W. B. NEWMAN, Agent.

The people of Carlisle have voted to incur an indebtedness of $30,000 to erect a system of water works. The majority was safely over the necessary two thirds, required by law, there having been but 63 negative votes in the 286 cast.

For the past six months the MERCURY has urged the importance of a water-works system in Carlisle, and has earnestly supported the proposed bond issue in the past sixty days. The result is naturally most gratifying to us.

We realize that even now the erection of a water works system is not a certainty. The voting of bonds, as we stated last week, is largely tentative, it having been deemed more advisable by the members of the city council that assurance of the willingness of the citizens to assume the indebtedness be given, before the expense of employing an engineer be incurred.

The city council is to meet tonight, and at that meeting, we understand, plans will be formulated to secure the services of an expert, upon whose report, regarding the feasibility of the several sites under consideration, will depend the erection of the water works system.

We believe that the council will secure the services of the best engineer possible, and we would urge that they make sure that he is wholly disinterested. That, if his report be unfavorable, there's an end of the matter and the bonds will not be issued

Wanderlust.

"I'm going to take a long ocean voyage, to nobody knows where, and come back, nobody knows when. I shall sit down on the topside deck over I please and play with the children of the street, the little brown babies of the Orient perhaps, or the little blue-eyed Saxons, who knows? The great to go as you please and none as you please with no telegrams to send no stress of meeting friends and missing friends and all that."—New York Times

Indignantly Denied.

I see by your paper that you have published in the Duncan news depart ment what you called a dance at my house and the statements made are entirely false. True we had a few of our neighbors to spend the evening and some pipe from Duncan came entirely without any invitation what ever, and when they came they were given to understand that they were not wanted Thursday.—Oak Grove Herald Reporter

Martyr's Rewards.

In Algiers there is a beautiful mosque used entirely by women. And in Algiers, too, if a woman dies in childbirth she has ascribed to her all the rich spiritual rewards accorded to martyrs who died in warfare for their religion, and the graves of such women are marked in a special way.

Clean Sponge.

If a sponge has become slimy the condition may be remedied by soaking it in strong borax water. Wring it out, place in a fresh supply of borax water, and continue the process until the sponge is clean.

County School News

The Teachers' Association for Division C. held at Moorefield last Friday, was a splendid success. Every teacher in the division was present and had well prepared papers which, by the way, were splendidly. The welcome address by Miss Laura Irvin and the response by Miss Laura B. Orden were well prepared and were enjoyed by all present.

The songs by the pupils of the Moorefield and East Union schools were beautiful and well sung; the duet by Misses Minnie Ackerman and Ruth Blount, pupils of Moorefield school, was greatly enjoyed. The instrumental solo by Little Miss Eloise Trimble, a pupil of East Union school, was splendidly rendered, showing that this little girl does not neglect her music and keeps up her school studies too.

The recitation by Miss Hester Patrick, teacher at East Union school, and the one by Miss Mildred Weaver, a pupil of the Moorefield school, were both splendidly delivered and showed that both had talent along the line of elocution.

The phonetic class of the Moorefield school by Mrs. Bettie Durham Shrout was very interesting and demonstrated what an excellent teacher Miss Bettie is with little folks. She also has charge of the High School there and this is her third term as principal of that school. She has two able assistants in Misses Gaither and Hardrigge. We wish we could tell you the good things which each teacher on the program gave for the audience, but time and space forbids, but we will say that we are very proud of our teachers, and Mr. Gilbert, the Assistant State Superintendent set aside never heard teachers with better prepared duties. He complimented the school children who took part on the program and also the school system of the Nicholas County schools.

The address made by Mr. Gilbert on the Conservation of Fruit and Beauty was one of the best we have heard in a long time. He addressed himself principally to the teachers and he sure has set the teacher before ages made to see new beauties in the products of Gardening as she listened to his excellent address. He has been a teacher in the rural schools, a county school superintendent, a city superintendent, and is now assistant state superintendent; thus he has a very broad view of the school situation and can readily sympathize with the over worked, under paid and, oftentimes unjustly criticised rural teacher. This was Mr. Gilbert's first visit to Nicholas County. He spent the forenoon in our office and we learned many interesting and helpful things about the line of our work from his visit.

