FIELD SECRETARY FOR TUBERCULOSIS WORK

Eugene Kerner Engaged Kentucky First State To Take Such Action

The Kentucky Association for the Study and Prevention of Tuberculosis announces that it has engaged as Field Secretary, Mr. Eugene Kerner, Jr., of Louisville. Mr. Kerner is now at the headquarters of the Louisville Anti-Tuberculosis Association, and will be in Paris Wednesday, March 30th, 1910, to confer with the Local Anti-Tuberculosis Association in this city in regard to the organization of a local health league. Mr. Kerner's first duty will be to assist in the organization of local health leagues throughout the State, and to assist in the establishment of a State Association. He will be assisted in this campaign by Dr. Hubert Work, of Pueblo, Colorado, who is now in Louisville, and who will explain its features.

Mr. Kerner comes highly recommended by the National Anti-Tuberculosis Association, and will be in close touch and affiliate with the State Association. In this way it is expected he will be the aid of the Federation of Women's Clubs, the Kentucky Congress of Mothers, the Kentucky Federation of Labor, and other local societies and organizations. He will try to bring about the establishment of local sanatoria of free dispensaries with visiting nurses throughout the State, and to secure appropriations by the State Legislature to fight the white plague. Some provision for tuberculosis already exists, and will be extended by these Legislatures. It is hoped by the friends of this movement for the work he has undertaken, that in the next seven months he has been with the Associated Charities of Pittsburg, Mr. Kerner has accomplished much. Prior to that he was with the Associated Charities of Charleston one year. While in Chicago he attended the School of Philanthropy in a special course. For three years he was manager of a private sanatorium in Newark, New Jersey, in which a large number of tubercular patients were treated. During the five years he was connected with this institution he studied the disease in its various stages, and has had unusual opportunities to study conditions as they exist in the homes of the poor. Before taking up this work he was engaged in the mercantile business in Louisville, Kentucky.

Girls Who Strike Their Wheels.

The High-Bred Young Stallion
KING GEORGE
will make the season of 1910 at my stable three miles south of Carlisle, Ky., near Miranda, at

$15 to insure a living colt.

Money due when mare proves with foal.

King George [illegible] beautiful Cherry bay, star, and [illegible] hind hands 2 1/2 inches high, [illegible] foaled 1901, he was a fine herd [illegible] stock, [illegible] good eyes, good [illegible] and to the other, nice tail, a [illegible] and the sweetest young stallion I [illegible] ever saw. He is very gentle, [illegible] and safe for anybody, besides he is the only stallion in this county [illegible] all the fashionable [illegible] two lap crosses [illegible] in him. He was foaled [illegible] Feb. 12, 1904 in Alexander's Edwin [illegible] 2:17, by Edwin [illegible] 2:12, by Mambrino Chief 11, [illegible] Mare [illegible] was retained on [illegible] service.

KING GEORGE was sired by the great Edw. Chief [illegible] colts sold for an average of $1,000 per head, and was sired by the renowned Harrison Chief 3,462. He [illegible] Mr. Harrison Greene, a son of Mambrino Chief 11, and [illegible] Miss Simmons, one of the [illegible] standard trotters. [illegible] dam by Alexander's Edwin [illegible] of Bourbon Chief, [illegible] dam by Gossiper, [illegible] dam by Mambrino Chief, [illegible] head of trotters. He has [illegible] dam, Pilot Jr. 121; 5th dam [illegible] Alexander's Edwin [illegible] dam by Mambrino Chief 11. King George has never been handled much, but I expect he will make a horse that will be the pride of the Association. I also have a few [illegible] mares for sale, and will [illegible] service privileges to [illegible] breeders are considered [illegible] to see [illegible] to put him [illegible] and his colts to the [illegible] he has [illegible] six colts [illegible] two years, and I think they are as good [illegible] I have ever raised, and that the Harrison Chief blood [illegible] is doing.

50 Per Cent Better

"I have used less than one bottle of Cardui," writes Mrs. Gertrude Ward, of Rushville, Neb., "and am feeling fifty per cent better than when I began taking it.

"Before taking Cardui, I had suffered with female trouble, for eight years. My greatest trouble was irregularity. I also suffered with severe pains, every month, but now I am greatly improved and will recommend Cardui to all my suffering friends."

Take CARDUI
J 44
The Woman's Tonic

The rare medicinal herbs of Cardui are imported by the manufacturers direct from Europe and are not to be found in any other medicine.

These ingredients are what give Cardui its superiority, as a female tonic, over any other medicine.

For over 50 years Cardui has been the favorite woman's medicine. The ladies like it, because it is so easy to take, so gentle, so safe, so reliable in its results, and for the curative tonic powers, because of the thousands of other ladies it has cured. Try it to-day.

