The Mercury Secures A Magazine Supplement For Its Subscribers

Mr. A. B. Horton, general manager of the Associated Publishers Company, of Cincinnati, and Mr. P. D. Wells, special representative, were in Carlisle in the interest of their company. This company now has associated with it about sixty Kentucky papers, in addition to a number of papers in other states. They have a circulation in Kentucky alone, of about one hundred and twenty thousand, and had practically closed their list of Kentucky papers. The MERCURY in its desire to give its readers the best of everything possible has induced the company to add it to its combination of other leading newspapers of the State. The company, in addition to publishing a magazine supplement, is to publish national magazines, and have formulated one of the most attractive publications ever conceived. Their enterprise will practically enable several hundred of the leading newspapers of the United States, not only distributing their magazine section, but thoroughly organize for both the publication proposition. It has been about a year since this was started in Ohio and they have achieved tremendous success.

The first issue of their magazine section was undoubtedly the most attractive publication of the kind that has ever been placed before the public in the United States, and received the highest possible praise from the leading newspaper men in Kentucky. Such papers as the *Lexington Leader* have asked permission to reproduce their articles. The MERCURY considers itself fortunate to be able to send this monthly magazine, the highest class magazine section on the market, to its subscribers, free of charge.

County School News

Teachers' Institute will convene in Carlisle next Monday at 8 o'clock. Every teacher holding a Life Diploma, State Certificate or County Certificate, whether you are going to teach or not, is required by law to attend the full session of the Institute, and those who don't teach this year a fee of $1. Unless this law is complied with there is nothing left for us to do but to revoke your certificates. Please be present Monday morning at the first roll call and all through the week. We cannot excuse anyone, all must be treated alike.

Prof. R. S. Eubank, of Lexington, will be Instructor. He is well known by the teachers, and comes highly recommended as an Instructor.

Miss Mollie Woodall will be Secretary; Miss Bettie Shaw, organist. The Program Committee will be comprised of Miss Elizabeth Rice, chairman, Mrs. Nancy Thomas, Misses Stella Wasson, Hester Patrick and Alice Holland.

Resolution Committee—Prof. R. Dean Squires, Mrs. Eda Taylor, Misses Ruth Davis, Sue E. Tuttle and Ennis Daley.

Committee on Music—Prof. R. H. Moore, Victor Snapp, Misses Mary E. Fisher, Mabelle Scott and Bettie Shaw.

Reception Committee—Misses Bettie Durrum, Jennie Clancy and Leila Kerns.

See program of Institute elsewhere in this paper. A splendid program is being prepared for Commencement exercises, Thursday afternoon, September 4th. The invitations will be given by the twenty-eight graduates.

Tuesday afternoon all of the Ministers of city and county will be invited to attend the Institute and make short addresses.

Wednesday afternoon will be Medical Day, and we cordially invite every physician of the city and county to take part in the discussions. Dr. McCormick, Secretary of the State Board of Health, will make an address that afternoon. He is fine and should be heard by every parent in the county. He will be introduced by Dr. M. Dills.

Our schools are doing splendidly for the first week. The attendance much larger than the first week last year, and yet, some of the teachers have had to report children under the compulsory school law not attending school. The Department of Education at Frankfort holds the Teacher, Trustee and County Superintendent responsible this year for the enforcement of the compulsory law and blanks have been sent out by the State Superintendent. Barksdale Hamlett, to be sent to delinquent parents. The first offense the fine is from $5 to $20; the second $10 to $20. We trust that parents will put their children in school this week and save further trouble. You owe it to your children to give them at least a common school education, and certainly ought not wait for the law to compel you to do what is your duty to do.

LIDA E. GARDNER, Supt.

SOME BUSINESS AND NO POLITICS

(This column is owned and edited by the Carlisle Real Estate Company, who are responsible for what appears herein.)

Did you see our big list last week? If not, you won't it! Still we have other good ones that we did not get on that list. Look at this one:

95 acres, good house, good barn, lots of blue grass and tobacco land, new wire fencing, finely watered, on good pike with rural mail, telephone, close to school and church (Baptist church, too) and priced a little less than Forty dollars an acre.

Another good one—75 acres, new house, barn, one of the finest neighborhoods in the county on good pike, "RIGHT ON BROADWAY"—close to city. First time you have had a chance at this one. And it won't last—about the first man who looks will buy it.

Now, we have a mighty good bargain for somebody and if it is not bought soon the owner is going to withdraw it. This is 120 acres of land on the Maysville pike, 2 houses, barn 44x72 feet, finely watered, fenced with good new wire, you can see all the farm from the pike and this property is very cheap at $6500 for the farm. No reason in the world why this farm should not sell for $65 and later for $100 an acre. It needs somebody to own it for a few years and do it.

We have 116 acres of good land just a mile or two from Carlisle on the Mt. Olivet 2-story house, lot of fine fruit, fine tobacco barn, new 44x72 foot barn, all new fencing, a good one we offer, and all the farm from the pike and this house is very cheap,
