PRESS COMMENT ON TOBACCO SITUATION

Winchester Democrat: The motto of the old commonwealth should ever be in the minds of the tobacco growers.

Dover News: It develops that but a very small per cent of pooders are making any real kick—it is the interest that want to get control of and crush the whole farmers' movement that are stirring up the dust.

Mt. Olivet Tribune: Greater efforts than have been made at any time since the formation of the Burley Tobacco Society and Burley Tobacco Company are now being made by the enemies of the tobacco growers to destroy these organizations.

Cynthiana Log Cabin: We can see no possible good and only certain disaster if the stockholders in the Burley Tobacco Company should be so foolish as to surrender control to those whose activity at this time looks very suspicious.

Carlisle Mercury: The decision is a complete rout for the assailants of the present management of the Burley Tobacco Company, and has fully established the fact that the rumors of mismanagement of the funds of the company which have been so diligently circulated by the opposition are without foundation.

Switzerland (Ind.) Democrat: The Burley Tobacco Company has won a signal victory by the denial of Judge Harrison of a receiver. * * * The management of the Burley Company was complimented by the jurist, and no unfair dealing or even bad business judgment was shown.

The Lexington Times-Democrat: The movement in opposition to the present management of the Burley Tobacco Co. seems to have gone to sea, and there seems no reason to doubt that the old management will succeed the better part if they so desire.

Warsaw Independent: The decision is a bright one and reviews the business of the company and the period of hostile litigation. It assures the continuance of President Clarence Lebus and his associates in the management of the company and its affairs.

Inland Farmer: A decision rendered by Judge Harbeson, of the Kenton County, Ky., Circuit Court, relative to the Burley Tobacco Company of the embarrassment of a receivership, as the court decides that the Burley Tobacco Company is in a highly prosperous condition, and the suit filed by a disgruntled stockholder.

Lexington Herald: It is a case of self-gratulation on the part of all residents of the burley tobacco belt that Judge Harbeson not only refused to appoint a receiver for the Burley Tobacco Company, but by his decision set at rest reports that have been industriously circulated by those who attempted to wreck that company. There is every reason to believe that the election of officers in October will result in the election of those who have proved their ability to manage the affairs of the company.

Lexington Tribune: The fact remains that the suit was brought by a stockholder who is not a member of it, an evil hour has come to Kentucky when strife and bitterness enter in the company's affairs. Let us avoid this note of warning before it is too late, there is no strife in the organization of the American Tobacco Company and its subsidiary companies, and the stockholders and officers of that powerful trust are all of one mind when trouble come to this great farmers' organization.

Correspondence

Bald Hill

Death has been a visitor among us twice in the past week and called Mrs. Wm. Ball and Willie Kate Hamm. We extend our sincerest sympathies to those friends and relatives left behind.

Mr. Max Ogden, of Latonia, is visiting the family of A. F. Ogden and family.

Mr. Isaac Dotson and family, Misses Della Miller and Nannie Ogden from Ohio, spent Sunday with a number of other friends and relatives spent Friday with Mr. and Mrs. Allie Dotson, of Millersburg.

Mrs. Margie Thomas who has been suffering from neuralgia of the stomach is much improved. Rosye Ball is somewhat better too.

Stoney Creek

Estill Ockerman, Concord, was the guest of J. E. Freeland and wife Sunday.

Owner Bradford and sister, Miss Mary Belle, of Hinkley, Ohio, visited T. V. Sellers and family last week.

George Dumphrey and family, of Flemingsburg, are visiting Mrs. Dumphrey's father, Jim Tully.

Roy Hardin, wife and little daughter, Cecil Scott and wife, Misses Nancy McGinley, Mattie and Gracie Dampier, Maud May, Gabe Heath, and Wilson Lee Burden, after three-fifths Mr. Gaines was re-elected. O. F. Griffin was re-elected Secretary.

The County Board also had a meeting Friday to receive the Judy school house and to fill vacancies where trustees were not elected.

Saturday at 2 o'clock Division D met and re-elected W. D. Sparks Chairman without opposition, and re-elected A. P. McLean Secretary.

Thirty-six of the forty trustees were present at these meetings which certainly speaks well for the Nicholas County trustees. Every trustee present signed the contract to look after his school and to see that it is carried on systematically.

