The Reunion

This week there will meet in Chattanooga the survivors of that valiant host, who gave of the strength of their young manhood to a Cause that was lost. Each year sees their ranks diminish, and the steps of the faithful band to falter. Yet a little while and these men will be but a memory.

But what a memory it will be! What a blessed heritage is theirs to bequeath to children and grandchildren, a heritage of devotion of friends to principle, of courageous ability to accept defeat and build anew from its bitter ashes. Health to you, gentlemen of the South! And may nothing mar the pleasures of this week for you.

A Laudable Custom

Under the caption, "Follow the Example of Nicholas County," the Lexington Herald, in its issue of Tuesday, has the following to say of the movement that originated a few years ago by the editor of the Mercury:

The success of Nicholas County in the matter of securing the best Old Court Day crowd in the history of the county has set a useful and influential example, no doubt, to other counties. Judge Denny has set forth in a letter to the Nicholas County Democrat the plan by which the success was achieved. It is a good, practical and well delivered. Harrison Hamilton, the colored visitor, made a short talk concerning the importance of parents keeping their children in school. He has taken great interest in the matter. Mrs. Mary E. White, Principal of the colored school, with Mrs. Lizzie Dickerson and Mrs. Mary F. Jones, the other teachers, deserve much credit for the success of the present term. We are sure the Board will employ them for another term.

Next week we shall have much more to give you concerning the census.

Miss Lula Kerns was promoted from the principalship of the Myers High School last Saturday to be the County Board of Examiners, position, some man like Judge Denny, a man of ideals and energy, with the courage to lead others to induce the people of the county to improve any new movement. We know that he would consider it an honor and that it would give to him an inborn gratification of the truth of his imagination of a "good thing done" in Nicholas. Other counties in the State of Kentucky could be induced to inaugurate a similar custom. What not the people of every county, the farmers particularly, who suffer annually losses that run into an enormous amount, follow the example of the people of the good county of Nicholas?

The Mercury wishes to go on record as favoring the adoption by local candidates for office of the agreement being entered into by candidates in other counties that they will use neither money nor liquor in making their canvass.

County School News

The following Nicholas County teachers took the May examination in Richmond and their papers were sent here to be examined: Misses Elsie Booth, Gertrude Prather, Ethel Rule, Grace Parrish and Nellie Purcell. Miss Elsie Booth made four, the other four made 2nd class. These five with the ten teachers who took examination here make a class of fifteen with one 1st class, seven 2nd class, two 3rd class and one failure. The examination was quite a difficult one and those who expect to keep up in the State Superintendent's list should see that they do not go in an examination of any kind, should and ought to be established. Mr. Hamlett, our county State Superintendent, is bringing the standard of education in Kentucky on many lines.

We have heard from a number of counties where there were no 1st class certificates given in the May examination. This goes to prove that teachers and those who expect to keep up with educational progress must keep posted.

The finis for the Crayton schoolhouse, the new High School room at Myers, the Ellisville contract and Millers were let by the the County Board. The following bids were made on the Crayton schoolhouse: Horace A. Walton, $1,025; W. O. Shanklin, $975.42, and Geo. H. Martin, $950, whose bid was accepted.

The bidders on the Ellisville schoolhouse were: Harney F. Walton, $885; H. & G. Endicott, $850, whose bid was accepted.

The bidders on the High School room at Myers were: W. O. Shanklin, $917.50; R. E. Duncan, $881.55, and O. W. Hamilton, $795, who was awarded the contract.

Last week had quite a treat for the patrons and friends of the Carlisle Graded School. The music furnished by a Lexington orchestra was fine. The Commencement address by Prof. Simpson was excellent. The Valedictory by Miss Gladys Bryson was such as to make us all feel very proud of her. The presentation of diplomas was done by Prof. R. Dean Squires in a pleasing manner. He emphasized the fact that four out of the five members of the class were farmer boys.

