Mrs. Mary E. Hoper.
T. S. Watson, Auctioneer.

The Fashionable Red Three Gaited Stallion

RED CLOUD, JR.

is by the Red Cloud, the greatest sire of Indian Chief.

Jet black, big time forward, 3rd dam by Nathan, 2nd dam Abdallah Rysdyk 4th dam Pacing Abdallah.

TIME UNKNOWN but forward, let them Nettie time, the greatest brood mare that ever lived.

RED CLOUD JR. is 11 years old this spring. He stands high, broad, deep body, clean, clear and wide. He is a natural high acting horse and a road horse proper. He has one of the best of Wheeling record 2:30 Red Cloud has recorded the best sire of Indian Chief and Red Cloud Jr. is the best son of all Red Cloud.

$10 To Insure a Living Colt.

From the same blood that produced Colonel Clement, Tom Chief 12 30, Montgomery, 2, 2:30 and Lady Bell Jarnet came Red Cloud Jr. He has proven himself a sire of speed, producing horses of the three gaited type that are so much in demand.

BERRY'S PRIDE

a fine Draft Stallion, will be retained for the season at my place, 2½ miles East of Carlisle, on the Paris pike. He is a well matched horse, weighs 1,600 pounds in plain flesh, and will be in good condition for the season. He is a handsome dapple gray, 5 years old, and is a sure foal getter, coming from the best sort of mares owned in Nicholas County, several bringing offers for this horse, so we know he is well, but a part as a product, standing 15 hands high, of perfect conformation, a fine dappled bay star and blaze, both hind feet white, whose ears and nose dark, limed weights more than 1,600 pounds, not weighing in his regular form. Description:

BERRY PRIDE by King Albert 15, 5062, by Sunflower Abbott 4096 by Lucky Chief 2502.

1st dam by Imported Hudson Blair, Red dam by Imported Rockwood.

TERMS $10
GENERAL GRANT 2280

GENERAL GRANT is 16 hands high, great bone and foot with show, style and finish, black with white points.

This jack was foaded August 12, 1904. Size 3 by Lathram's jack, he by Jack Spaniard imported 15.2 hands high; for which Mr. Lathram paid $1,100.

BLACK SPANIARD'S 1st dam by an imported jack.

GENERAL GRANT'S 1st dam by Big like, the Jas. Emmons jack, 16 hands high, 2nd dam W. I. Grant's pacer by Saddle jack, of Illinois, which was bought in Kentucky for $1500.

This jack is the best by far, individual and producer, in this section, having sold more high priced colts, and his colts being sought after by the most prominent buyers. The latter recognizing their developing and feeding qualities.

$10 To Insure a Living Colt, $15 For Jennets

REGULATOR 3420

This jack is the only living son of the jack that Mr. Sam Ralls, of Ralls county, says, was the greatest sire of show mules he ever showed. This jack's first colt will be foaled this season and we predict for him a brilliant future as a producer, standing 15 hands high, of perfect coloring, jet black with very white points.

$8 To Insure a Living Colt

While we do not make a specialty of barren mares, yet we have proven to our community that the Scientific Method of Breeding is doing away with the unproductive mares, and we have had great success from this method. J. W. Berry is a graduate of the American Scientific Breeding School at Kansas City, Mo., and is able to produce results.

Care taken to prevent accidents or escapes, but not responsible should any occur.

Last retained on cattle got by above stock. Money due if sale is not given, when colt comes or mare is parted with.

J. W. Berry & Son
Moorefield, Ky.
Postoffice address, Carlisle, Ky., Rt. 3.

Carlisle Real Estate Co.

Now comes the merry Spring time, when flowers bloom and birdies sing, when dressed up and full of business humanity seeks for something new," and [illegible] the roads dry, improved, quickly and joyfully we [illegible] the [illegible] rustic clothing of our "winter's discontent." And what would be better than a brand new, shiny, snuff going Automobile. Get out the cheque book. Do it now!

Now, come right in to see the Carlisle Auto Company and [illegible] yourself one of their magnificent automobiles. You'll want one roughly bad in a few weeks and we won't have them. We have them now and this is the time to buy. Don't worry about the cost—the world will go right on after you are dead and you'll little bunch of money has been divided out among your heirs and spent and forgotten. Better enjoy a little of it yourself while you are still living, too late after you are dead.