Saturday quite a number of the teachers came in and signed their contracts. The State fund for teachers' salaries will not be as much this year in Nicholas County by $1,000, as there are fewer children and the per capita is only $4.00 instead of $4.50 as last year. We were expecting the per capita to be $5.00 this year and were therefore planning for seven months schools, but the State Fund will not pay the teachers for the six months term, hence their salaries will have to be supported by the County Board out of the county funds as last year.

All teachers who have not signed their contracts will please call next Saturday or before and do so.

Pupils who passed the Common School examination in January and May are requested to meet in the Superintendent's office next Saturday afternoon, Sept. 20, at 2 o'clock. This is important. Be sure to come.

The Teachers' Institute will be held the first week in September. Every teacher desiring a certificate of any kind is required by law to attend the full term or their certificate will be revoked. Teachers will get this week as their schools will have begun before the Institute. The receipts of their attendance will be given to the Secretary of the County Board after the Institute. Please do not ask to be excused as we shall treat all alike and refuse to excuse any except in case of sickness or death.

R. S. Eubank, of Lexington, will be one of the instructors and Miss Pickell, of Bowling Green, the other. Governor McCreary will deliver the Commencement address, and Mrs. Cora Wilson Stewart will present the diplomas. Miss Mollie Woodall will be the Secretary of the Institute. Commencement exercises will be held Thursday, September 4th.

Schools open next Monday and parents and guardians are requested to send children regularly as the State Superintendent has ordered the Compulsory School Law put into force this year.

H. N. Rankin Files Contest In Nicholas Circuit Court As Forecast In Last Week's Mercury

As forecast in the MERCURY last week, H. N. Rankin, candidate for Sheriff, who was defeated for the nomination by a majority of two votes filed a notice of contest with the Nicholas County Circuit Clerk, Thursday.

The contestant claims that he has received the majority of all the legally cast Democratic votes at the recent primary; that in the canvassing of the returns the election commissioners did not count the ballots and if said commissioners had counted the ballots as cast and returned, contestant would have received a majority, without regard to the illegal ballots cast for contestee. He further asks that the ballots be recounted by the Court and the correct result ascertained. Contestant further states that the election commissioners did not count the said questioned ballots, which were certified to have been returned by election officers; that in Egine House precinct two of such questioned ballots should have been counted for contestant; that two ballots were cast in the Buzzard Roost precinct by John and Ed. Fishback, which were for contestant, but which the officers of the election refused to count; that in Sanders precinct the returns were improperly tabulated, whereby he claims that in Buzzard Roost the vote of Wm. Tucker was improperly cast from a Democratic to a Republican voter. The vote of Morge Finch was improperly cast. The vote of Bud Burke was improperly cast. Illegal voter, Contestee, 4; Legal voter, 2. Contestee claims that certain votes were cast for contestee that should be deducted.

Contestant states that in City Building precinct Nader Burroughs voted for Parker. Claimed set a resident of Nicholas County. Kenney voted at Mathias' Shop for Parker. Contestant claims that it is reported that Tom Asbury voted at Headquarters for Parker, and that Asbury was not a Democrat; that George Mitchell voted at Mayor's Office for Parker and at time of election was non-resident that Thurman Hinkle voted for Parker at Mathias' Shop and not a legal voter; that Herman Alexander voted for Parker at Bald Hill and was a non-resident; that a number of several votes to which he was entitled by improper ruling of the election officers at Headquarters precinct Thos. Sims'offered to vote for contestant and was refused a vote.

That "Blue Bill" Baker, colored, was not permitted to vote in Engine House precinct even though he was a veteran.

That all the legal ballots cast in the election held in Nicholas county were not counted by the precinct officers of the various precincts and that all of said legal ballots had been counted as cast, contestant would in a majority to this contestant, and the court is asked to count all the legal votes cast in said county and make proper returns there from.

Parker's Answer To Be Filed Thursday

Circuit Judge, L. P. Fryer, will come to Carlisle to-day, at which time the answer of the contestee, H. N. Rankin, will be filed. Mr. Parker is represented by the firm of Parker & Swinford, and Mr. Rankin by Attorneys J. P. McCartney, of Lexington, and W. P. Kimball, of Lexington.

Vernie Stone, son of Mr John Stone, of near Locust Grove, was married to Miss Lucile Roberson, Wednesday, and committed to the Eastern Kentucky Hospital at Lexington.

Will Save You Money

A Word To My Customers:

Two Meat Shops in town—one selling steak at 25 cents while I am selling it at 20 cents, and roast from 12½ to 15c. Now who is making the money? I say the prices we are paying for beef cattle, the man who is selling steak at 25c is not getting rich, but only making a legitimate profit.

