An Opportunity The People Of This County Should Not Let Pass

We understand that Fleming County is not disposed to continue the proposed model road from Mt. Sterling to Maysville. We are also informed that appropriations have already been secured to build the road to a point two miles this side of Sharpsburg.

Here is an opportunity for the people of Nicholas County to secure a model thoroughfare throughout the length of the county to the Bourbon line. It is too splendid an opportunity, for us to let pass, but it will call for liberality, as well as for immediate action.

Judge James Mitchell has already written Congressman Fields in regard to government aid and has received Mr. Fields' assurance by telegram that he will take the matter up with the proper department at once. Judge Mitchell's prompt action is commendable and should have the support of every citizen of the county.

Such a road would pass through much of the best farming section of Nicholas, would increase the value of farm lands, and in our opinion would hasten the improvement of other roads, fifteen of which tap this main road in the sixteen miles from Sharpsburg to the Bourbon line. It is certainlY necessary to the continued success of the local tobacco market, as well as of value to farmers, merchants and to the L.&N. Railroad Company, which company, it has been suggested, would probably aid liberally in its construction. Unless such a road is built we may depend upon it that much of the tobacco, as well the custom that would otherwise come to the local merchants will go to Mt. Sterling. A man will not haul eight miles over a bad road, when he can do the same hauling more quickly and with great ease over twelve or fourteen miles of good road.

Let us awake to an opportunity which will benefit in some way every citizen of the county. Read the "Bumingasses of Reuben" printed elsewhere in this issue.

These days a man is known by the automobile he keeps.

County School News

The Teachers' Institute in session at the Court House this week with Hon. E. S. Ellerbe, of Lexington, as Instructor.

The Institute opened 21 today in morning with every teacher present except two and one of them was excused on account of serious illness in her mother.

Judge William Lisle, of Bourbon, the well-known editor and orator, delivered an interesting address this morning.

Prof. R. D. Squires, who has been employed the institute for Mr. Ellerbe, gave the program and conducted the institute. He also delivered an address.

Dr. W. F. Vaughn, of Lexington, the Methodist Pastor, was then introduced by the county Superintendent. He gave a most delightful, informative address and to show their appreciation of Dr. Vaughn's pleasing address they gave him a fruitful collection of Bushels.

A full program of the Institute will be given next week.

Thursday will be County School Commencement Day. It will be held in the Opera House. There the graduates have the distributing of the tickets and as the theatre seats only about 500 only those who have tickets can attend.

Miss Jessie D. Varney, County Superintendent of Mason County, Kentucky, has her teachers' Institute this week with Mrs. Cora P. Stewart as Instructor. Miss Varney is going to have a fine Institute Thursday. She will arrive here on the 9:06, a.m. train. This is quite a compliment to the Nicholas County Institute.

A splendid program has been prepared for Thursday morning and also for the Commencement.

A Card

Many thanks to citizens who supported me in the recent primary. May God bless you, and Heaven of its purest joy to you. For a much smaller number, I am grateful to Bible, who voted but to spare the great critics of Judson and Simonton. He reduced the number to ten. Perhaps there are several more individuals that I know not what sort if man they are, I will endeavor to find out, and if we have time for trial. I never was drunk but once, and that was when I was a parent to children and not one of them found me disgraced. One intoxicated man was at that time dancing in my life, haven't made a bet in 15 years, don't smoke or chew tobacco, never quarrel whether every time I lack a cent, didn't owe any money or anybody to influence votes for me, and can say that neither I nor did not misrepresent any candidate to get votes, and would have plenty with out office, if I can't say half of a respectable deal. Just set it down as a candidate for the same place I was before.

P. B. BATES.

Narrow Escape

Jeff Pitman and Harold Brunson had a narrow escape Tuesday night when their motorcycles collided on Main street on Mr. Pitman's motorcycle. They were coming at a moderate speed when, on making a turn just below the Methodist church on the Maysville side, the motorcycle ploughed into some rock which had been scattered on the road by Mr. Pitman's front wheel of the machine. Pitman was considerably cut and bruised, but last night was improved, twisted, and will be on crutches probably for several days. Brunson was slightly bruised, and scratched about the face. They were brought to this city in the automobile of the Carlisle Real Estate Company.

I desire to express my sincere thanks to the voters of Nicholas county who supported me in the race for Sheriff in the recent primary, and if elected in November as the next Sheriff of Nicholas, my services are at all times at your command, day or night. Thanking you again for all past favors, and assuring you now that I will not be a candidate for any office in the gift of the people of Nicholas county the next four years, either dead or alive I am. Your obedient servant,

W. T. PARKER.

SOME BUSINESS AND NO POLITICS

This column is owned and edited by the Carlisle Real Estate Company and is not responsible for what appears herein.

Gee, but the world do move! Everybody's busy, drought or no drought. It's been much worse than people are standing up under it remarkably well. We'll have a pretty good tobacco crop and the shortness in prices will more than be made up in price, while we'll have some of the finest corn ever seen. Look out for lots of fall crops. The Lord is not going to forsake us and a short corn crop means a good crop of fall grass. The thing to do is never to despair or render keep up the fight and never say die.

Let's tell you about a farm of which you have never seen a description. 102 1-2 acres, good land and no mistake, all in grass except about 35 acres. Could be in corn and tobacco, 12 acres meadow, 100 acres of this land is blue, a good big 2-story house, newly rebuilt, with porches, combined barn 50x50 newly roofed and repaired, also sed barn, about 7 miles from Carlisle, 2 1-2 miles from Sharpsburg, 3 miles from school, church and Sharpsburg village, a good pike, no bane a place where one can live and have fun and make money at the same time. We will sell this excellent farm for $75 an acre. It's a bargain.