We sold last week a most magnificent Overland Automobile to Mr. Wm. Barbour, of [illegible] county. Gray & Davis Electric Starter, five bar electric lights and dash light also, [illegible] inch wheel base, everything just the very best that money can buy, and we have the mate to this fine car right on our floor at this time for sale. It's just your size, will you come and get it right away? If you don't the other fellow will get her beat him to it.

We have sold a few car loads of Ford touring cars. Nothing on four wheels like the Ford for the price. Don't tell anyone, we will ever get any more, but if you get three we could get a few for friends to have them. Of course, the first man who comes for a car will get one as long as they last, but they can't last long. Come right in and get one while you can.

We can sell a 5-passenger Ford, fully equipped in every way, for $590.00, a 7-passenger Roadster, for $625.00, which is guaranteed in every way. The Ford is the car that [illegible] rights called the "universal car." It is the car for the man who doesn't want to put his last dollar in an automobile, who wants a car that is simple, and that is dependable, reliable, that is fleet of foot.

The upkeep on a Ford car is very low. Any one can [illegible] horse and buggy. Here's how: Get whether you use [illegible] or [illegible] association will develop some startling invention for the benefit of the world. Watch and see.

Now, people, let us impress this matter on your minds. Ford cars are in great demand in the world over. It is absolutely impossible for the Ford factory to manufacture enough to supply the demand. Think of it; 4 cars are manufactured and shipped during the month of February, and the selling season not yet open. How many will be needed after the spring weather has opened up and the roads are open for automobiling. There, Boy Your Ford Now while we can supply you. No use to wait until May, you probably can't get one then. Buy It Now that's the system. We have them now, we don't know when we will have it any, later in the season. Mr. Falconi's greatest pride is in the photograph; Mr. Ford's pride is in the Ford automobile. Each of these great inventions is the master achievement of a master mind.

Undoubtedly, we have the combination that should win in the automobile business— the Ford and the Overland. Each is the best that has yet been produced in it's class. Won't you listen to our earnest exhortation and buy the automobile now.

An elegant $750 Piano Player for $300; never used much, as good as new. A $60 kitchen range, good as new, for $15.

Two fireclass building lots $225. Worth the money.

Mr. C. U. Bramblett is still writing insurance. He represents The Great Southern of Kentucky.

Fertilizer Backed By Reputation Of Shelburne

Sims Shelburne is prepared to furnish every one in the Barley Tobacco section with fertilizer through their agents, The Blue Grass Wholesale Commission Co., of Carlisle and the Moorefield Mercantile Co. of Moorefield.

The formula is 2-8-10, 2 per cent Ammonia; 8 per cent. Phosphate, and 10 per cent. Potash. This mixture is advised by H. C. Curtis, State Chemist, and recommended by Mr. R. F. Scherffius, Tobacco Expert of the United States Department of Agriculture, who writes us: "I tested your fertilizer on an acre of tobacco last year, securing an average yield of 1640 lbs. which I consider fair taking into account that the tobacco was transplanted late, and the season was too dry for the fertilizer to get full action. I am glad to state that I think well of your fertilizer as it is about, in my opinion, the proper formula for Burley Tobacco."

A. W. Montjoy, of Montgomery county, writes us: "I used 350 lbs. to the acre broadcast, and raised a fine crop of the best ordinary land. Have used several kinds, but yours is the best as it gives tobacco a nicer finish and better color than any thing I have ever used. Will be glad to use it again."

In addition to these references, we have just received a letter from Mr. P. Shaner, living near here, who tried several burley tobacco last year, in which he says: "I have tried your fertilizer, and it is all O. K. It will pay any man to use it, as it will give a good color to the tobacco and more money to his pocket. I am sure going to use it."

W. S. Jones, of Fayette county, says he used our fertilizer on his thinnest land and got more tobacco and his average on 12 acres was $3.50 a hundred more than it was on the other part of the crop. I can also plant Burley tobacco as it is about, in my opinion, the best fertilizer I have ever used."

Mr. N. H. Witherspoon, a banker at Winchester, used it on his tobacco crop and got a fine yield, and good color. Some of them he and W. F. Sphar have bought 22 tons for their wheat crops.

W. C. Waggoner, of Scott county, says he got 2500 lbs. more per acre where he used the fertilizer, and it stood the drought better than the other. Says he is the only fertilizer he would be willing to recommend to his friends.

A buyer on the Mt. Sterling market says he could walk over the warehouse floor and tell the crops that used our fertilizer by the color and texture of the leaf.

