**How Old You Feel**  
Depends on the quality of  
your blood. If it is  
pure and healthy, you  
will feel young and  
vigorous. If it is  
impure and diseased,  
you will feel old and  
feeble.

**Gray Hair**

There is this peculiar  
thing about Gray Hair  
Vigor - it is a hair food,  
not a dye. Your hair does  
not suddenly turn black,  
look dark and lifeless.  
It gradually loses its  
color, and the hair  
falls out. It is the  
lack of blood that  
causes this.
