Democratic Barbeque
Thursday, Aug. 31

The committees of the big Democratic Barbecue are steadily at work. The big speakers have engaged quite a few of fame and many interesting features have been added to the bill. The committees of the big event are working hard to make the event a success. Every Democrat in Nicholas county is invited to attend the barbecue.

The FIRST person naturally in charge of the following committees shall be the chairman of their respective committee.

A. F. BYRON, chairman.

N. D. DOLL & Co.

Even Ollie James could not endorse Mr. Bryan's attack upon Chairman Underwood, and when Ollie can't talk the supply must be about exhausted.

It is said that the dreaded disease "Tallagra" is caused by eating corn. Some horse must have started this report in view of the short crop likely to be raised this year. This is a horse on us.

How About O'Rear?

A man in Frankfort has invented a machine for perpetual motion which is proving a success. Senator McCreary could furnish some ideas on perpetual motion as the gents will run part of the expenses but he is still not sold on perpetual motion. He will be forced to loosen the strap from their total slim waistline and liberally to the cause. Editors have decided two democratic dinners will be necessary to carry out the big program and all democrats are urged to consider whether they can afford to come or other county.

The following committees have been appointed to look after the management and arrangement of the Big Democratic Barbecue and it is sincerely expected that every member will attend the part of duty assigned him and get busy.

COMMITTEE ON SPEAKERS

C. P. KELLER, A. B. MATTHEWS, H. L. BRANNON, W. J. ORTWEIN, W. MCCLELLAND, A. G. SALLEE.
