What Pleases Men and Women.

Marriage is often a failure because men and women do not understand each other. Here are some things which please a man:

To be called a little sensible woman; to be complimented on being a well housekeeper.

To be told that she is fascinating.

To be told that she improves a man by her companionship.

To depend on some one and protect that she is ruling him.

To be trusted sensibly and honestly and not be treated as a butterfly, with no head nor heart.

To be loved and admired by a man who is strong enough to rule and command her, and make his way her way—to lead and take care of her.

To find happiness in being ruled by an intellect that can look up to and worship.

A man is pleased—

To have a woman love him. To have her show it openly and with affection. To like pets of an ardent nature.

To have a woman's hand smooth over his nervous, overworked brain and weather-beaten face.

To have a woman sympathetic to him; over the weak places in life.

To have a woman who is true in the way he ought to go.

In his biography of Alexandre Dumas Harry A. Spurr says that the impecunious French author, who hated system, was once asked if he lost for a while at a gaming table, when he was asked to give a tip of 20 centimes (10 cents) the servant who handed out his gaming Dumas, gallant to the last, threw down a ten franc note. "Further, sir, you have made a mistake, I think," said the servant, as he picked up the note. "No, friend," answered Dumas, and as a dedicated gambler he was entitled to the mistake.

IRISH EXILES AS AUTHORS.

Many of Them Have Made Good Use of Their Forms of Exile.

Of the three governments of Irish political offenders sent to Australia by the government of Great Britain between 1848 and 1867 the most famous member was John Mitchel, editor of the United Irishman newspaper. Mitchel was sentenced to fourteen years' transportation for treason-felony, but escaped from Bermuda and made his way to the United States, where he became a naturalized citizen. He was a member of the state of Missouri, wrote a history of the Confederate war and died in Virginia in 1875.

Of the Fenian prisoners transported to western Australia in the '60's John Boyle O'Reilly became the most famous. Boston Pilot and a poetical contributor to the magazines of the United States. He wrote a number of books, and was a popular lecturer and contributor to the magazines. He was drowned in Boston harbor in 1890, after having made himself prominent in the city of his adoption by discovering a great many cases of fraud in the management of the public institutions.

Some People Can't Eat Bread

Bread is reputed to be the "staff of life," yet there are some people who never eat bread. We allude to this because of a curious paralysis of the stomach. Bread in some does not quite overwhelm, we can't expect one medicine, even Vinol, to cure everybody.

But we recommend Vinol and will guarantee a cure of money back if it does not benefit the part.

Though we can't expect all to be cured, yet, strange to say, out of every one hundred bottles sold, we have only one report of unsatisfactory. In other words, ninety-nine cases out of every hundred found Vinol of value—many of them of great value.

We want to say that if you are troubled with weak, thin blood, with loss of appetite, poor digestion, weight, and want to build you up, Vinol will help you. At any rate, it will cost nothing to try it.

You can have your money back if you say it doesn't help you. Vinol has a pleasant taste, and is recommended by physicians as a safe and unusually effective body builder and general tonic.

Our Vinol, for constipation, is Vinol's companion remedy, sold on the same guarantee.

Looking Up The Matter.

Attie years and he is looking into the matter of the City Inspector. Having recently to pay taxes on the second house, clerk's office, jail and other public buildings, he is looking into the matter and wants the property re-valued by the city tax department, and if the property is not re-valued by the city he proposes to have on hand the test of Jurisdiction. He says he pays taxes to the county to pay to the city for taxes and is not in favor of paying taxes twice over. As a matter of fact, and of right, he is right, and if he can get his case on hand he will be the first man to be relieved for the purposes of city government.

Gripping of Willows Profitable.

One of the nicest little side issues possible for a farmer who has a small stream running through his place is willow growing. There is a demand for anything, inasmuch demand for basket willows, and a large and profitable one. Prices to the basket maker are high, and for this reason the supply is not equal to the demand. Such is the case today in a number of the states. Ohio is the leading state in the production of basket willows, while Indiana is generally considered the best market. A number of Tennessee farmers have found it profitable to grow willows.

I am now well and strong, and ordinarily remarked my complaint. I recommend Hood's Sarsaparilla to my friends, and they are doing so with the same results, when Burdock is prescribed, as I have always." Mrs. A. Hoffer, Tuscola, Ill.
