How Far Is It to Christmas?

By Wilbur D. Nesbit

How far is it to Christmas? It is across the valleys and the ever-shining streams, out up the hill of shining and white snow, it smiles until you reach the border of the land of otherworlds.

It is a long way, but it is not so far as you think. It is just around the corner. It is just a few days away. It is just a few weeks away. It is just a few months away. It is just a few years away. It is just a few lifetimes away.
