A Personal Appeal To You

Wouldn't you like to do something unselfish to help the one who is down? In other words wouldn't you like to get the most of the Good Samaritan? If you do you know how, where and when.

The object of this little article is to show you The HOW, The Where, The When.

Much of our neighborly charity is wasted for lack of organization.

THE HOW.

We have that organization. The Society For the Prevention was organized for this very purpose. This Society (Division) was organized by Gov. Edw. A. Fredenhausen, General Superintendent, Kansas City, Mo., originator of the movement, and the present superintendent of the work in 1904 and successfully conducted the business of the Society from 1904 to 1906. It has a Board of Managers composed of seven of the wisest and best professional and business men.

ITS MISSION.

The reclamation and salvation of the economic waste of fallen girls and those who are in danger of becoming such; the relief of the sufferers and the distressed. This work is carefully done and with discretion and only assists those willing to place themselves under its care. We do not dispense charity, but administer means for helping those who are willing to help themselves. This method of assistance encourages self-help which lends to permanency.

THE WHILE.

Through this organization can handle work with more money better than you can yourself. We have developed the wisdom of this Society, and it has already accomplished with a very meager fund. The Society For the Prevention has investigated about three thousand cases of women, personally or through many of whom are now self-supporting and respected members of society. Aside from the relief many of these unfortunates have been enabled to live honest lives, and become self-supporting members of society.

Now I ask you, Mr. Reader, to help this worthy cause. Remember that you may be the next victim. Remember that you may be called upon to help those who are in need of help. Send your money to Dr. Hugo A. Board of Directors, Rooms [illegible] Building, Kansas City, Mo.

THE WHO.

Queen & Crescent Route trains are Strikingly Beautiful and Valuable Guide for Patrons Wishing Expert Information

A Good Lot of Horses.

Sanford C. Carpenter, of Millersburg, assisted by Wm. Atterbury and E. P. Bedford, of Leesburg, Miss., purchased in this section, in the last ten days, for Col. J. T. Atterbury, of Mississippi, the grandest lot of saddle horses ever driven together in this State. Their breeding is the best and most of them are the finest individuals to be found anywhere. When Mr. Carpenter was asked to select the stock, there is no wonder that Col. Atterbury got the best, for when it comes to getting the best in this line, no carpenter is a "slouch" and is never fooled. He knows a good point about a horse, and for a number of years has been a judge of the saddle horse classes at the State Fair, and no man that has ever been appointed to this position has ever given more universal satisfaction.

The following is a list of the purchases from S. C. Carpenter, viz: Lord 2d, 8757, full brother to Lord Chieftain 2486, Star 4 2d was sired by Bourbon Chief 2d, dam by Wilson's King, dam by Sam's Clark Chief. Forrest Wilton Treblides Mambrino Lord. Nina Chieftain was by Mr. Carpenter and is supposed to be the best saddle mare in the State. Star 4 2d is the finest horse in the county. He is a four-year-old form by Bourbon Chief 2d
