The Mexican Situation

Mediation of the Mexican troubles by Argentine, Brazil and Chile is proceeding rapidly. At the same time warlike preparations are being rushed by this government.

It is understood that the United States will demand the resignation of Huerta, the election by vote of the people of a Mexican president, and that Huerta's successor shall fire a twenty-one gun salute as an apology for indignities offered our flag.

The press of the country seems to doubt the ability of the mediators to reach a peaceful settlement of the difficulty.

American civil government, under martial law, with Robert J. Kerr, lawyer, of Chicago and Mexico City, as civil governor, has been set up in Vera Cruz.

General Funston has arrived at Vera Cruz with 5,000 troops.

Further troop movements are under way.

We began with Rural Route Number 1, last week, and sent three sacks of government matter and we had but more. We still have a few packages saved for local gardeners. So come in, any time, anybody, and take one or two—as the merchants always said, "Take dang nigh nuff of it."

"Sure in' Mercy's a great country," said the philosophical Mr. Dooley, some years ago. "It's a great country, sir. There is but wan thing wrong with it." "What's that?" said Mr. Hennessy. "It's overrun wid Americans," said Mr. Dooley.

Ex-Congressman David H. Smith, of Lancaster county, announced in Louisville Wednesday that he had withdrawn from the race for the Democratic nomination for United Senator from Kentucky.

O, City Fathers!!

Rural School News

Quite a large delegation left yesterday to attend the Kentucky Educational Association at Louisville, including teachers, county board, and city board members, trustees, the county superintendent, the editor of the Carlisle Mercury, W. E. Fisher, Jas. H. Tilton, editor Nicholas Advocate.

The Carlisle teachers with the City Superintendent R. Dean Sniffen left Tuesday in order that they might visit the Louisville schools Wednesday.

The Trustee Department is one of the most important features of the meeting. The necessity for trustees organizing has been discussed from one end of the State to the other. It is very essential that a large board of trustees, especially rural trustees, attend this meeting.

The teachers of Nicholas county are very loyal to their work and quite a number from here attend all educational associations.

1,267 enrolled from Nicholas county.

As State Organizer for K. E. A. I have been in 35 counties and teachers and trustees have enrolled in large numbers everywhere.

The Carlisle City Board certainly exhibited a very progressive spirit in educational interests when they not only closed their school four days, giving the time and 25 cents each per month on their salary, but they asked each teacher to attend. We know the loyalty to duty of the Carlisle teachers and are sure that much good will come to the school from this trip.

The corn club boys were busy getting their corff from the superintendent's office last Saturday. There are yet twenty-five members of the boys.

All the census blanks have been returned, except two or three. The trustees will please bring these in not later than the 9th of May; sooner if possible. I will be in Louisville from Wednesday, April 29th until May 2, but will be in the office all of the rest of the month.

County Diploma Examination the 8th and 9th of May.

LIDA E. HARRISON, Co. Supt.

Mrs. John Banta was the guest of Mrs. J. M. Wilson Tuesday afternoon.

In reply to his offer to raise a new company of militia for service in Mexico, Hon. R. Bruce has received the following letter from Governor McCreary:

Frankfort, Ky., April 27, 1914.

Mr. Hubert R. Bruce,
Carlisle, Ky.

My Dear Sir:

Aware of the 50th instant was fully informed of your patriotic purpose to have the privilege of raising a company for service in the event Kentucky is called upon for her quota of troops.

Your letter will be filed, and in the event I am required to raise additional troops in Kentucky, for the purpose referred to, I will give careful consideration to your request.

Very sincerely yours,
JAMES B. McCREARY,
Governor.

MONUMENTS

Ex-Carlisle Boy Is Seeing War at Vera Cruz

A former Carlisle boy is seeing active service at Vera Cruz.

He is Harold Harris, son of the late Ernest Harris, who was an employee of the Deposit Bank here for several years.

Young Harris was born in Carlisle, his parents moving to Paris shortly after his birth.

The Bourbon News says of him:

"Harold Harris, son of Mrs. Ernest Harris, a "jackie" on the U. S. battleship Connecticut, transferred from Tampico to Vera Cruz, is believed to have been among the number who took part in the engagement which resulted in the capture of the Mexican seaport. Harris has been in Mexican waters since the first demonstration of the Mexicans toward foreigners, when Admiral Fletcher's flagship was ordered to Tampico. No word has been received by his relatives or friends here for some time and his last letter was sent from Tampico. He has, however, received cards from that point and in his last communication stated he was enjoying life as a sailor, and was in the best of health.

A MISTAKEN IDEA

There are some people who still resort to druggist pills to accomplish certain results. Such people are mistaken in their ideas, and are the victims of unadvertised remedies. In Scott's Emulsion we have a time-honored remedy making flesh—its blood-forming properties—and strength-giving properties are building both from its very nature, and flesh and strength are the results. Avoid alcoholic substitutes for SCOTT'S.

Proclamation By The Governor Of Kentucky.

To The People of Kentucky:

Whereas, Education is universal in our Sable today is that the forces which make for intelligence and Christianity shall control the forces which make for intelligence and Christianity is the greatest forces which make for character and Christianity is the Sunday School.