Thursday night we, with four of the teachers of the Carlisle Graded School and a number of other white citizens, were invited to attend the Carlisle Colored School Commencement which was held in the Colored Methodist Church. They had four graduates. The oldest of which was 15, the youngest 11. They all did splendidly. Thomas Compton is the principal of the Carlisle Colored School. Prof. Compton is a native of Carlisle, was born in Carlisle, received his early education in the Carlisle Colored School, graduated from the Lincoln Institute, Ky., and after graduation delivered an oration on "A Woman's Influence," which Robert E. Prewitt, an orator of Kentucky, was present to hear. Mrs. Mary E. White, Principal of the school, together with Mrs. Lizzie Dickerson and Mrs. Mary F. Jones, the other teachers, deserve much credit for the success of the present term. We are sure the Board will employ them for another term.

SOME BUSINESS
NO POLITICS

This column is owned and edited by the Carlisle Real Estate Company, who are responsible for what appears here.

A gentleman of this county complimented us very highly the other day when he approached us on the street and said, "Are'nt you the people who are boosting Nicholas County and are trying to make the CARLISLE MERCURY?" We replied that we were; that we found it rather a lonesome job as nobody else seemed to be doing anything, and he closed the proposition by placing some business in our hands. In this connection we would say that we believe that anyone who will make an examination of any kind should and ought to be satisfied. Mr. Hamlett, our county State Superintendent, is bringing the standard of education in Kentucky on many lines.

POLITICS and POLITICIANS

By HARRISON E. NICHOLAS

A column of political gossip, of local interest, written especially for the Mercury.

All of the candidates for the Democratic nomination for Kentucky counties have pledged themselves against the use of money directly or indirectly or indirectly in the coming primaries.

The Nicholas county candidates should take kindly to the movement, it is a step toward purifying politics. The better element of people endorse the movement and hope to see it become State wide.

—o—

The Republican and Progressive County Committees will meet here next Saturday for the purpose of making a final decision regarding the matter of a regular fusion ticket for the county officers. We learn the Republican and Progressive leaders that a full ticket will be nominated.

—o—

Mr. W. R. Hazelrigg, who has made a good official during the four years in office as constable-Magisterial District number three, will not be a candidate for renomination.

—o—

W. D. Cochran, of Maysville, Ky., Lafayette, from the Tenth Congressional District, are mentioned as probable candidates for the Democratic nomination for United States Senator.

Judge Cammack, of Owenton, is being mentioned as the logical candidate for Democratic nomination for Governor in 1915.

—o—

Col. Charles Metcalfe, editor and owner of the Pineville Sun, and prominent attorney of the Pineville Bar, has many friends in this section of Kentucky who believe he would be the favorite in the Gubernatorial Stakes, should hee nter the race for the position. He would be a sure winner.

Fayette, Woodford, and other counties have some MIGHTY GOOD FARMS, but, believe us, NONE OF THEM HAVE A BETTER FARM THAN THIS ONE. Everything from that a man or a woman could want. Buildings are everywhere that they should be; the land is as good as the Good Lord ever made; location is the very finest. We will be glad to show you this excellent Kentucky farm to anybody desiring it. It's no mistake.

Several nice homes in Carlisle can be had RIGHT NOW.

People who contemplate moving to town in the fall would do well to look at these properties NOW. Also some excellent building lots, good lots are getting scarce and to find in this town but these we are offering at this time ARE EXTRA GOOD lots of Harvey Norton.

Comparative Digestibility of Food

Made with different Baking Powders

From a Series of Elaborate Chemical Tests:

An equal quantity of bread (biscuit) was made with each of three different kinds of baking powder—cream of tartar, phosphate, and alum—and submitted separately to the action of the digestive fluid, each for the same length of time.

The relative percentage of the food digested is shown as follows:

Bread made with Royal Cream of Tartar Powder:

100 Per Cent. Digested

Bread made with phosphate powder:

68¾ Per Cent. Digested

Bread made with alum powder:

67¾ Per Cent. Digested

These tests, which are absolutely reliable and unprejudiced, make plain a fact of great importance to everyone: Food raised with Royal, a cream of tartar baking powder, is shown to be entirely digestible, while the alum and phosphate powders are found to largely retard the digestion of the food made from them.

Undigested food is not only wasted food, but it is the source of very many bodily ailments.

Jailer M. M. Brothers, who was injured some weeks ago by being thrown from his buggy, is getting better and is expected to be out shortly.

