County School News

The Agricultural School Rally to organize the various clubs which is to be held in the court house March 29th, bids fair to be the largest and most interesting educational gathering which has ever been held in Nicholas County. We received a letter last week from Hon. Henry S. Harper, President of Kentucky University, saying that he would be here and would take a place on the program. We asked him to make an address on this occasion, when we visited him and his wife during the Corn Growers Association. He says that he will be accompanied by his wife and Miss Anna Hamilton, Dean of Women State University. President Barker does not need an introduction to any audience in Kentucky, for all know and love him. He is a fluent speaker, very interesting and entertaining. His wit and humor, coupled with sound logic and a thorough knowledge of any subject which he attempts to discuss, will hold any audience which he addresses. Don't fail to hear him. Miss Hamilton has spoken here before, and all who heard her were delighted and will be glad to hear her again. We also received a letter from Mrs. Dysha Breckenridge in answer to a request that she make an address, on that occasion. She says that this was greatly appreciated by parents, teachers and pupils and we assure Mrs. Rankin that the County Superintendent is glad to know that one district is making such a man as Mr. Rankin.

Recent Grove School Improvement League cleared $7.80 on their oyster supper Saturday, March 1st. Good work. Prof. Mather, at present employed by the Department of Plant and Forestry of Washington, D. C., and also interested in the various school clubs, will be present. Dr. C. F. Fisher, President of Millersburg Female College, will be invited to make an address. He has many friends here who will be glad to hear him.

We are very anxious to organize a good corn club in all of the clubs. We received a letter from Hon. Ben H. McFerran, who is spending the winter in Florida. He says, recruiting the club. Must be suffering a sad loss in prize of $250 in gold to the boys who raise over 150 bushels of corn to the acre. Maybe some one will get it. He gives his wife credit for getting everything in a more strenuous labor. In view of the efficient services and wide popularity, Mr. Brothers will be a hard man to beat.

Mr Brothers Announces Candidacy For Office Of Jailer.

In the proper column in this issue will be found the announcement of W. R. Martin for Jailer of Nicholas County. As Jailer and Custodian of the Court House, Mr. Brothers has made a splendid record. The only misfortune which will make him a cripple for life has in no way interfered with the administration of the duties of his office, though it would probably prevent him from ever successfully engaging in a more strenuous labor. In view of his efficient services and wide popularity, Mr. Brothers will be a hard man to beat.

OBITUARY

Mrs. Fletcher Ward, nee Miss Emma Brierly, aged seventeen years, who died February 24, notwithstanding the darkness of the hour or the sadness of the death will find its way. Mrs. Ward was the adopted daughter of Robt. Brierly, being taken at an early age from the Orphans' Home in Louisville. She had a resident of this vicinity for the past eight years, we have seen her, both as a child and as a woman into young womanhood. Always obedient to her parents and teachers, she made friends wherever she went. She was married July 30th, 1912, to Mr. Fletcher Ward, a prominent young man of Bourbon County. She was a lovely character, whose past is unquestionable and we feel that her life here was indeed a vapor. Death is only the slumbering place—the stepping stone to immortality.
