ANNOUNCEMENT

FOR CONGRESS.

We are authorized to announce

C. W. MATHERS

of Nicholas County, as a candidate for Congress from this district, subject to the action of the Democratic party.

We are authorized to announce

HON. ROBBERT WILLIAMS,

of Bord County, as a candidate for Congress from this district, subject to the action of the Democratic party.

Carlisle officials have seized a lot of whisky and moonshine and don't know what to do with it. Such drone ignorance is inexcusable. Let Kentuckians vote a State Statute at Once.

The plague is not exactly an unknown correct. From reports it looks like somebody did "know what to do with it."

After consultation with ex-Senator Blackburn and other friends in Harrison co Gov. Augustus McCreary announces that he will not enter into any scramble for the Democratic nomination for Governor but will accept the nomination if the part will tender it to him. As such things have not been made in Kentucky for quite a while we shall await with interest the action of the people.

W. J. Bryan has written an editorial to Governor Harmon, of Ohio, requesting him to advocate the nomination of a candidate for U. S. Senator by the coming Democratic State Convention, and Governor Harmon writes that he does not think it best to do so, and Mr. Bryan is mad, and the chances for the democrats of Ohio carrying that State this fall is lessened. It looks to us like Mr. Bryan is sore about the matter of putting in where he is not asked.

Glenn H. Curtiss flew from Albany to New York Sunday in an aeroplane, winning the $10,000 prize offered by the New York World. He covered the distance of 142 miles in 152 hours and thirty-two minutes and came to the earth as calmly and lightly as a pigeon. Curtiss' average speed for the distance was 54.06 miles and bear most surpassed any record ever made by an aeroplane in a long-distance flight. His feat, perhaps, eclipsed any flight ever made by man in a heavier-than-air machine.

In the Seventh District

The race for Congress in the Lexington district has opened up in earnest since Hon. C. M. Thomas has entered the race against Hon. Campbell Cantrill and unfortunately for the Burley Tobacco Society is to be the main issue. Mr. Cantrill is not a strong card accusing President LeBus, who is a Republican, with being the cause of the trouble. Mr. Thomas has a card also in which he charges Cantrill with breaking faith with him in making the race. There is no doubt but that the district will be an ugly personal one, even as much as was the great fight between Breidge-Owens fight of several years ago. Those who are keeping on the outside can congratulate ourselves that we are not in it."

A Just Verdict

"In the Fleming Circuit court Saturday the jury returned a verdict for $2,500 for R. K. Hart against the Fidelity Casualty Company of New York. The suit was brought by Mr. Hart under a policy which he had, claiming total disability from paralysis extending over a period of fifty-two consecutive weeks beginning with a stroke of paralysis which he suffered on February 4, 1909. The jury gave the full amount for which he sued."

The Company made a hard fight against this just judgment and we understand will likely carry it to a higher court. They claim that a clause printed in small type on the back of the policy which nobody ever reads defeats Mr. Hart's claim, and we understand that no claim on earth could be collected if these small type clauses hold good.

At Louisville the horribly mutilated body of little Alma Kellner, who had been missing since last December, was discovered Sunday noon in a cellar under St. John's parochial school while the cellar was being cleaned out. The wife of a former janitor of the school was arrested and charged with being accessory to murder. Her husband is being sought to tell what he knows of the child's death.

Another Killing.

On Monday morning the body of Hargis King, a barber, was found sitting upright in his bogy, dead, near headquarters. Upon examination two gunshot wounds were found in the back of his head, and from indications he had evidently been dead for several hours. King had been seen on Sunday afternoon in Carlisle in company with Lute Hamm, a young man of the Barterville neighborhood, and suspicion at once pointed to him as being in some way connected with the killing, and he was arrested and placed in jail.

Shortly after the discovery of the dead body Coroner Hutchings was notified, and accompanied by Sheriff Mitchell, County Attorney Darragh, deputy jailer Sparks and constable Hawerige, he went to the scene and held and inquest. After hearing the evidence the jury rethrned a verdict of murder and robbery against Hamm and he was held to answer and Judge McNew fixed the examining trial for the 7th.

King was burried at Ellisville Tuesday. He leaves a widow and one child.

At the hearing much testimony was developed connecting Hamm with the killing, but we consider it but just that we omit particulars in order that no one may be injured or preventing having a fair trial. However we do not hesitate to say that the guilty party should be severely punished, as it was evidently a cold blooded murder.

Decoration Days

On Sunday last the Maccabees and Knights of Pythias turned out in large numbers to decorate the graves of deceased brothers buried in the Carlisle Cemetery. The Maccabees conducted their services first and the ceremonies of the Knights of Pythias were followed by the officers and members of the Carlisle Tent. Afterwards the K. of P.'s marched in full white uniform to the cemetery, and under the leadership of W. Burke Sparks, Esq., and Governor Harmon writes that he does not think it best to do so, and Mr. Bryan is mad, and the chances for the democrats of Ohio carrying that State this fall is lessened. It looks to us like Mr. Bryan is sore about the matter of putting in where he is not asked.

Accident

On Monday while Rev. E. H. Koch, of Little Rock, accompanied by Mr. Thos. Patton, were returning in the former's automobile to their homes in Little Rock, they accidently collided with a horse driven by Mr. R. T. Mattox, of Paris. The accident occurred on Main Street, in Paris near the jail, and one of the horse's legs was broken and the animal had to be killed. Rev. Koch immediately paid Mr. Mattox for the animal, and expressed his sincere regrets at the occurrence.—Kentuckian Citizen.

M M I

We had the pleasure of attending Field Day Exercises at the Millersburg Military Institute last Monday. May Best and his corps of teachers and officers are certainly "on to their job". The exercises of the cadets on the campus showed careful and thorough training—if their mental training is to be compared to their physical training—and we believe it is then M. M. I. is a great success. Mrs. Best, 1st and 2nd lieutenants, we don't know which, is certainly a great help to the college, adding sunshine and cheer where ever she is.

Here's hoping that M. M. I. and May and Mrs. Best may enjoy many, many years of prosperity and happiness. The Paris Kentuckian has been the latest to announced. Don't forget the date, the second Saturday in July.

The two examinations there were thirty-two who passed and will receive County Diplomas at the Common School Commencement, which will be the last on the Thursday afternoon in July, during Teachers' Institute. Next week we will announce the names of the pupils receiving highest honors.

Miss Lida E. Gardner is visiting the school houses of the county this week which will mean that the County Board may know the requirements needed in the various districts. She will visit each school in the county and hopes to meet each Sub District.

Examination for colored school teachers was held last Friday and Saturday in the Superintendent's office. There were only two applicants, one from Paris and one from Mt. Sterling; only one passed.

The entire stock of goods was carried from the store which will entail a loss of several hundred dollars by rough handling.