The following trustees were present: D. Clark of Cane Run, Claud Whaley of Moorefield, N. H. Ashcraft of Maple Grove and Richard Smoot of Jacobson. Three of the absent trustees had good excuses. The was decorated beautifully with potted plants and cut flowers. Rev. Hall read the scriptures and prayed. The church was so full that chairs had to be placed in the aisles. If more of the trustees had been present this would have been the banner division. Division A is the banner division.

The East Union Hallowe'en observe much credit for their splendid delegation of pupils and parents at the association.

The Morningglory school observed Hallowe'en last Friday afternoon in a most interesting manner. Miss Grace Davis Barton, teacher, sent invitations to the mothers to be Hen and Egg Shower Friday afternoon for the benefit of the school, and asked them: to fill said eggs with money. 11 hens and 45 dozen money eggs were contributed. A number of men were present, too. A very enjoyable program was rendered by the children.

Last week Mrs. Taylor visited the Judy and Cane Run schools which completed her month of assistant supervision. We are sure that the schools where she visited were much benefited by her. We have visited all the schools that she has visited except four and shall visit them soon.

Last week we visited the Blue Lick school, taught by Miss Pearl McCann; Hildreth, whose teacher is Miss Sallie Mitchell; Rose Hill, taught by Miss Grace Ogden and Cranney, taught by Miss Nellie Purcell. They are all doing good work.

We received an invitation from the Ellisville school, whose teacher is Miss Laura Watson, to attend a Longfellow program this Wednesday morning. We will tell you about it next week.

A Night Of Terror

Few nights are more terrible than that of a mother looking on her child choking and gasping for breath during an attack of croup, and nothing in the house to relieve it. Many mothers have passed nights of terror in this situation. A little forethought will enable you to avoid this. Chamberlain's Cough Remedy is a certain cure for croup and has never been known to fail. Keep it at hand. For sale by All Dealers. Adv.

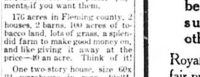
SUNSHINE!

The Bulletin have a saying, "Where the sunshine is shut out, the doctor is shut in." This saying is true. Sunshine chemicals are the only things that will drive disease germs from the household. The germs in the spit of a consumptive will live for days and may be fatal to another or two, are quickly killed by sunshine. The sunshine also more friendly to the other germs of disease. Especially should we have your windows and shutters open in the Hen and Egg Shower Friday afternoon for the benefit of the school, and asked them: to fill said eggs with money. 11 hens and 45 dozen money eggs were contributed. A number of men were present, too. A very enjoyable program was rendered by the children.



PLACARDED!

When the pestilence says "Scarlet Fever!" or "Diphtheria!" and a yellow card is put on your door, and you are not allowed to go out, and only the doctor can go in and out, don't think that all this misfortune is necessary, and invoked simply by the carelessness of the doctor. There are many cases where the case is extremely delicate that it is hard for the layman to understand them. More often than not the people who call the doctor too late to succeed. If the bowels discharges of a typhoid patient are at once thoroughly disinfected by formaldehyde, sunshine, or any powerful chemicals before being thrown out, it is perfectly possible for no germs to be carried to water under ground, or by flies through the air for a long distance, to infect other people. The germs of scarlet fever may live in the clothes of the victims and months later infect the person who changes to handle them. When the doctor's precautions bother you, remember that the ignorance, carelessness and misery of some one else is responsible for the disease in your family, and co-operate with your doctor!

SOME BUSINESS AND NO POLITICS

This column is owned and edited by the Carlisle Real Estate Company, who are responsible for what appears herein.)

125 1-2 acres—one of the very best farms in Nicholas county—about the only farm in this county of which it can be said that IT IS ALL TOBACCO LAND. Has 5-room house, two barns, a great deal of finest standing timber, the easiest farm paid for in Nicholas county, very cheap at $82.50 an acre. Note this is a TOBACCO FARM RIGHT.

193 acres, well improved, 3 good barns, good house, plenty of tobacco land and barns to house it in, abundance of fine Blue Grass, one of the best farms in all the county, a great bargain at $100.00 an acre. 1 1-2 miles from Carlisle, pike, rural mail, railroad station. A magnificent farm and home.

50 acres—a nice little place, good house 7 rooms, new barn, abundance of water, all in grass except four acres which is in woods, never tended. Right on good pike and within 300 yards of school. A fine little place and a sure enough bargain at $1250.00 for the place, payments if you want them.

