"Where There's A Will"

This delightful story written by the popular author, Mary Roberts Rinehart, has had a large sale in book form. This paper has been particularly fortunate in securing the exclusive serial rights for this story and the first installment will be printed at an early date. This particular will bequeaths a prosperous sanitarium with all the accompanying property to the grandson of the testator, providing the young man can run the place profitably for a period of sixty days. The grandson fails to show up on time and an impecunious stranger is persuaded to take his place. The plots, intrigues, the humors of the fractious patients will make you laugh from the first to the last installment. We know our readers will enjoy this splendid story. Watch for the opening installment!

Headquarters

Preaching at Mt. Carmel next Sunday.

"Uncle" Jake Martin is ill with cancer of the face.

Mrs. Isaac Peeback and Mrs. J. T. Boone are on the sick list.

Mrs. W. D. Morris went to Cincinnati to visit her cousin who was operated on for internal cancer.

Volney Early, wife, of Stuttgart, Arkansas, and his brother, Hensley, of Millers Station, five persimmons by parcel post. They measured six and seven inches in circumference, the largest ever seen here. They were jumbos.

We were sorry to hear of our friend, Mr. Jack King, getting shot in the jaw while killing hogs, and hope it will not prove serious.

The Pure Food Law And Its Enforcement

Since the enactment of the pure food law, rich and powerful combinations of manufacturers have tried to nullify and prevent its enforcement. Partially decayed meats and vegetables can be used and made to appear good and sweet by the use of benzoate of soda. And in the trial of some of these cases before a jury the evidence being so conflicting the case has been occasionally decided against the Government. Some chemist testifying to the harmlessness of these drugs, and others to their harmfulness.

The bleaching of Flour is by a different process. In the trial of these cases the defendants have claimed that the small amount of poison injected into the flour to bleach it, was harmless, while the prosecution claims there may be no harm done to stout healthy people, but to delicate people and children it is harmful. Plenty of chemists have testified each way on bleaching flour.

All the bleaching cases are now in the Supreme Court of the United States. How soon they will be decided is hard to tell. In the meantime bleaching of flour goes on. We do NOT BLEACH OUR FLOUR. We are a HOME mill and buy our wheat from farmers in the county. Then why not patronize your home mill where you get the best flour, and every sack guaranteed. When you see WHITE ROSE branded on a sack or barrel of flour it is a guarantee of its purity and excellence.

W. J. KENNEDY, The Miller.

A Gentle And Effective Laxative

A mild, gentle and effective laxative is what people demand when suffering from constipation. Thousands swear by Dr. Kings New Life Pills. Hugh Talman, of San Antonio, Tex., writes: "They are, beyond question, the best pills my wife and I have ever taken." They never cause pain. Price 25c at druggists or by mail.

Disastrous Fire

(Continued from Page One)

Several persons narrowly escape serious injury from an explosion caused by accumulated gasse, which occured about thirty minutes after the fire was discovered. John Archdeacon, assistant fire chief, firemen Geo. Bratton and Rolla Hall, and house. but was at no time in Charles Mathias, a volunteer, danger were fighting the fire from a box car in front of the building when an explosion occurred, blowing that had assistance in time. Archdeacon, Hall and Mathias to flight. Dressed fowls and rabbits were taken out in numbers and some were returned.

Mathias was burned considerably about the neck and ears. Bratton, who was holding the nozzle was saved from falling by the hose hanging to the car.

A large part of the damage was caused by smoke and water

The fire company worked with a will and are to be complimented on the manner in which they handled their work. The volunteers were plentiful and rendered assistance.

No damage was done surrounding property. The Farmers Loose Leaf Tobacco Warehouse No. 2, is connected by a metal covered shed with the Produce Bratton and Rolla Hall, and house. but was at no time in

A large number of live turkeys wandered away besides others were killed. Dressed fowls and rabbits were taken out in numbers and some were returned.

The passenger train for Maysville was delayed about thirty minutes.

A heavy rain was falling which made it hard on the firemen on the outside, and no assistance to those on the inside

SOME BUSINESS

NO POLITICS

(This column is used and edited by the Carlisle Real Estate Company, who are responsible for what appears herein.)

How often, O how often do we sit idly by and let the golden waters of opportunity pass right by us. Hundreds of our good farmers are daily watching other men get rich while they could just as easily make some of that good money themselves. Good farms are going right now for prices that a year from now will look foolishly low. The moral is, BUY NOW. Farmers are realizing more and easier money this anybody else and the right thing to do is to see the Carlisle Real Estate Company and buy such a farm as will provide comfortable and pleasant home and at the same time make money and sell at a higher price afterwards. Today is the day of salvation" and we have the farms for sale.

Here's a fine home and farm—126 acres, 4 miles from Carlisle on the pike to Morefield, elegant home, 7-room house, two new barns, lawn of shade trees, everything just as it should be, and a magnificent bargain at $85 an acre.

Another—80 acres with one of the nicest homes in Nicholas county, all kinds of barns, a new silo, abundance of fruit, first-class tenant house. Owner wants to sell a certain boundary which may be sold in part but will sell it at $80, guaranteeing that many acres, and this magnificent home only $9,000. One of the best values in Nicholas county.