The Coming of The End

Rev. F. A. Wright, the pastor of a Pittsburg Christian church, preached a very interesting sermon Sunday night on "Halley Comet and Christ's Return." So pointed were the remarks of the minister tending to show that the comet's arrival would likely be the beginning of the end to all things earthly that many left the church in great uneasiness. Rev. Mr. Wright declared that all signs pointed to the end of all things being near—that a great movement to evangelize the whole world is on—that the Jews are being rapidly gathered to their home land and countries are preparing for a great warfare, all of which has been predicted in the Bible—signs of the coming of the end.

Commander John A. Pratt Post No. 10 Dept. Ill., G. A. R.

Mr. Isaac Cook, Commander of above Post, Kewanee, Ill., writes: "For a long time I was bothered with backache and pains across my kidneys. About two months ago I started taking Foley's Kidney Pills and soon saw they were doing just as claimed. I kept on taking them and now I am free from backache, and the painful bladder misery is all gone. I like Foley's Kidney Pills so well that I keep them always in the house and shall recommend them at every opportunity.—HOWELL & Co.

Trimble Growers' Plan.

The Trimble County Board of Control of the Burley Tobacco Society has appointed solicitors for each precinct to canvass for the 1910 pool. They have issued orders to call first on the non-pollers of the past two years, "and unless a sufficient number of the outsiders sign up, the pool for 1910 will be declared off in that county.

A Great Work.

Major Robert S. Bullock, cashier of the Fayette National Bank, Lexington, has been treasurer of the Soul Winners Highland Missions for twelve years. He just made his report of the finances for the past year.

He received $13,990.48 and paid out $13,784.83 to over seventy mission teachers and preachers who labored exclusively in the mountains of Kentucky, Tennessee, North Carolina and Virginia.

During the year the Soul Winners built a dormitory for forty boys at its Highland Orphan's Home at Clay City; also a large dining room at Camp Nells, Lee county, Kentucky; a large substantial chapel and school house in the Great Smoky Mountains in Tennessee, and other improvements at its many mission stations. The Soul Winners Evangelists held 2240 Gospel services, taught 181 Sabbath schools with 4980 pupils, had over 700 confessions of faith, distributed over 270 copies of the Scriptures and over 30 thousand tracts and religious papers. 100 boxes of clothing, and made nearly ten thousand visits to the homes of the Highlanders.

Every collection was taken in any church, and every Evangelist paid at the end of every month. Over $1,000 was raised from almost every country in the world, as far as China and the Sandwich Islands. During these twelve years it has built over forty mission and school houses, including three colleges in the remote mountains, where there were none before.

It has always received the generous assistance of the press, the Bible Society etc., and the prayers and gifts of a multitude of God's most liberal children. Like the Bible Society, the S. W. M. is evangelical and undenominational. It numbers among its workers, ministers and members of every branch of the church. It is most economically conducted; employing those who labor for God's cause. Every dollar it receives goes to the field. Its Superintendent and Evangelists are ask only a bare support.

The officers of the Society are Rev. Dr. Edward O. Guerrant, Wilmore, President; James Robert Alexander, Wilmore, Kentucky, secretary; Robert S. Bullock, Lexington, Kentucky, treasurer, and Rev. Harvey S. Mellichamp, Hendersonville, Kentucky, field secretary.

Sow vs. Hen.

has had her inning, has been repeatedly a great money producer, has almost equaled the American egg product has been [illegible] she has paid the [illegible] several times over, [illegible] is now overshadowed by the hen. There is no sentiment in a sow, but there is lots of money. The pigsty has the poultry house in the shade. A grunt now means more than a cackle. The sow is now more important on the farm than the horse, the mule or even the hen. A hen may produce in a year a few eggs which will give a profit of $1.00 per dozen, but when it is down by about your Standard Oil stock and gets a dividend check for $4.00 even John D. can't [illegible] money. The sow never gotten her [illegible] high as a hen, goes about [illegible] in a very dignified and lowly way, but she always brings home the leafy bacon. She devotes a two hundred per cent dividend on her part value. She is both a pig and a wealth producer. She is paying off mortgages on the farm and causing farmers to ride around in automobiles and smoke ten cent cigars. Let the hen go way back and sit down. She stays on the roost and produces eggs which sell for 25 cents per dozen. Keep the sow and grow pigs. Keep the sows and grow hogs. Keep the sows and grow fat hogs. Keep the sows and grow pigs. Frank Air.

What about the fresh air in your home? Do you open wide the windows open at night? A great New York physician recently said in a public speech: "No man can bankrupt every drug store in town in a quarter of a century. We can destroy the drug stores and make the medical profession obsolete with sanitation and fresh air." Now, we can not make the air communistic sanitary in a single night, but we might begin right now to breathe into our lungs a sufficient quantity of pure air to give us strength and energy and ease during the day that follows. Don't be afraid that people are afraid to let "wind blow in on them." It has been demonstrated that the "wind" is just what we need. Keep the body warm from head to feet and turn the hose of clean, invigorating air into your nostrils and you will not need calomel or quinine very often.

