Senator Paynter Announces as a Candidate for Re-election

United States Senator Thos. H. Paynter publishes quite a lengthy card announcing himself as a candidate for re-election as U. S. Senator from Kentucky. The Big Meeting

The meeting which has been in progress for three weeks at the Christian Church came to a close Sunday night, and one of the largest congregations ever gathered in this city was present. During the entire meeting the interest has been great and the good that has already resulted and that must naturally follow will be observed in the entire community. The immediate result of one hundred and thirteen additions to the congregation by letter, statement and confession is not to be forgotten, but the great revival in religious interest and edification is to be considered as the greatest result of the work.

The closing day, Sunday, was one of the most strenuous ones in a religious way ever known in this section. Beginning with the Sunday school at which 422 were in attendance, the services were almost continuous until after the 9 o'clock at night. In the afternoon two services were held—one for women only and one for men only—and at both services the house was crowded to the doors. The meeting for men only had the largest crowd of any service ever gathered in this city for religious purposes. Men were here from every portion almost of the county. No more earnest, faithful, and at the same time, companionable preacher, ever visited our city than Evangelists Violett and Sala have. They make a strong team of workers for the Master and deserve great success.

RELIGIOUS.

There were fine additions at the Methodist church Sunday night.

DEATHS.

STONE—In this city, Friday, March 31st, after quite continued illness, S. F. Stone, aged 79 years. Services were held at the home Sunday afternoon by Elders Koch and Eldred, after which the remains were laid to rest in the Carlisle cemetery. One of the largest crowds of friends followed him to his last resting place and joined in hearing his memory. The following tribute is by one of his life time business associates and well gladly give it space in our columns.

S. F. Stone

The subject of this sketch was born in Bourbon county, Ky., in the year 1832, and moved to Nicholas county to bild to the farm owned by him at the time of his death. He was married in this county to Miss Jane Lee in 1860 in which he came to this county.

No span was better known in this and surrounding counties than "Sammy" Stone during the years of his business activity. He was an active man in trade for fifty years, buying and shipping cattle, hogs, sheep, mules and other live stock. During all these years, in all his dealings with men of every circumstance and condition, no man ever had fewer differences with his fellow men.

He was a friend to the needy—no greater expression can be pronounced of any man. He took great interest in the young men and was the advisor of many. He has been boniman for more officials in the county than any other man; he was a public spirited and contributed largely to improvements for the public good, especially good roads. By his subscription and influence the present turnpike from Moorefield to the Mt. Sterling and Flemingsburg turnpike was built.

He was an officer in the Christian Church at Bethel and one of its largest contributors, and will be greatly missed by its members.

Four years ago he gave up active duties of business, left his home in Moorefield to Carlisle, having become disabled from a fractured hip and was the final cause of his death Friday morning, March 31st.

He leaves a widow, three sons and two daughters Rob't Stone of Kansas City, Mo., Geo. Stone, Walter Stone, Mrs. Fannie McCray and Miss Louis Stone of this County. A FRIEND.
