JAMES C. DEDMAN

Dr. H. C. Smith has resigned as Chairman of the Harrison County Democratic Committee, which office he has filled since 1895.

Gen. Cassius M. Clay the sage of White Hall, consented to have physicians come and administer to his wants, and also requested that they send him a trained nurse upon their return to Lexington yesterday. He is now over ninety three years of age.

Democrats should not forget the Primary election on the 18th inst., at which time candidates for Representative and Circuit Clerk will be chosen. Go out and vote for the man of your choice and leave no ground for complaining. The Democratic party in Nicholas was never in better shape than it is now, and there ought to be nothing done to cause trouble. Every Democratic vote in Kentucky will be needed this Fall and we want to see Nicholas furnish her portion of the Democratic majority.

It takes money to run a newspaper. We have just received receipts from our Post office for quarter ending June 30th, showing that for said quarter we have mailed to parties living outside of Nicholas county 600 pounds of the MERCURY for which Uncle Sam charges us $6 00, of course we have mailed several times as many pounds to subscribers living within our own county and for which we pay nothing at all, a concession granted to all newspapers which are given the second class privilege of the mails, which privilege is or should be greatly appreciated by all reputable news papers. This privilege is given "to encourage the dissemination of information" and the MERCURY endeavors to show its appreciation by giving its patrons a clean up-to-date newspaper full of information on the topics of the day; won't some of our delinquent subscribers kindly come in and help us pay the postage?

Sustaining the Governor.

The Elizabethtown News one of the most carefully edited county papers in the state says:—Gov. Beckham's statement in regard to Breathitt county should silence his critics. He shows that he has done everything in his power as Governor to secure the enforcement of the law and to bring the criminals to justice. He also shows that most of the criticisms directed at him was that he did not do certain things, which he had no authority under the constitution to do. It was especially urged by many of his critics that he should declare martial law in Breathitt. The Governor plainly shows that he had no right to do this and that martial law can only be declared by an act of the Legislature. The statement would have been even stronger had his language not evinced a warlike and spiteful frame of mind.

On the Brink.

At Rome, Pope Leo XIII is slowly sinking, yet clinging tenaciously to life. The last sacraments of the church were administered Sunday, and all preparation made for the end which is not far off. The Pope is being kept alive only by strong stimulants. Tuesday he was operated upon and stood the operation heroically.

Associated Press Rome, July 8th, 6.45 a. m. says: The Pope was waking but did not speak. He was somewhat irritable and it seemed the blanket and other bedclothes were too heavy, and he kicked them off. The doctors consider that altogether His Holiness had a rather peaceful night. All is tranquil at the Vatican this morning. Dr. Lapponi at six o'clock had gone to sleep.

Thanks for Both.

The Louisville Times had a "Thanks" Monday of John W. Powling, the efficient Town Clerk of Carlisle, who has made a fine record in office and is blessed with the possession of a host of friends. Mr. Powling is also foreman of the Carlisle MERCURY, one of the best local papers in Kentucky.—[Sharpsburg World.

The roll of the dead was then read and referred to a committee consisting of Andrew Coons, John Stamper and C. S. Templeman. After which the choir rendered an appropriate song, entitled "My Jesus I Love Thee." Mr. C. S. Templeman then gave a short talk on the times past and future.

The male quartette rendered a selection entitled, "Guard Us and Keep Us."

The chair appointed the following committees:

On Resolutions, H. B. Bryson, W. H. Waugh and Jas. Scobee.

On Nominations J. B. Sanford, S. H. Dalzell and M. A. Glenn.

After a song by the choir the meeting was adjourned for dinner.

AFTERNOON SESSION.

The Society was called to order at 1 o'clock, and was opened by prayer, by Dr. Scudder, after a song by the choir. The quartette at this point rendered an old time corn song, entitled "Hail Jerusalem Hail."

Upon the call by the chair for report of the committees, the Committee upon the dead reported as follows:

WHEREAS, since the last meeting of this Society, our Heavenly Father has called to eternal rest our friends:

May the God, whom they served be with us, and may the recollection of their virtues encourage us in life and console us in death.

ANDREW COONS,
Com. JOHN STAMPER,
C. S. TEMPLEMAN

The Committee on Nominations made the following report. Before making the report the Chairman of the Committee J. B. Sanford prefaced same by saying, that it being the wish and earnest desire of the present officers, that new officers be elected for ensuing year, therefore the committee makes the following report: Your Committee respectfully reports the following names for officers for ensuing year.

For President, W. P. Ramey.
For Secretary, L. T. Potts.
For Chaplain, Dr. H. Scudder.

