VOL. XLVI CARLISLE, NICHOLAS COUNTY, KENTUCKY, THURSDAY, JUNE 22, 1911 EIGHT PAGES—NO 25

COUNTY SCHOOL NEWS.

The following building committees were appointed by the County Superintendent for the school house at Buzzard Roost—Amos Stamper Chm., W. G. P. Ledford, Secy., W. F. Clark, Robert Hardin and D. Vice. For Moorefield colored school, Amos Stamper, Chm., W. F. Clark, Sec'y., C. S. Templeman, Chas. Woodford and Chas. Whaley. For Barterville school, W. T. Barlow, Chm., Filmore Bishop, Sec'y., W. D. Sparks, Thos. Asbury and Isaac Dobson. For Walnut Grove school, W. D. Sparks, W. T. Barlow, W. T. Fuller, James Howard, Chm., and Robert Collier, Sec'y.

Mr. Henry Wade, a representative of the Jordon School, reported to the county superintendent last Thursday that they had the money raised for their school this year provided the Division Board would furnish them a teacher who had been to Richmond and who was an up-to-date teacher. He said that some of the patrons subscribed with the understanding that they were to have that kind of a teacher. He said that they were delighted with Miss Pearl Dotson, the teacher the Board sent them last year. He said that she had several terms at Richmond and is certainly a good teacher, but like all trained teachers, she is in demand and has a better school offered her than we assured Mr. Wade that the Board would secure for the next the very best teacher possible and the teacher would certainly have to have had some training in the State Normal as the sub-trustees of Div. C. entered resolutions in their minutes to employ only teachers who are sufficiently interested in their work as to go in for the great advancement in education.

Therefore we decided to require all teachers who had not taken any special normal work in two years to go to Richmond for at least one term (10 weeks) the future if such was free, and only their board had to be paid and that at a very reasonable rate, cheaper than teachers get board in the country. Not only did they adopt these resolutions but Division D whose chairman is W. D. Sparks was the first one to make such requirements of his teachers, and did Division H whose chairman is W. F. Clark. Then Division A whose chairman is W. T. Barlow called his subtrustees together and adopted similar resolutions.

We wish that all of the patrons over the county would do as Mr. Wade and the Jordon people—insist on better qualified teachers. The very first thing the Buzzard Roost people asked for after they knew that they would get their new house was a good trained teacher, and the board promised to do their best for them. The subtrustees of the county are doing their best to secure the very best teachers available for the schools for this year and we are delighted at the prospect for better schools this year.

Don't forget the teachers' examination third Friday and Saturday of June.

The election of teachers will be held the last Saturday in June.

SUPERINTENDENT.

Horse With a Mustache

(Paris Kentuckian-Citizen.)

One of the greatest curiosities ever seen in Paris is a horse owned by Mr. James Flanagan, of this city, who conducts the livery stable at Second and Main streets. The animal is a Western horse, and has as perfect a mustache as any human being could possibly possess. The appendage is plainly in evidence, in the right place, on the upper lip, and the men at the stable have evidently given the animal as much attention as we would receive at an up-to-date barber shop, for its mustache is parted and curled, and the equine resembles in a marked degree the printed pictures of several foreign noblemen, who have traded their titles for mustaches. We believe, however, that the horse presents a more inviting appearance with his piece of upper adornment than the last foreigner who swapped his title for the millions of a New York heiress.

A well-known Main-street merchant hired this animal one day this week, and when his attention was called to the perfect mustache it had immediately returned for it to the stable, remarking that he wouldn't drive anything to a heavy delivery wagon that resembled a human being as much as does this horse.

If Bourbon Poultry Cure does half what it claims for it to do it certainly is a great Remedy for all Fowl Diseases. If it does not do all that it says we will give your money back.

26-2t R. C. KING HDW. CO.

Tools and Saws Sharpened.

Joe Day can be found in the basement of the Court House at any time during the day, and he will be pleased to serve the people who with saws, knives, scissors, or any other tools sharpened. Persons needing work of this kind should remember Mr. Day, and his condition, and patronize him.

COUNTY CORRESPONDENCE

Items of Interest Gathered By Mercury Pen-Pushers, Who Are Always on the Alert

More About Missouri Tobacco

Mr. W. F. Craig, of Kansas City, Missouri, who has been in town attending the funeral of his father, Mr. Thomas Craig, was a caller at this office Thursday. Mr. Craig will remain in this section several days and says he recently visited the tobacco growing section of Missouri, and that a fair quantity of Burley is produced. He says Missouri growers have a little "stung" by the American Tobacco Company and their deals. They cannot realize about the prices for the 1910 crop that they were expecting to get. Many growers put all the way during the pool year, when trust was using them to beat down the Kentucky and Burley of growers, in tobacco in many of them prime tobacco acre and over. The price has gone below the cost production they find themselves without means to make home payments and a magerial crop may lose all.

Many loyal pool men of Kentucky who made quite a fight to keep up prices, especially will breathe a sigh of amen.—[Dover News.
