### Editorial

Frankfort, Ky., Feb. 21, 1912.  
Dear Members:

The past week has been one of the most interesting in the history of the several states of this union. It has been a week of great activity and interest.

The one that has created some talk over the state and caused much comment in the national press is the election of the State Board of Education. It is a board of nine members, five of whom are to be elected by the people and four by the State Board of Education.

The board is to have jurisdiction over all public schools in the state, and to have the power to make laws and regulations for the better management of the schools. It is a very important body, and its members will be expected to do their duty with care and wisdom.

The board is to be organized on the 1st of March next. It will have its first meeting on the 15th of March. It is to be a permanent body, and its members will serve for terms of three years.

The board is to be a very important body, and its members will be expected to do their duty with care and wisdom. It is to be a permanent body, and its members will serve for terms of three years.