176 acres in Fleming county, 2 houses, 12 barns, 8 acres of tobacco land, lots of grass, a splendid farm to make good money on, and like giving it away at the price—$ an acre. Think of it!

One two-story house, new, 6th st., warehouse in rear, 40x24, two story, driveway on the side; this property is in Moorefield's best residence section, on a large corner lot, 100x200 feet. Price $2,000. Deposit Bank on one side of this building. Post Office on the other side, four churches, good graded school, 2 coolers, 2 blacksmith shops, good neighborhood. This store room has been occupied as a general store for 60 years. Buildings in first class repair and can be bought for $2,000 cash if sold at once. Not land. If not sold at once will be built into a dwelling, as the rental price. Equipped with modern electric lights.

Now, we have a great number of farms, which we cannot mention in this space. Come to see us. For instance a good farm of 100 acres near Millersburg, another of 65 acres right at Millersburg, 80 acres this side of Moorefield, 126 acres Jacksonville, 85 acres Hinkston bottom land, two houses, barn, $6,500 an acre; any kind you want, 5 acres, fine store, little ones, high priced ones, low priced ones, and we can supply any demand, and would like to show these farms to prospective buyers. Come in and see us and WE WILL DO YOU GOOD. Too busy to call? Write us for an extended advertisement.

Public Sale

Elegant Country Home

R. R. Templeman's Heirs at

Saturday, November 15th

10 O'Clock, Sharp, will conduct a sale at their farm on the Carlisle and Shawhan pike, 1-2 miles from Carlisle.

Sale will open by offering our farm of 80 acres, with all improvements; decidedly the most desirable home near Carlisle; large two-story house in excellent condition; 2 large tobacco barns, one new; never been used and all his household goods were destroyed in the $200,000 fire which swept the little city of Jackson. Mr. Henry Metcalfe received a letter from his son Tuesday morning saying that he and his family were temporarily located in a construction camp car, as are many of the citizens of Jackson, who were made homeless by the fire.

At a meeting of the city council, held Monday night, the following business was transacted:

A petition was heard, seeking to have a street light placed at the corner of North street and Archdeacon Avenue. Action was deferred and a committe was appointed to report upon the advisability of adding to the Standard Oil Company a triangular shaped lot at the West end of Water street. The committee was instructed to set a price on same. The report of the Treasurer showed $1,076.45 of 1913 taxes collected. Balance on hand in the treasury $760.92. Police Court fines, $29; license collected, $6. The meeting adjourned until tonight.

Had to Be Done.

"You cannot burn the candle at both ends," said the young wife, remonstrating with her hard-working literary husband. "I'm afraid, my dear," was the reply, "it is the only way to make both ends meet."

HOUSEKEEPERS

Must be Watchful

For great efforts are being made in this vicinity to sell baking powders of inferior class, made from alum acids and lime phosphates, both undesirable to those who require high-grade cream of tartar baking powder to make clean and healthful food.

The official Government tests have shown Royal Baking Powder to be a pure, healthful, grape cream of tartar baking powder, of highest strength, and care should be taken to prevent the substitution of any other brand in its place.

Royal Baking Powder costs only a fair price per pound, and is cheaper and better at its price than any other baking powder in the world.

MARRIAGES

KENNEY-MYNHAR—Mr. James C. Mynear and Miss Mollie Kenney, both of this county, were married at Sailwell, Wednesday.

The marriage of Miss Willie Lou Jacoby and Mr. James Anson Squires, both prominent young people of Bourbon, was quietly solemized at the home of the bride's parents, Mr. and Mrs. Lyle Jacoby, on the Jacoby & Kenney six miles from Paris, Thursday.

The handsome colonial home was transformed into a bower of beauty for the occasion, festoons of Southern smilax being used over the mantles and doorways, and twining the stairway, while quantities of gorgeous white and yellow chrysanthemums were used with the green. A bank of ferns with the white hosannas and gleaming cathedral candles formed a beautiful setting for the bridal party in front of the mantel in the parlor.

