REVIEW OF TRADE

From the Centre Secretary Re-
ports:—The review of trade
for the month of June shows a
marked improvement in the
general business conditions.
The volume of trade has in-
creased, and the prices of
commodities are more stable.
The agricultural section shows
a steady demand for grain and
other products. The manu-
facturing section is also show-
ing signs of recovery. The
retail trade is more active, and
the volume of sales is up.