I am selling plenty of beef, but not making money after paying large ice bills.

If the people want me to continue selling them beef from 12½c to 20c please give a grocery order along with your beef order so I can pay rent and clerk hire.

Yours for business.

In That Dear Carlisle.

The Muse of Moir speaks again, and sends the MERCURY the following clever lines:

IN CARLISLE

There's a ways something doin'
In Carlisle;
Chips are fallin' from the hewin'
In Carlisle;
The hammers ring the clearest
From the new house buildin' nearest,
Every sound—it seems the dearest,
In Carlisle.

Each one has his own "machine"
In Carlisle;
Buggies now are seldom seen
In Carlisle;
Motorcycles are the rage,
What comes next? Please turn the page,
Airships! Keep up with the age,
In Carlisle.

When you're sick your neighbor comes
In Carlisle;
Brings you jelly and sugar plums,
In Carlisle;
He has brought them on the sly,
If you ask him why he might die,
What's the matter if you can lie
In Carlisle.

Frank Dorsey, the sixteen year old son of Mr. and Mrs. E. O. Dorsey, who has been seriously ill for the past week, rested well Tuesday night, and Wednesday showed signs of being somewhat better. Dr. White a Louisville specialist who was called here in consultation with Drs. Dills & Spencer Saturday, diagnosed the case as a thickening, or infection of of the membrane, just back of the frontal bone, which covers the brain. The trouble it is said was probably caused by a light attack of scarlet fever years ago, and was aggravated by the intensely hot weather. The trouble is located where it may not be reached by an operation, but it is believed that a cure may be effected by absorption. News of the boy's improved condition will be heard with pleasure by everyone.

County Judge G. A. McCormick has filed suit in the Montgomery Circuit Court against the C. & O. Railroad Company, O. N. Garr, engineer, and Stanley Squires, fireman, asking damages in the sum of $5,000 for the death of a mule killed by a train. Mr. McCormick sustained December 12th last when a fast bound C & O. passenger train struck a buggy occupied by the plaintiff and daughter, resulting in the latter's death and the plaintiff's injury, so he alleges.

The Citizens' Garage is now installed in new quarters on Elm Street. Their new garage is complete in every particular, with accommodations for five or more automobiles. They have a full supply of fixtures on hand, and are prepared to do all kinds of repair work. The company is now contemplating the enlargement of the present building in order to accomodate at least thirty machines. Lane Marcum is in charge of the new garage.

Rhodes, the sixteen-year-old son of Mr. John Donnell, of the county, had a narrow escape from death Saturday night. He had ridden to Concord to attend an ice cream supper, and had dismounted to hitch his horse, when the animal suddenly kicked him on the left side, the hoof narrowly missing his head but inflicting a severe scratch and bruise from his unpleasant experience.

The August Courtday crowd was probably larger than usual, and the trade in stock was very active. Heifers brought from 3¢ to 5¢. Mr. John Rose of Winchester, had a fine lot of stock ewes on the market, but failed to make a sale. Newt. Rankin bought a car load of mule colts, at prices ranging from $55 to $90. The drouth, from which this county is suffering, had its effect on the courtday trade, the scarcity of grass making the farmer slow to purchase more stock. Politics still seemed to hold the interest of the crowds on the streets. Much talk was heard among the farmers concerning the damage done to crops in this section by the protracted drouth. In many sections of the county the conditions are becoming serious, and unless heavy rains come soon, the corn crop in many parts of Nicholas will be a failure. From present indications there will be little more than half a crop of tobacco in this county.

Mr. and Mrs. Eli Effron are visiting their son, Mr. N. Effron. Mr. Effron's sister, Mrs. Jennie Kahn, of Dayton, Ohio, is also here.

Mr. Jim Johnson and daughter, Mrs. Wm. Hamilton, of Harrison, Ky., visited the family of Jas. K. Bowen and other relatives in this county last week.

Misses Eddie and Maggie McCormick, Messrs. Bolla Hall and Bruce Tune motored to Winchester Sunday and were the guests of Mrs. Bettie McCormick and family.

Mrs. Anna Cummings, daughter of Mr. J. J. Miller, has returned to Ensenance after a month's visit with her father, Mrs. Cummings has a splendid position as Domestic Science teacher in one of the largest and oldest schools in the South.

Remarkable Cure of Dysentery

"I was attacked with dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and was entirely permanent relief," writes B. W. Hill, of Snow Hill, N. C. For sale by all dealers.
