The Coming Primary.

The Editor of the Mercury, who is a candidate for the Democratic nomination, desires to say a few words to the Democratic voters of Nicholas county...

A candidate's public expressed opinion upon public affairs should be the guide rather than the shadow of a nomination campaign should be the end of a campaign. It is safe to say that if a story is true it will find expression early in the campaign...

Under the circumstances relating to Nicholas and Jefferson counties just at present the choice of Representative falls between P. V. Cox and J. E. Keller, and the issue should be decided upon a fair and reasonable ground.

So far as we are concerned we have never uttered an unkind word of comment, and if we do we trust the honor will be made good to us by the best candidate we can find...

It is to be regretted that the issue of Representative falls between P. V. Cox and J. E. Keller, and the issue should be decided upon a fair and reasonable ground.
