to my ambition." This statement was probably not given to this politician for publication, but as he bound us to no secrecy, we publish it. It simply shows what a patriot W. J. Bryan is. There is none like him in this country, nor a greater since George Washington.—[Elizabethtown News.

The Blackburn residence, on Rose Hill, near Versailles, for many years the home of Senator Jo. C. S. Blackburn, was sold last week by Miss Corinne ...

S. FRANKMANN, MERCHANT TAILOR.

The Miner's Prayer.

O, Mighty Morgan, who sitteth in the councils of the rich and holdeth on to thy pursestrings, Damned be thy name. Thy Kingdom come, thy will be done in the United states as it is in Washington—Nit! Give us this day to satisfy our demands, that we may put bread into the mouths of our starving wives and children, and lead us not into the depths of despair, lest evil days befall thee and thy vast wealth taketh wings and fly hence. O, Mighty Mammonite, who hath reaped the harvests of our labors and fattened upon the sweat of our brows for lo! these many years, hear us, we pray thee, that thy yoke, which is galling, and thy burden, which is as millstones about our necks, be lifted; and take heed, O Great It, lest those whom thou persecutest fall upon thee like unto several thousands of bricks and leaveth not enough of thee to grease a gimlet. Amen.—Ex.

Does not Dare.

There is a demand for tariff readjustment north, south, east and west. The people think that the increased cost of living is due largely to high tariffs, which shelter the trusts, and they will not be denied. Yet the Republicans dares not undertake the task of revision. Therefore, the best brain in the party has said, "keep on letting well enough alone."—Memphis News.

Proceedings will be instituted shortly before the State Board of Valuation to collect a franchise tax from the city of Cincinnati as owner of the Cincinnati Southern Railroad. An effort will also be made by the Auditor to assess the railroads of the state for franchise taxation for the years 1893, '94, '95.

The banks of the New York Clearing-house Association have not taken advantage of Secretary Shaw's offer to release the reserve funds held against Government deposits. The weekly reports shows a deficit of $1,417,425 in the legal requirement of a reserve, in spite of a decrease of $1,875,100 in loans.

Detectives Saturday, over the protest of the officials of the Medical College of Indiana, at Indianapolis, made a search of that institution for alleged stolen bodies, and ten bodies were found buried in the cellar. The officials of the college insist that these were the remains of bodies dissected at the last session of the institution.

The old France farm, about four miles from Lexington, on the old Frankfort pike, was sold to C. C. Patrick. The tract contains about 600 acres of fine farm land. The price was $77,000.
