Republican Railroad Convention

As we go to press Wednesday afternoon, the Republican Railroad Convention is in session at Paris, and of course we can not give any particulars of the proceedings. In the County Conventions last Saturday H. G. Garrett, of Winchester, lead in instructed votes, with ex-Mayor Craig, of Covington, second, and Judge Holmes, of this county, a good third. Garrett's friends claim that their man will win on the first ballot, but it does not look that way to us. If the contest is long drawn out as predicted, Judge Holmes occupies a fair position to come out a winner. The nomination is equal to an election.

The State Board of Equalization has notified our County auditor that a raise of 15 per cent. has been decided upon for County property and 10 per cent. on City property in this county next city. It is most likely that delegates will be sent to Frankfort to try and get the Board to reconsider its conclusion. The State Board of Equalization is given authority, so says the Court of Appeals, to do its own sweet will, and there is no power to call a halt. If the people will send the right man to the next Legislature some restraint will be put upon this Arbitrary Board. The advance notices from Frankfort is the assessed value of property in the state this year is twenty-two millions more than it was last, and yet this unrestrained taxing power has not seen fit to reduce the rate in a single county. Its continued raising of assessments is an outrage.

COUNTY SHOOL NEWS

The examination for pupils who have completed the common school course of study will be held in the office of the County Superintendent the second Friday and Saturday in May. All pupils living outside of the Carlisle Graded School district who expect to be County High School pupils this year must have a common school certificate to entitle them to have their tuition paid by the County Board of Education. Don't forget the date. Examination fee one dollar. Examination begins promptly at 9 o'clock.

The County Superintendent is in Richmond attending the Convention of Superintendents. She will be home Thursday night and will be in the office Friday and Saturday.

The County Board of Education will have its next meeting Wednesday, May 17th, at which time all bids for new buildings will be opened.

Republican County Convention.

The Republican county convention last Saturday afternoon instructed delegates to Paris for Judge Holmes of this city for Railroad Commissioner. The following delegates were selected:

Jos. Collins, C. E. Bramblett, C. M. Postel Jr. A. H. Purnam, H. B. Brown, O. E. Gollis, S. B. Kenton, J. D. Wells, I. W. Hendon, M. T. Kennedy, J. A. Fisher, S. J. Freman, J. H. Ivey, Sterling Vaughn, M. L. Benson, A. A. Dale, W. J. Kenton, Geo. Hall, W. B. Ross, Avery Burgess, John G. Blair, E. T. Goffin, Bob Sidles and Jess Troutman.

Circular Letter Issued by G. R. Keller

Dear Sir:

Quite a number of my partial friends ask me every day if I am making a house to house canvass in my race for the Democratic nomination for Representative, and of course I tell them I am not, or can I afford to do so, or do I feel that the best people of Nicholas and Robertson would expect me to spend more in making such a canvass than the office pays. It is an honor to represent one's people in the Legislature of Kentucky, and it is a place I would feel proud to occupy, but I do not feel that I, or any other candidate should be required to expend a great deal of money and time to secure the place, when the returns all told will not amount to more than $75; and out of this must be paid board and other expenses for the seventy days the session will last, as well as the expenses of the primary and a general canvass.

I am not asking for charity particularly, but I am convinced that if you should give the subject your attention you would not expect a personal solicitation from me.

I flatter myself that you know of my opinions upon public matters; that I am and have been always, in full sympathy with every interest of the farming and laboring classes of our people. That I have given to every enterprise and movement of my time and means as much as any man in dither county, and that I have never failed to respond to every demand.

As to my experience in Legislative matters no man in Kentucky has had more than I, and I feel that I might be of some service to the people just at this time.

If you feel that I am qualified and capable of serving you in the coming session of the Legislature, I respectfully ask that you give me your support in the Primary to be held on Saturday, May 25th, 1911, and if possible assist me in getting the support of your neighbors.

Thanking you for past favors, and trusting I may always have your good will, I am, yours respectfully,

G. R. KELLER.

FROM THE SHELBY SENTINEL.

Addams! Addams! So Say We All, Gentlemen.

Is there a Democrat but believes that if Senator McCreary gets the Gubernatorial nomination, the chances of his party's success will be no doubt? Is it not the part of soldiers, therefore, to rally him to turn to some one who can bring the people to victory? Williams Addams of Harrison county, is such a candidate. Place your banner in his hands and he will give you the hope and enthusiasm that must land us all winners. A few weeks since and we were left floundering, feeling that there were none to make an active fight to oppose Senator McCreary for the nomination, but since the manly stand and clear-cut position of Mr. Addams our doubts are at last thrown aside and hope has taken the place of our doubts in our party success.

There be times when our darkest periods are just before the dawn, and Democracy in Kentucky appears to have passed through them. From now on every one should feel, with such a man as Addams to lead, that success must surely come.

Mr. Addams has a number of relatives and friends in "Old Shelby," and, though this county is ik Mr. McCreary's district yet it can be turned to the Harrison county man who can land the party triumphant in November.

Let us stop our party bickerings. Addams is a man we can unite upon, and let us all, therefore, get together and be for Addams.

Let the party slogan be, "Party success," and Mr. Addams will be selected. He is the man of the hour, the man you want, the man you need, the man you must have.

Addams! Addams! So say we all! Addams!
