E. K. HART.

Dr. Callihan and William Rossner have been nominated for the office of sheriff and jailer of Breathitt county by the Democratic party.

We have heard of the ball man from bitter creek who declared himself to be a bad slugger, but Carlisle is the first city in the world which possesses the eccentricity of half sobber and half judge—and both before the sereen.

In United States Senator Deboe was in Carlisle last Saturday night senators Blackburn and Deboe were in Carlisle. That was the night of the ball game Monday. The ex-senator has been in Carlisle a number of times since he left the senate, but that night was the first time to Mr. Blackburn since he left the senate. Mr. Deboe has been engaged a great deal of late in looking after his law business in Carlisle, and will be here a good deal of the time between now and the first Monday in November.

The various old soldiers that rode the Carlisle Democrat last number of his list last week and pooped the editor of the Mercury with both barrels are one of them belongs to the soldier and the other to the County Judge. Our honored neighbor ought to be careful about hibernating his arms collection for some day when he is dreading himself into one of them and he will be sure to get one of the guns with a bullet in it trying to play Judge Lynch.

Extra Session.

The President has issued a proclamation calling the Fifty-eighth Congress in extraordinary session on December 2nd at 12 o'clock.

The proclamation states that the purpose of the session is the consideration of commercial agreements between the United States and Cuba, as provided by the act approved July 24, 1901.

H. A. Swearingen of the Elkton Kentucky News, has in press a book entitled "In Three Centuries," which he hopes to have it out by the first of December. The book which is to be included four about last year, visiting Europe, there and writing about the most interesting letters to his paper. The book will be profusely illustrated and is to reproduce these in book form. He is now in the city soliciting orders for the book, and we have had a look with it and it is a most readable manner. We are sure the subscription solicitation to sell who buy his book.

Corwin Chase Campbell has entered the Senatorial race for the 38th district, certifying the names of the State Central committee of the party and the officers to be filled at the November election. Mr. Campbell is a native of Jackson, Breathitt and Lower Breathitt counties, and is a lawyer of ability and has been for several years a member of the bar who are in Carlisle to look after the interests of their clients.

The ballot will form a large sheet and print a separate ballot for each party for a voter who don't want to split his ticket.

THE DEMOCRATIC RALLY.

Notwithstanding the rally and barbecue that was to have been held at the Carlisle blue Lick Democracy in the county seat on Saturday, the 19th inst., the town was filled with people—more so many as could be accommodated in the capacious Court House and the crowds ing was full of enthusiasm. The Democratic party of Nicholas county is in splendid shape, and will roll up a majority that will make the Republicans sit up and take notice.

We have some fellow and lady, who have been in the habit of coming to town that are in favor of school attendance, and we are glad to say that the number of these is increasing. Letter heads of school books is better especially for the boys. Let the boys and girls of Nicholas county, and the parents of them follow the same old beaten path that their forefathers have constructed in the. Shall we help them to do so? Shall we help them to do so? Shall we help them to do so?
