### BABY'S ECZEMA AND BOILS

"My son was about three weeks old when I noticed a breaking out on his cheeks, from which a watery substance oozed. A short time after, his arms, shoulders and breast broke out also, and in a few days became a solid sore. I became alarmed, and called our family physician who at once pronounced the disease eczema. The little fellow was under treatment for about three months. By the end of that time, he seemed to suffer. I became discouraged. I dropped the doctor's medicine and commenced using the use of Cuticura Soap and Ointment, and in a few days I noticed a decided change. The eruption on his cheeks began to heal, and the scabs on his arms and breast were decidedly better. In a few weeks he was entirely well. The cure of the eczema was gone. Cuticura Soap and Ointment are sold by all druggists and dealers everywhere. A sample of each, with 32-p. book, will be mailed free on application to "Cuticura," Dept. L, Boston.
