At Paris Monday a Champ Sark Club was organized with the hundred members. Hon, W.

It took the United States Ser-ate three weeks to find that Capt. Smith of the Titanic was respon-sible for that great ship's loss, while it didnt take the average citizen three hours after the news came that the ship was run at full speed into the ice belt. This is about the thought speed in the capt. The capt is a superior of the capt.

Mr. Breckenridge says Champ Clark can not be elected without New York. New Jersey and Con-necticut. We think Mr. Brecken-ridge belongs to that class that has not awakened to the fact that the West and North West has outgrown the hide bound money power of the East. Remember the fair of the Southwhich once ruled this nation.