Mr. G. W. Ramsey, buyer for G. O. Tarr & Co., at Carlisle, says: "I know the Virginia Carolina Chemical Co., who makes the fertilizer for Mr. Shelburne, to be the largest manufacturers of fertilizers in the world, and Virginia and North and South Carolina they sell more goods for tobacco than all other manufacturers combined, which proves what they put out to be up to the formula claimed for it, and their goods are the best producers of results that can be bought."

We advise you not to use a fertilizer with over 2 per cent. of ammonia, the over 5 per cent. phosphate as it will grow a coarse red crop. What is most needed to make a bright, early, good finish crop is potash, and in our fertilizer we have the heaviest per cent. for the money of any fertilizer on the market, and find out self this fertilizer if we did not know it to be the best fertilizer for tobacco. It is backed by our reputation as tobacco people.

We advise the use of 40 lbs. to the 100 square yards on your land also, also on your gardens if you want early vegetables. As the best methods of using this fertilizer we would say that we think best to broadcast and cut in with a disk harrow, or drill in with a wheat or fertilizer drill, but if you do not wish to use so much force as that, you can put in by planting. In this case 250 lbs. would be sufficient to make a good crop. We are confident it will make you an earlier and brighter crop. Parties who used it on a few rows across the field say that the difference could be seen a long way off.

We are also prepared to furnish the best corn fertilizers made at the lowest cash prices.

Phone or call and see The Blue Grass Wholesale and commission Co., Carlisle, or the Moorefield Mercantile Co. at Moorefield, and let them tell you about the goods they sell you, and give them your orders. They have a supply on hand and can furnish your needs immediately.

Yours truly,
SHASSHELBURNE,
Executive Sec'y.

Sam K. Veach has a good new [illegible] for sale cheap for cash. See him about it.

Oakland Mills

James Alexander, of Davenport, Oklahoma, is visiting friends and relatives here.

Mr. and Mrs. Garret Linville visited her parents, Mr. and Mrs. Silver Dray, one day last week.

Miss Nancy Marshall of Carlisle, visited her cousin, Vida Marshall, last week.

Mrs. E. T. Endicott is visiting in Carlisle.

Prayer meeting at this place every Sunday night.

Protracted meeting will begin here the eleventh of May.

Mr. A. S. Hamm visited his daughter, Mrs. Ed. Lawson, of Carlisle, Saturday of last week.

While hunting eggs, the little son of James E. Denton, of the Mooresfield neighborhood, found a very large specimen of the genus, hen fruit, in the stable loft. Upon opening the egg, it was found to contain a second perfectly developed egg. The outside shell contained no yolk. The inner shell was hard and was a perfectly good egg.

To The Consumers of Flour.

Everybody must of necessity use flour. It is the most important food for the human family. We have flour on sale that has been proven wheat. There is no other flour makes so good flour as the wheat grown in South Bluegrass. It has a better flavor, is sweeter and will go further and make more bread to the sack than any other flour and does not have to be brushed with poisonous substances to whiten it. Ask your grocer for it, and if he don't keep it, tell him to get it. We are a home concern and will make more and better bread than any other flour, and it is just as good as we represent it. Thank and get your money back.

In the Bourbon Circuit Court last Saturday, Mrs. Anna Shaw Hopkins was granted an absolute divorce from her husband, Henry T. Hopkins.

Why not get that oil ready for Main street, before the dust has ruined stocks of goods, covered buildings and gummed up our many appearances? Let's get it and have it done.

Walter Morgan was fined five dollars and costs Monday in Judge Mitchell's court on a charge of breach of the peace. Morgan stabbed Tom Beck in a difficulty recently.

When buying fertilizer, don't go by what the agent tells you, look at the tag on the back and see what you are getting. Then give the largest amount of plant food for the least amount of money. Harry King.

County Judge C. A. McMillan, of Bourbon county, phoned Judge Mitchell last Thursday morning that Harvey Kenney, of this county, who had been under quarantine in Paris for small pox, had escaped and returned to Carlisle. Kenney has located in Dorseyville and returned to the authorities at Paris.

After deliberating three hours and forty-five minutes, the jury in the case of W. E. Henry vs. the Louisville & Nashville Railroad returned a verdict Saturday afternoon in the sum of $1,250. The amount asked for was $25,000. The accident occurred August 1, at Berry Station, in Harrison county. Mr. Henry is a former resident of Nicholas.