His acres, unusually good 2-story house, good barn, plenty of water, 2 miles nearly all the farm in grass, a good, honest home, 2 1-2 miles from Carlisle if right on the pike would bring from $140 to $150 an acre, but being 1-2 mile off we can sell it for 965. This is a good farm and bought to go yours.

25 acres joining the above can be bought with it if not to much land. Two improvements, all tillable land. Should be bought with the 102 acres farm.

120 acres on the Maysville pike and the best farm in Nicholas County for the money. This farm has two houses on it, the best one being 7 rooms, nearly all the fence in good repair, 2 1-2 miles from Carlisle, a good pike, 75 acres in grass, good fencing, plenty of water, good orchard of all kinds of trees, lot of alfalfa on the place, good store building on the place and excellent location for store. 100 acres in pasture, a money making proposition at $200 an acre. Liberal terms of payment.

150 acres good land in Fleming County 2 miles from Carlisle, good house, good barn, better land than most any farm in Nicholas and cheap at Ten Thousand Five Hundred dollars for the farm, and a good deal for the right farm as this for sale.

176 acres Fleming County land with two houses, 2 barns, 100 acres of tobacco land, well watered and well fenced, and we can sell you this good money maker from $40 to $45 an acre and than FORTY dollars an acre and give you good time payments and a low rate of interest. This is an opportunity that does not come often.

36 1-4 acres, house in fine land, very beautifully located on the Maysville pike, a good 7-room residence of Hon. C. S. Templeman), no improvements, but prettiest building site in Nicholas County, and will sell this at a bargain at $250 per acre. With reasonable improvements this place would be worth a thousand dollars per acre in the county.

Scarce, just a little beauty, new 6-room house, new barn, cistern cemented all around, on one of the best pikes and in one of the best neighborhoods in this county. Must be seen to be appreciated and his family, and $6000, in payments or cash, will buy it.

A very complete selection of city and suburban property. We can please anybody and have some money-making bargains. 160 Fayette County farms, large and small, for sale or exchange. Prospective purchasers of either farms or city property should write us. If you want to buy—if you want to sell, see the Carlisle Real Estate Company.

Frank Berry is convalescent after an attack of fever.

Mr. and Mrs. L. B. Barton and Miss Willie Cameron motored to Paris Sunday and spent the day.

Thomas Tedder and sister spent Saturday and Sunday with friends and relatives at Sharpsburg.

A Word To My Customers

Two Meat Shops in town—one selling steak at 25 cents—the other selling it at 20 cents, and both claiming to be the cheaper. Who is making the money? I say the price we are paying for beef cattle on foot, and the price selling steak at 20c is not getting high enough to make a legitimate profit.

I am selling plenty of beef, but not making money after paying large ice bills.

If the people want me to continue selling beef at 20c to 25c, 12½c to 20c please give a generous order and I will buy my beef under or from pay test and check here.

The written arguments of Judge L. P. Fryer, in the contest case of H. N. Rankin vs. W. T. Parker, gives Parker 29 votes and Rankin 31, by a majority of 2 votes. There was some discussion as to whether the increase of five votes shown by Parker in the recount of Buzzard Roost precinct would be counted, as the attorneys for Mr. Parker had not asked for a recount in this precinct. We are informed, however, that Judge Fryer held in his opinion that, inasmuch as the contestant, Mr. Rankin, asked for such a recount, the result of said recount should be counted in determining the final result.

Wife Of Walter Maus Whose Body Was Sent Here For Burial Monday Is Being Held By The Cincinnati Police

A mystery has developed concerning the death of Walter Maus, whose body was shipped here for burial Monday noon, and his wife, Mrs. Alma Maus, who attempted suicide, Sunday, is being held by the police of Cincinnati, pending an investigation. Mrs. Maus was Miss Alma Listhecomb, and married Mr. Alex Terry, of this county, some years ago. They moved to Cincinnati, and separated about two years ago. After securing a divorce from Mr. Terry, she married Maus.

The following is from Monday's Cincinnati Post:—"Mrs. Alma Maus, 28, of 131 East Ninth street, who swallowed a solution of bichloride of mercury tablets Sunday, told detectives, who visited her at the Cincinnati Hospital Monday, she wanted to die because her husband was dead.

The husband, William Maus, 34, an employe of the American Tool Works, died Friday at the Deaconess Hospital. The Coroner was told the end of an umbrella had wounded his thigh, causing gangrene.

John Debrey, a fellow-employe of Maus, visited the Coroner to make a thorough investigation. Detectives Schafer, Ottenjohn Wegerer and Knackenbrner investigated stories that Maus had been attacked with an umbrella.

The woman declared her husband had died from the effects of poison, taken in an attempt to commit suicide, was refused permission to leave the hospital Tuesday at the request of Coroner Foertmeyer. He wants Mrs. Maus to remain as a witness in the inquest into the death of her husband.

Held with Mrs. Maus, charged by a wound in his right leg, which he told hospital physicians was accidentally inflicted with an umbrella. A post-mortem examination showed he had been struck on the head.

Detectives Wegner, Knockenhoer and Schafer were assigned to investigate the death.

Wednesday morning's Times-Star has this to say of the case:—"Detective police and city hospital authorities refused to allow the exhumation of Mrs. Maus, 28, 131 West Ninth street, to remove the woman from the institution pending a coroner's investigation of the death of her husband from bichloride of mercury. Mrs. Maus swallowed a quantity of bichloride of mercury with suicidal intent Sunday. To-day she is reported to be in a precarious condition. Maus'
