A WORM THAT'S HARD TO KILL

But in a Short Time Disappears Entirely.

If you have been afflicted with ring worm and let it get the start of you, then you'll know how hard it is to kill the parasite that spreads the disease. This treatment is infallible. Wash the crusts with warm water and Resinol soap. Then apply Resinol ointment thoroughly over the entire diseased surface. The beneficial results will be quickly manifest. The crusts will scale off, the disease cease to spread and in a short time disappear entirely. Resinol ointment cures all eruptive skin diseases, eczema, herpes, pruritus, barber's itch, dry scrofula, erythema, acne, etc. It quickly allays irritation and inflammation, and instantly stops itching on any surface of the body. It is the one remedy for itching piles. Resinol ointment contains no irritating ingredient, nothing to harm the baby's tender skin. It is sold in opal jars at fifty cents and one dollar. At all druggists. Resinol Chemical Co., Baltimore, Md.

For the Hostess

THE WRETCH.

Wounded deer.
Worn by a clever animal.
Time for afternoon tea.
Worn by hostess.
Worn by waiters.
Herds.
Property of a single man.
A parson.
What you did this morning.
A rooster's active at toilet.
Black-eyed disease.
Oversized lettuce.
Realized value of cloth.
Part of the stove.

Sage	Capers.
Pekoe	Chicken.
Green	Purple.
Grape.	Orange.
Java.	Rosalia.
Maize.	Vegetable oysters.
Fruit.	

KEY TO FLOWERS.

Bleeding heart.	Poppy.
Four o'clock.	Pansy.
Tiger stalk.	Cockscomb.
Daisy.	Aster.
Bachelor's button.	Sweet Pea.
Phlox.	Pinks.
Buttercup.	Iris.

Mrs. Applesworn—Mercy! My husband has left me and eaten half the house before he went.

SCRATCHED TILL BLOOD RAN

"When my boy was about three months old his head broke out with a rash which was very itchy and ran a watery fluid. We tried everything we could but he got worse all the time. He'd spread his head, legs and then to his entire body. He got so bad that he came near dying. The rash would itch so that he would scratch till his blood ran, and a thin yellowish stuff would be all over his pillow in the morning. I had to put mittens on his hands to prevent him tearing at his skin. He was so weak and run down that he took fainting spells as if he were dying. He was almost a skeleton and his little hands were thin like claws.

"He was bad about eight months when we tried Cuticura Remedies. I had one bath down in his crib, and in the daytime for a long while. I washed him with Cuticura Soap and put on one application of Cuticura Ointment and he was so soothed that he could sleep. You don't know how glad I was he felt better. It took one box of Cuticura Ointment and pretty near one cake of Cuticura Soap to cure him. I think our boy would have died but for the Cuticura Remedies and I shall always remain a firm friend of them. There has been no return of the trouble. I shall be glad to have you publish this true statement of his cure." (Signed) Mrs. H. C. Maitland, Jasper, Ontario, May 27, 1910.

A Missionary Tea.

A missionary, during a Lenten tea said, politely:

"I have established missionary tea all over the country. But perhaps you don't know what a missionary tea is?

"A missionary tea is one where guests come entirely to missions.

"A Hottentot-up farmer has in his apple orchard a golden pippin tree that bears no apples. The Chinese laundry in Florida woman has an orange tree that helps to uplift the caretaker of New Guinea. A California nut farmer is
