The grand reunion of Elks which is scheduled for Baltimore, July 21-23, will beyond a doubt, surpass all former conventions of this Order in point of attendance.

The Baltimore lodge is preparing to outdo itself in the entertainment of visiting Elks from Kentucky, Indiana, and the western States.

The Interstate and Territorial Association of Elks, which includes the lodges from Missouri, Kansas, Oklahoma and Indian Territories, has arranged for a special train for this occasion, which from the point of elegance will be the finest train that ever passed through the State of Kentucky. BURIAL ASSOCIATION.

It has been some time since we have written anything for the public in regard to this organization which has proven so efficient and has been so helpful to many of the good people of our county during the past two and one-half years. The very small expense that it has incurred to its membership and the great amount of good it has done in the way of providing for its deceased members has made it substantial and popular as a county organization, and we feel that its success for the future is assured.

During the first six months of this year, ending July 1st, the cost to each member has only been five cents per month, and its membership has been increased until we have a splendid organization of prompt paying members who assure us that they would not be without this protection for their families for any reasonable consideration.

The association is stronger and better than it has ever been since its organization.

Marriage a Serious Thing.

Efforts to impress upon the minds of young people that marriage is a serious matter are not always successful. Louisana, however, has taken an advanced step in that direction. Her Legislature at its last session passed an act punishing by imprisonment at hard labor those husbands who desert their wives or fail to support them. The act was thought to be unconstitutional, but the Supreme Court has decided that it is valid. So before getting married, the young men of Lousiana will have to count the cost and figure on their chance of keeping out of the penitentiary.