Miss Rose, of Carlisle, played a charming program of wedding music and Mrs. R. Dean Squires, also of Carlisle, sang several lovely selections. The joyous strains of the wedding march announced the approach of the bridal party, preceded by Reid Squires, pageboy and Louise Jacoby, tiny flower girlies, dressed in white, who formed an aisle with broad white ribbons. Miss Jacoby's gown was Cluny beautifully gowned in pink chiffon over pink satin trimmed in rosebuds, accompanied by Mr. R. Dean Squires, of Carlisle, a brother of the bridegroom. Following these were Miss Myra Jacoby, a cousin of the bride, wearing pink charmeuse with shadow lace waistings, Mr. Piper, of Carlisle. The bride and bridegroom entered last.

The bride who is the only child of the house, was never handsomer than when she entered, though becomingly gowned in a white brocade satin and charmeuse trimmed in orange blossoms, which were also used in her bridal veil. She carried a shower bouquet of white roses and valley lilies.

The impressive ceremony was pronounced by Rev. Ellis Eldred, pastor of the Carlisle Christian church.

Guests were present from Little Rock, Cincinnati, Mt. McMillan and Carlisle, Kentucky. The large number of wedding presents is evidence of the popularity of the couple. After the ceremony the bride changed her wedding robes for a beautiful cloth traveling gown of brown, trimmed with soft furs, gloves to correspond, and the happy pair left for a Southern trip. Upon their return they will go to housekeeping near Little Rock.

SWEEPING

Was The Victory

Of Democrats Tuesday Both In Nicholas As Well As Generally Throughout The State.

The Democrats made it almost a clean sweep in Nicholas Tuesday, electing the entire ticket with the exception of a magistrate in the second district, where A. A. Mollikin, Republican, defeated James E. Scott by 18 vote.

James A. Cameron, candidate for Assessor, lead the ticket with a majority of 631; M. M. Brothers, candidate for Jailer, received a majority of 416; T. E. Hutchings, candidate for Coroner, 536; W. T. Parker for Sheriff, 425; James Mitchell, for County Judge, 401. The majorities in most cases are slightly below the normal Democratic lead, they are ample enough to show that there was not as much scratching as had been predicted.

Both constitutional amendments received safe majorities, the tax amendment being the most popular.

Election day passed off quietly, no disturbance of any being reported in any of the precincts.

Next Legislature will be Democratic

Sweeping victories were scored by the Democratic candidates throughout the state. The next General Assembly will be all of the counties usually going Democratic with the exception of Barren county. Appleton will be elected Democratic candidate for the Legislature was elected, Democratic candidate running on a "citizen's ticket" was elected in Hancock county.

The majorities in the next House will be overwhelmingly Democratic.

Democrats carried Louisville and Jefferson county by large majorities, Boneburger defeating Axton for Mayor of Louisville by 7,000.

It was a Democratic landside in Kentucky, Ex-McMillan Secretary of State, Crittenden, Winchester and Carlisle.

The large number of wedding presents is evidence of the popularity of the couple. After the ceremony the bride changed her wedding robes for a beautiful cloth traveling gown of brown, trimmed with soft furs, gloves to correspond, and the happy pair left for a Southern trip. Upon their return they will go to housekeeping near little Rock.

CO-OPERATION

We make the statement that success in business depends on co-operation. No man can live unto himself alone; he is dependent on others for assistance. Take for instance the town and country. For a community to be successful they should co-operate with each other and encourage every kind of business and manufacturing that will benefit them. The more general the prosperity in the county, and the more we make it much superior to any shipped in. We do not bleach it as many others do in order to work in our low grade and increase our profits. We ask you to buy our flour and if you merchant does not handle it tell him you he has some as good or better; and if that merchant is buying his own business and yours by driving out the factories from your community. No community has general prosperity without factories. And the more factories the more general the prosperity and your merchant does not handle White Rose Flour order it from the mill. We will be glad to sell you.

Sickness Comes With Cold Floors

A cold house in the morning.
The children whimpering and chilly.
Next thing—the doctor.
Why take these chances?

COLE'S ORIGINAL HOT BLAST HEATER

will maintain an even temperature in your home day and night. The greatest fuel saver known.

Burns soft coal—lignite—hard coal —or wood.

The fire is never out from fall till spring in this great heater and fuel saver.

It will cut your fuel bill in half.

Come in and see it. It is worth your while.

See the name "Solite" on the feed door on each stove. None genuine without it.
