Diamonds in Elliott County.

J. H. Finnaty, of our Sandy Hook, Elliott county, correspondent of the Lexington Leader reports last week.

"We are taking more interest in industrial development than we are in politics just now. You know either we are destined up in our county, and as to oppose conquest of Dakota capital or have begun operations there with great hopes of success. They have also found valuable diamonds on their lands. Several of these diamonds were sent to an expert assayer in New York and his report upon them, which I read myself, pronounces them genuine articles. This is perhaps the only diamond field in Kentucky.

Our John Tom, who farms in another county, has a fine lot of cattle, he has erected a monument to himself in a local cemetery and thereby has in some instances way roused the indignation of his children, perhaps because he is still a hale and hearty citizen. A mob partially demolished the monument, which is of white marble 30 feet above ground. The colored citizen $100 reward for information regarding the guilty parties, whereupon the citizens turned him in effigy, and now he offers $1,000 to anyone who will tell who attended the bonfire.

Panama as Large as Indiana.

Persons who imagine that Panama will be territorially the smallest republic in the world are mistaken. South American States are large and cholera is not one of them. Colombia, consisting of nine states, had an area of 511,000 square miles, nearly fifteen times the area of Indiana. Panama contains 32,382 square miles and is nearly as large as Indiana and more than twice as large as Switzerland.

FIFTH TOBACCO FAIR.

The fifth annual tobacco and corn fair will be held in Carlisle on Feb. 9th, 10th, 11th and 12th, 1904. Premiums on tobacco over on all grades. Exhibitors will get their premiums in cash. All entries must be in the hands of the secretary by the 5th of January, 1904. Premium lists will be ready by that time. Write for one. Mrs. Winston, is visiting Judge Holman, and a report before the season on "Recollections of the Civil War." At the conclusion of her paper, Mrs. Mulligan moved that the chapter indorse the resolutions passed by the Texas chapter of the Daughters of the Confederacy as being the sense and feeling of the Lexington body.

Mrs. A. K. Hunter moved that the local Chapter and Mrs. Lucy B. Holman support the measure, but it was voted down by only three members. The resolution passed by the body as follows:

"Resolved, That a copy of these resolutions be sent to the Texas Chapter and to the Secretary of the Confederacy."

Mrs. Winston, in stating the objects of the meeting, said that it did not want to be put on record as endorsing any of the acts of Mrs. Rosalie Fall. Mrs. Harrison said that she did not think the Lexington chapter or the Lexington chapter warranted any such action. Mrs. Mulligan replied to the arguments of the dissenters and recommended the adoption of the resolutions.

Mrs. A. K. Hunter moved that the resolutions be laid on the table. Mrs. Mulligan moved that the motion be brought up immediately. The resolution passed by the body as follows:

"Resolved, That the Lexington chapter warranted any such action. Mrs. Mulligan replied to the arguments of the dissenters and recommended the adoption of the resolutions.

Mrs. A. K. Hunter moved that the resolutions be laid on the table. Mrs. Mulligan moved that the motion be brought up immediately. The resolution passed by the body as follows:

"Resolved, That we extend to the President of the United States and to the Daughters of the Confederacy in Texas our sympathy in the action of the Government of the United States in the matter of the Panama Canal, by which the Government has been involved unnecessarily in the war between Panama and Colombia.

"Resolved, Further, That a copy of these resolutions be sent to the President by the corresponding secretary of the Lexington Chapter of the Daughters of the Confederacy."

Climatic Cures.

The influence of climate conditions in the cure of consumption is very much overdrawn. The poor patient, with a rich patient, too, can do much better at home than in a sanitarium. Fresh air and a regular out of doors treatment, and a regular use of Boschee's German Syrup, will cure consumption in the first stages. I made certain by Dewey & Son, Druggists, Carlisle, Pa. It is a good night's rest and the beginning of a permanent cure. Don't be discouraging night sweat. Boschee's German Syrup will stop them. Dewey & Son, Druggists, Carlisle, Pa. Consumption can be prevented if taken in time. Sold in one day cases by all druggists. Should you be troubled with a cough, you should use it regularly. Should you not be troubled with consumption, but have a cough, you should use it regularly. Should you have a cough, you should use it regularly. Should you have a cough, you should use it regularly.
