Governor Marshall's Wife Has the Memory of Her Lives.

ROMANCE OF THEIR LIVES.

The nomination of the Indiana Executive for Governor by the Democratic Party has attracted the attention of the public. It is a matter of fact that the wife of the Governor has a memory of her lives. She has lived through the lives of her husband and she has seen the changes that have come about in the world. She has seen the changes that have come about in the world. She has seen the changes that have come about in the world.

She has seen the changes that have come about in the world. She has seen the changes that have come about in the world. She has seen the changes that have come about in the world. She has seen the changes that have come about in the world. She has seen the changes that have come about in the world.

She has seen the changes that have come about in the world. She has seen the changes that have come about in the world. She has seen the changes that have come about in the world. She has seen the changes that have come about in the world. She has seen the changes that have come about in the world.

She has seen the changes that have come about in the world. She has seen the changes that have come about in the world. She has seen the changes that have come about in the world. She has seen the changes that have come about in the world. She has seen the changes that have come about in the world.

MURPHY'S MOBILIZATION

By Charles Fletcher

It is not only the fact that the world is a better place than it was a few years ago, but also the fact that the world is a better place than it was a few years ago. It is not only the fact that the world is a better place than it was a few years ago, but also the fact that the world is a better place than it was a few years ago.

It is not only the fact that the world is a better place than it was a few years ago, but also the fact that the world is a better place than it was a few years ago. It is not only the fact that the world is a better place than it was a few years ago, but also the fact that the world is a better place than it was a few years ago.

It is not only the fact that the world is a better place than it was a few years ago, but also the fact that the world is a better place than it was a few years ago. It is not only the fact that the world is a better place than it was a few years ago, but also the fact that the world is a better place than it was a few years ago.

It is not only the fact that the world is a better place than it was a few years ago, but also the fact that the world is a better place than it was a few years ago. It is not only the fact that the world is a better place than it was a few years ago, but also the fact that the world is a better place than it was a few years ago.

It is not only the fact that the world is a better place than it was a few years ago, but also the fact that the world is a better place than it was a few years ago. It is not only the fact that the world is a better place than it was a few years ago, but also the fact that the world is a better place than it was a few years ago.

It is not only the fact that the world is a better place than it was a few years ago, but also the fact that the world is a better place than it was a few years ago. It is not only the fact that the world is a better place than it was a few years ago, but also the fact that the world is a better place than it was a few years ago.