W. W. Howe will shortly take charge of a hotel at Jackson, Ky., besides owning those at Hazard and the famous L. Park Hotel at Torrent.

Joseph Peioni, formerly of Georgetown, has opened a soda fountain and confectionery in the store room belonging to Mrs. Mamie Cain, on East Main street.

A dance, in honor of her visitor, Miss Decie Stamper of Mt. Sterling, was the occasion of a gathering of young folks at the home of Miss Nettie Wood last Friday night.

Tobacco statistics under the Cantrill law, show that 45 per cent of the tobacco manufactured leaf tobacco held by manufacturers and dealers on April 1, 1913, was of Kentucky origin.

John Christopherson, pastor of the Chestnut Street Christian Church at Lexington and a graduate of Transylvania, will have charge of the K. C. & I. C. picnic at North Middletown next year.

Mrs. R. R. Mayes entertained at dinner last Friday in honor of Mrs. Jos. Mayes Jr., and Mrs. Jas. Mayes, of B. Bryson and family, Mrs. Caroline Kennedy, Mrs. Ulrich Thomas, Mrs. Hallie Mock, Mrs. C. T. Dannell.

Mrs. Chas H. Peterson had the misfortune to dislocate her lower jaw while yawning recently. Dr. Dills was called, and replaced the injured member, and Mrs. Peterson is suffering very little inconvenience from her unique experience.

An enthusiastic meeting of the promoters of a loose leaf warehouse at Millersburg was held Saturday. It was decided to sell the necessary subscription papers at once. M. P. Collier was elected president, J. C. Batterton vice president, U. S. G. Pepper secretary and H. E. Clarke treasurer.

Carlisle is now in a real mumps carnival. Miss Olive Robertson and Miss Edith Rubel, of New York, will be the next future give out victims. A delightful costume recitals, program of which will comprise number 1 of "Olden Days and Modern Times." This will certainly be good news to our people as they know the ability of these young ladies. Date and particulars will be given anon.

The following, composing the County Board of Equalization, went to Frankfort Tuesday to meet the State Board of Equalization and try to have the 8 per cent. increase removed or reduced: Judge N. H. McNew, Assessor E. J. Secrest, Thos. L. Clark, Haden Smart, Green Leer, Jno. O'Connell. They were successful in securing a reduction to 5 per cent., which will mean a saving to the county of approximately $1,000.

In discussing the tobacco exam recently issued by the Department of Commerce, Congressman Cantrill, author of the law, said in a statement: "The 1912 Burley crop was estimated at about 225,000,000 pounds. Adding this amount to the 218,000,000 pounds on hand October 1, 1912, and then subtracting the 267,000,000 pounds now on hand, shows that 113,000,000 pounds have been consumed within the past six months. It is fair to presume that consumption of Burley will be the same for the next six months as for the past six. Upon this basis we will go to market next winter under exactly the same condition as at last year, namely, about 250,000,000 pounds of Burley in the hands of the manufacturers."

MARRIAGES

The Richmond (Virginia) Times-Dispatch has the following under the date of May 8:—

Blackstone, Va., May 8.—A very quiet wedding was solemnized at the home of Mr. and Mrs. C. W. Waters, in East Blackstone, on Thursday afternoon, when their daughter, Miss Leora Annette, became the bride of A. D. Vire, of Mortonsfield, Ky. Only a few neighbors and the immediate family witnessed the ceremony, which was performed by Rev. Joseph Laffim. The groom is a member of the United States Army and is located at Old Point, where they will make their future home.

BIRTHS

Card Of Thanks

To our neighbors, for their many deeds of kindness; to the Rev. Eldred, who so cheerfully and faithfully performed the functions of his office; to the choir for their sweet and comforting songs; to the Masonic fraternity for their magnanimous spirit and sublime service rendered at the grave; to the large and abundant delegation of friends who met us at the depot at Ewing with their splendid conveyances; to the undertakers for their courtesy and unique appointments, so as to nearly rob the ceremony of its gloom; and to all who in every way contributed to the comfort and consolation of our bereavement and trial—the death of our husband and father—we feel most profoundly grateful and appreciative.
