WEEDS

Consumption is a human weed flourishing best in weak lungs. Like other weeds it's easily destroyed while young; when old, sometimes impossible.

Strengthen the lungs as you would weak land and the weeds will disappear.

The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't.

Don't wait until you can't disown yourself any longer. Begin with the first thought. Try Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Scott's Emulsion fresh air, and all you can eat, all you can, that's the treatment and that's the best treatment.

We will send you a bottle of the Emulsion if you will send us this paper.

I Coughed

"I had a most stubborn cough for years, which kept me out of sleep and I grew very thin. I took Ayer's Cherry Pectoral, and was entirely cured."

Mrs. Mary Hill Mills, Tenn.

Sixty years of cures and such testimony as the above have taught us what Ayer's Cherry Pectoral will do.

We know it's the greatest cough remedy ever made. And you will say so, too, after you try it. There's cure in every drop.