75 acres 4 miles from Carlisle on good pike, 50 acres of tobacco land and blue grass, good comfortable house, excellent barn, cellar, one of the best small farms we know of and very, very cheap at $52 per acre—unless, but a bargain sure. You'll have to buy or two on this farm.

170 acres of Fleming county land—2 miles from 2 extraordinary good barns, owner says 100 acres of tobacco land, every thing in good condition, and the cheapest farm you ever saw at $40 an acre. This is a good "long distance" farm.

128 acres 2 miles from Carlisle on the Morefield pike, nice big house, first-class tenant house, 2 barns, plenty of timber land and blue grass, a very pleasant home and profitable farm, and cheap at $110 an acre.

200 acres of a good land, two complete sets of improvements, houses, tobacco land, a lot of fine blue grass, on easy terms, and more than cheap at $60 per acre.

80 acres of land with good land, good barn, all in first-class condition, 1-2 from Mount Olivet, all in grass and has been for years, a bargain at $65 an acre.

Here is just about the best and most productive farm in Nicholas county—only 6 live, productive acres, 120 acres of tobacco land, good pike, railroad runs in front of farm, good house, 2 tenant houses, 3 barns, lot of tobacco land, and will sell for years, abundance of blue grass, a money making farm at $60 per acre.

80 acres of land with good land, good barn, all in first-class condition, 1-2 from Mount Olivet, all in grass and has been for years, a bargain at $65 an acre.

A good farm never advertised before 85 acres of land lying on the Maysville and Lexington pike, some mighty good land on this farm, location decidedly ideal, a bargain at $65 an acre.

The farm of all farm—294 acres, 11-2 miles from Paris, same distance from Millersburg, a TYPICAL Blue Grass farm, improvements very thoroughly complete, such a farm as is seldom on the market, and the price is just right to a bona fide buyer.

A Tobacco Farm Right—135 acres, ALL tobacco land—do you know of another anywhere?

121 or 122 acres in Bourbon county, all in grass except 30 acres cultivated this year, good big house, 9-acre tobacco barn, two other small barns, on the Millersburg and Ruddell's Mills pike, best Blue grass country in the world, this farm clean as a pin, a rare bargain at $100 per acre.

IT'S A FORD—IT'S A FORD—The FORD'S the People's Car—The Carlisle Auto Company (that's us) has just made a contract for TWENTY-FIVE new Ford automobiles. These cars will begin to arrive in Carlisle during January, February and March. Persons who want to avail themselves of this good car and the right price EARLY this year. It is true that the capacity of the Ford factory has been enlarged but it is absolutely impossibly for them to make as many Fords as the people want; therefore if you want a Ford for 1914 you must get your order in early—get one of the first shipment if possible. You will hardly be able to get one in May or June. We expect to sell many times the number sold in 1913 but our friends must not delay their orders.

A Night Of Terror

Few nights are more terrible than that of a mother looking on her child choking and gasping for breath during an attack of croup, and nothing in the house to relieve it. Many mothers have passed nights of terror in this situation. A little foresthought will enable you to avoid all of this. Chamberlain's Cough Remedy is a certain cure for croup and has never been known to fail. Keep it at hand. For sale by All Dealers. Adv.

"Where There's A Will," by Mary Roberts Rinehart. It's just a delightful comedy with quaint characters and to satisfy the most exacting. The author brings in love affairs, jealousies, ambitions, and the farce is fast and furious from beginning to end. Be sure you do not miss the story with the first instalment.

An engineer, designated by the State Department, will come to Carlisle today, and will confer with the people of the Lower Blue Licks vicinity in regard to the building a bridge over Stoney Creek. Other points, where the question of the erection of bridges is being agitated, may be inspected by by him.

Judge John R. Riley, recently elected county judge of Rowan county, and a former resident of this county, was in town Saturday. Judge Riley stated to friends here that he had not definitely decided to made the race for Congress in this district, but that he would let the matter under consideration, and would announce his decision shortly.

The Health League of this county will put on sale the first of December the Tuberculosis Red Cross Seals, to be used on Christmas packages. The price of these stamps is only a penny and the money made on these will be used by the Health League in its fight against tuberculosis in our town and county. These stamps will be placed in the hands of school children, and a prize will be awarded the school in the county selling the largest number of stamps.

The Hunting Season Is Now Open And Our Game Preserve Is Not Posted

Come, make yourself at home and see what a collection of game we have gathered together for you.

You will say that our overcoats are bears. She will say that the suit we sell you is a dear.

And you will find that bagging one of our Otter Hats or Seal Skin Caps is great sport. Also don't overlook the many birds in our Haberdashery lines.

You don't require much, ammunition considering the value of the game, and you never fail to get what you shoot at and be entirely satisfied with it.

The Store With Two Designers

We have a most select stock of beautiful Millinery complete in New Colors, New Ideas, NEW EVERYTHING. We are sure we can please you.

Our hats are each and every one DESIGNED and made by EXPERIENCED MILLINERS—no guess work on our part, after four weeks study of French hats in the Cities, we feel we do know.

We have no special opening, we are ready at any time to show our line.