S. B. Henry has purchased the coal yard and residence of James George and will take possession about May 1. Mr. Henry will continue the coal business and will also sell grain, feed and fertilizer. Immediately after giving possession to Mr. Henry, Mr. George will move into the store room now occupied by the Lyric Theatre and the Masonic Lodge. He will live on the second floor and will conduct a furniture store on the first floor.

Work on the impounding reservoir for the water works system and the work of pipe laying is proceeding rapidly, notwithstanding the unfavorable weather. At the reservoir this week work on the concrete core for the dam has been finished. The huge pump, to be used to pump the water from the reservoir to the stand pipe arrived Monday, and will be placed in position at once. When the contracts were let, a four month's limit was placed on the work, after which time a penalty goes on for each day. It is therefore, expected that the system will be completed about the middle of June.

Mr. F. B. Lindsay, of Gibson, Montana, writes The Mercury:

"Spring has opened and I am again upon my ranch. Winter has been unusually fine with temperatures just below freezing; no snow, bright sunshine and but little snow. The country here is settling up rapidly. Four years ago the first white settler had 20 acres in grain; three years ago I was the seventh white settler. Now every quarter and half section has its settler and improvements for miles in every direction. This season at least 200,000 bushels of grain was threshed in my immediate neighborhood."

The case of F. V. Cox vs. the Standard Oil Company, in which the validity of his appointment as oil inspector for the county was to be decided, was tried Friday before Judge Kenney. Kenney, acting as special judge in the case. The attorneys, in a judgement in favor of Judge N. H. McNew, who was the other claimant to the office. Judge McNew was appointed oil inspector on January 3, and executed bond in the sum of $250. A $1,000 bond is required, by statute, and on the 12th, Judge McNew executed bond in this sum. In the meantime, however, Mr. Cox had been appointed. Judge Kenney's decision was based on the fact that the appointee is given 30 days in which to execute bond.

Mrs. Ella Ritchie went to Cincinnati yesterday to enter a hospital for training.

Tuttle's Elixir Co., Worcester, Mass.

You can't afford backward, pure tobacco plants when a small account of fertilizer and at a small cost will remedy matters. F. B. Henry.

THE MOLER BARBER COLLEGE of 323 E. 4th Ave, Cincinnati, O., wants men to learn Barber Trade. They offer splendid inducements and a short term completes. They mail free a beautiful catalogue and ask all our readers to send for it.

I handle the Eagle Brand Fertilizer and have for the last seven years; have been using it on my own farm with the very best results; sold over 30,000 pounds last year to farmers throughout the county and they are almost every day placing orders with me for this year's crops. I will sell you 50 pounds last year for tobacco beds alone, and they were almost invariably pleased with results. These same customers along with new ones are using it this season. F. B. HENRY.

WALL PAPER

I have rented a portion of Miss Wasson's store and have on display there a complete line of Wall Paper and Mouldings. Come in and make your selection. Will furnish estimates on painting or paper hanging.

3-26-2mos. W. C. BLACKWELL.

Spring Shoes on all lasts at Brooks' Store.

The three tobacco beds on my farm last year (fed fertilizer was used on more than beyond my expectations; the three on which none was used were almost a failure.

F. B. HENRY.

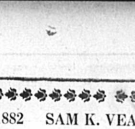
Truly A Pleasure



To show the Merchandise now in stock. For the beauty of fabrics and coloring and the gracefulness of styles make our lines a joy forever.

You will get much satisfaction in looking at these garments, in coming in and slipping them on; but the great satisfaction will be when you wear them.

The FRAT clothes for Young Men smack of London, as the makers have caught the English spirit and have been quick to add American improvements.

Mock, Berman & Co's line for the more conservative include Black and White, Blue and White, Grays, Browns, and many Blue Serges.

Give us the pleasure of showing you these good things, and trust yourself to the choicest creations of the Tailoring Art.

Words can not express their gossipe or beauty. SEE THEM.

Our Laundry Goes Wednesday

1882 SAM K. VEACH 1914

MISS KRUSE, of Cincinnati, who trimmed Brooks Dry Goods Store 4 years ago and since that time has been head trimmer and designer at the largest wholesale house in Cincinnati, is certainly an artist. Her hats are certainly beautiful. She is pleasing and gracious and always glad to please. She has charge of the trimming department again at Brooks Dry Goods Store. Call and see her.