Independent Growers Must Lead.

If any effort is made to pool the 1910 crop of tobacco in Bourbon county, the movement must be inaugurated by those who have acted independently of the Burley Tobacco Society, in order to meet with the co-operation of the latter.

That decision was reached Monday at a joint meeting of both sides of the controversy, which was held in the court house under the auspices of the poolers, who made reasonable attempt to get the independents to meet with them. About twenty of the Society growers and less than half a dozen of the independents were present when John A. Larue, president of the Bourbon branch of the Burley Tobacco Society, rapped for order.

Expression of opinion was called for from both sides, and while no extended arguments were made, W. F. Brent, speaking as one of those who had heretofore stood outside of the pool, gave it as his opinion that it would be impossible to get the majority of the farmers of Bourbon interested to the extent that a pool could be made effective.

Mr. Brent said the high prices obtained for tobacco last year, which probably would prevail again this year, would operate to keep them aloof from any pool that might be attempted.

A resolution was adopted to the effect that the friends of the movement for the reduction of crop which was successful in 1907-08, would make no further attempt and that if any proposition to pool the 1910 crop was to be put over some change from those who had withheld their support in former years. The meeting then adjourned.—Kentuckian-Citizen.

National Prohibition.

The Louisville Post gives the following summary of the Prohibition meeting held in that city last week:

Commission by Congress to the several States of an amendment to the Federal Constitution prohibiting the manufacture and sale of alcoholic liquors, the prohibition of liquor traffic, and all other measures are advocated in resolutions adopted by Prohibitionists in Kentucky, at a convention held at the Pentecostal Tabernacle.

The delegates elected Dr. Aaron Watkins, of Wilmore, state president, outlined a plan to secure organizations in all counties, and made Congressional nominations for the eleven districts. Several prominent Prohibitionists were present, including Dr. Watkins, a former candidate for Vice President on the national Prohibition ticket, and Chaplain P. Jones, of Chicago, chairman of the National Prohibition Committee.

The nominations were as follows: First district, the Rev. J. Henry Ballard, of Paducah; second district, Louis Hancock, of Providence; third district, Prof. W. L. Cassedy, of Bowling Green; fourth district, the Rev. R. H. Roe, of Bardstown; fifth district, Dr. J. B. Stroud, of Louisville; sixth district, Prof. William Voires, of Milltown; seventh district, the Rev. S. J. Nugent, of New Castle; eighth district, Aaron S. Watkins, of Wilmore; ninth district, the Rev. Arthur J. O'Rear, of Cynthiana; tenth district, W. G. Patrick, of Kimberell; and eleventh district, J. C. Mc Kee, of London.

Will there be greys worn in men's clothing this season? Well we shall say so, and many different kinds. Sam Veach is showing the greatest variety ever, in all shades of grey.

When [illegible] a pipe connecting the gasoline tank with the engine sprung a leak and the gasoline was ignited. "Fortunately none of the occupants were injured.—Paris Democrat.

Commissioner of Agriculture Rankin has received a letter from A. D. Melvin, Chief of the Bureau of Animal Industry of the United States Department of Agriculture, in which he says that there will be no modification of the order issued last year in regard to the interstate shipment of Kentucky sheep on account of the scabbies. All cars loaded with sheep must be labeled with placards showing that the sheep are from Kentucky and have been dipped for the scabbies.

Have You Been Counted?

The Census enumerators in this city and county have been engaged, since April 15, in gathering statistics of population and farm operations. The enumeration period in cities of over 5,000 population ended April 30, and in smaller cities and country districts will end May 15. Enumerators seem to be doing excellent work and are making an earnest effort to have a complete and accurate census.

Enumerators finding the occupants of a house absent on the first visit are required to make a second visit, and if the occupants are still absent, then the statistics, as far as possible, must be secured from neighbors or any persons competent to give the information. In this way it may sometimes happen that a person will be enumerated, although not personally seen by the enumerator. Likewise, boarding house keepers furnish the enumerators with the names of all regular boarders, etc. It is nevertheless possible for a citizen to be missed by the enumerators, and in order that a thoroughly complete and accurate count may be made, any person who believes he may not have been enumerated is invited to fill out the coupon below and mail it to the Supervisor of the Census, Cynthiana, Ky., who will investigate the population schedules, and see that the proper entry is made, if it has not previously been made. In mailing the coupon below, it will not be necessary to pay postage if you will address your letter as indicated in the coupon, and will write "Official Business, Census Office", in the corner of you envelope. USE THE COUPON BELOW:

HAVE YOU BEEN ENUMERATED ?
If not, or if you have any doubt, fill out this coupon and mail to
JAMES T. WILSON, Supervisor of Census, Cynthiana, Kentucky.

On April 15, I was living at address given below, but to the best of my knowledge I have not been enumerated there or anywhere else.