J. B. Sanford
Com. M. A. Glenn
S. H. Dalzell

At this point Dr. H. M. Scudder made a motion which was duly seconded and carried that the thanks of this society be tendered to the retiring officers G. R. Keller, President, and I. B. Ross, Secretary, for their untiring and successful efforts for the past years in their respective offices of this Society in conducting the meeting of same, and making them a pleasure and delight for their older friends.

The committee on resolutions made the following report:

RESOLUTIONS.

Resolved, that this society tender its profound thanks to the ladies and gentlemen of the Choir for their kindness in volunteering their services on this occasion and for the very excellent and appropriate selections rendered by them which have added so much to the pleasure of this meeting.

That the thanks of this Society are due and are hereby tendered to Mr. J. K. Bowen the very efficient and accommodating Jailer of this County (and also custodian of the Court-house) for the use of this building for this meeting; and also to Mr. J. P. Mann for his kindness and courtesy in providing for the comfort of the members in so many ways.

That we desire to express our sorrow at the absence of several of our older members who are prevented by illness from being present with us to-day, and we tender to them our sympathy and our love and pray that their suffering may be of short duration and that the absent to-day, we may soon have them again with us in health. We note the absence of Mr. B. F. Adair, Mr. I. N. West, and Mr. John B. Durham, and to each of them, and all others similarly detained we offer our heart felt sympathy. That we view with pride and pleasure the constantly increasing improvements and advancements of the times; improvements not only in mechanical inventions, electricity, lett ers and the arts of all and every kinds, but, improvements in the Social Status, and the Moral Law by which our people are made better and happier and more properly fitted for that great re-union of Old Settlers which to many of us cannot be far away.

W. H. Waugh
Committee James Scobee
H. B. Bryson, Chrm.

The reports having been duly read were adopted by the Society and ordered spread upon the record of the Society. Misses Maude Dacres and Bettie Shaw then rendered a duet, appropriate and pleasing.

The next half hour was pleasantly spent in hearing short talks from J. B. Locke, C. H. Peterson, Rev. F. M. Hill and Dr. Scudder—I. B. Ross sang a solo entitled "The Old School House by the Brook," this song was suggestive of the olden times, and was more pleasing from the fact that it was composed by an old Nicholas county boy Ed. Fogg, and written of an old school house in this county. The choir, after the chair had announced the hour for closing, sang in an impressive manner "God be with you till we meet Again."

The Meeting was then adjourned with benediction by Dr. Scudder.

FOUND DEAD.—Mrs. Sallie Holladay, widow of the late John B. Holladay, was found dead in her bed at her home in Paris Tuesday morning. She had only been ill a few days, and her death was quite a surprise to her family and friends. Maj. John B. Holladay, her husband at one time represented Nicholas in the General Assembly, and was twice Sheriff of Bourbon.

SATURDAY evening about 6 o'clock lightning struck a tree in Mr. Abdiest's yard, near Millersburg. His daughter was some distance from the tree gathering up some washed clothes, but the current was so strong it struck her above the left eye, running down the left side as far as the waist and then crossing to the right side it went up her back. She was unconscious for several hours; is most dreadfully burned and suffered from it. The nervous shock was great to her system, but being a strong and healthy girl she will recover. Her hair was singed and on the left eye the lashes were burned.

Misplaced.

The ladies who served the banquet for the Masons at the court house on July 2nd, were unfortunate in misplacing several valuable pieces of china, glass and table linen that were loaned for the occasion. Also several Colonial tea-spoons, unmarked, are missing.

The committee in charge of the supper will feel under many obligations if all those who so kindly assisted in serving during the evening, will look over the things they loaned, to see if any of the missing articles are among them. If so please return them to Mrs. Brooks, Millinery store and receive the thanks of the ladies.

The owner of an apron and a pair of gloves, left at the court house can get the same by calling for them at Mrs. Brooks. There are also some plates and other unclaimed articles at the basement of the Christian church which are not included in the list given above.

The International Christian Endeavor Convention will meet in Denver today (Thursday) to continue in session for four days. Preparations are being made to entertain 25,000 visitors.

I can positively save you money on either granite or marble monuments.

CITY COUNCIL.

All the members present at the regular meeting Monday night.

Report of Clerk on sale of Telephone Franchise to the Nicholas County Home at $60 was conferred after considerable discussion as to whether it would or would not be a hardship on the citizens of Carlisle to have to use two phones. The vote came up 3 and 3 to the Mayor and he voted to confirm the sale.

Sidewalk Committee reported everything moving along very well—only a few holding back when ordered.

The following ordinance was read at first turn and laid over until the next regular meeting for final passage. Who ever violates this ordinance shall be fined not less than $10, nor more than $50 for each offense, and the third conviction shall carry with it a forfeiture of the license."

The Council directed the committee to close contract for 15 fire extinguishers at $6.00 each and set of fire ladders at $140 if same could be delivered here free on board cars.

The service promises to be instructive and interesting.
