

# The GIRL and the BILL

**SYNOPSIS.**  
The story of a girl who is forced to work in a factory and how she meets a boy who is a student at the same school. They fall in love and he tries to help her out of her financial difficulties. She is eventually able to leave the factory and go to college with him.

She had that to tell him. The girl who was in the factory. She had that to tell him. The girl who was in the factory. She had that to tell him. The girl who was in the factory.

She had that to tell him. The girl who was in the factory. She had that to tell him. The girl who was in the factory. She had that to tell him. The girl who was in the factory.

She had that to tell him. The girl who was in the factory. She had that to tell him. The girl who was in the factory. She had that to tell him. The girl who was in the factory.

She had that to tell him. The girl who was in the factory. She had that to tell him. The girl who was in the factory. She had that to tell him. The girl who was in the factory.

She had that to tell him. The girl who was in the factory. She had that to tell him. The girl who was in the factory. She had that to tell him. The girl who was in the factory.

She had that to tell him. The girl who was in the factory. She had that to tell him. The girl who was in the factory. She had that to tell him. The girl who was in the factory.

**Try to Take a Different View.**  
The girl who was in the factory. She had that to tell him. The girl who was in the factory. She had that to tell him. The girl who was in the factory.