Whereas, in an effort to produce a "Greater and Better Kentucky," the Kentucky Sunday School Association has appointed May 3 as a "Go to Sunday School" day, hoping to have one million people in Sunday School that day.

Whereas, the Sunday Schools of all denominations will observe this day with appropriate services and are issuing invitations to all our citizens to attend Sunday School;

And, Whereas, those who are interested in the welfare of the Commonwealth of Kentucky, should by all Christians and visitors to attend Sunday School in the church of their choice on May 3, 1914, and by their active encouragement and honor to those who labor, assist in making that they may see the work of a better Kentucky, and that they may in this service worship their God.

In Testimony Whereof, I have caused these letters to be made patent, and seal of the Commonwealth to be hereunto affixed. Done at Frankfort the twenty-third day of April, in the year of our Lord one thousand nine hundred fourteen, and in the one hundred and twenty-second year of our Commonwealth.

JAMES B. McCREARY.

Obituary.

Again the death angel visited the home of Mr. James Anderson and took the beloved wife, mother, Mrs. Hannah Anderson, who will be greatly missed, not only by the family, but by all who knew her. She departed this life April 12, 1914, leaving a husband and five children to mourn her loss. But we would point them to God, who can heal the broken hearted. She has gone to that bright world to meet her daughter, Alma, whom the angels recently carried to the Great Beyond.

On her bed mid downy pillows,
Friends and loved ones lingering near,
Dying by a Christian woman,
On her face no trace of fear.

"Jimmy," she said, to her companion,
"Many years along life's way,
Hand in hand we've waded together,
But our paths divide today.

You'll be still an earthly pilgrim,
Bound for heaven's golden shore,
But I go to Christ up yonder,
And will wait your coming there.
At my going do not sorrow
For we part to meet again.
Be too comfort by my presence,
That I do not fear to die;
Christ is all to me every step
In light and shadow He's our guide,
At the journey's end He whispers
"Child rest all shall thee bedide."
With a ray of heaven's sunshine
On her face she fell asleep,
A Christian's death is but a triumph
Watchers said, "and so we weep."

FIVE HUNDRED THOUSAND A HALF MILLION. Say, that's a big number, isn't it? Study over that a minute—half million—a half million, five hundred thousand. Take some counting to count that much.

Well, the Ford factory has sent out more than a half million such Ford cars to this date. Some more than these have been sold and Fords have been sold and paid for to this time. We couldn't give you better proof of Ford merit. Everywhere you'll find the Ford the favorite car. If the people didn't like the Ford if they didn't know that they got more for their money in the Ford than in any other car, nothing like the great number of Ford automobiles could have been sold.

And once again we are anxious to impress on our friends if you want a Ford—and who does not?—you must get a little busy about it. Get your order on file. You needn't take it now if it does not suit you to do so, but file the order, get the matter over. The factory will find when you are ready for your Ford you can get it. The State Agency people tell us that the order books are liable to close any day. They simply cannot make Ford cars as fast as the people want 'em, and they are making 1,100 every day, too, and when the orders have piled up until the day's output cannot be seen ahead, then the Ford people say, "No more orders taken." Then you have been caught up," and that means that somebody who wants a Ford, who needs a Ford, and who honestly intended to have a Ford will have to be Fordless for 1914.

Many, many years ago, a man much better than you or me said, "TODAY is the day of Salvation," and without, in the least, meaning to be sacreligious we say, "TODAY is the day to file your order for a FORD." So come along and let's get the agony over and you'll feel better and we'll feel better and we'll all be better.

Read this close: You want to buy something CHEAP. well, here it is: 50 acres land, pretty good house on it, pretty good land, too, and the whole thing for ONE THOUSAND DOLLARS; half cash if you want it that way.

Also for $1000: A mighty nice little place of three or four acres, 1 1-2 miles from Carlisle: nice little house in excellent condition; splendid barn, also in good condition; on the pike and a beauty. See it before it gets away.

If you want and must have a higher priced car than the FORD we can supply you at once with a magnificent Overland, fully equipped wiff Gray & Davis Electric Self Starter, 6 big electric lights, dash light also, one of the very nicest cars to be found anywhere. This car is an exact duplicate of the Overland sold to Hon. Jas. B. McCreary, Governor of Kentucky,

READ THIS: The Carlisle Auto Company is a member of the Central Kentucky Ford Dealers Organization. We buy all supplies and accessories through this Association and we buy in very large quantities and for that reason we buy at lower prices than other dealers can buy; therefore we can sell you what you need for less money than dealers who do not have this buying advantage.

We have a mechanic, a man who has had five years experience in automobile factories, and we are prepared to do all kinds of auto repairing and adjusting. Also, we can furnish good substantial automobile livery, either light or heavy cars.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Former Nicholas Man Loses His Leg

Special to THE MERCURY:

Mt. P. P. Shaw, of 2514, Columbus Ave., Anderson, Indiana, while painting the shingles on the shed of his barn six weeks ago, stepped on a fresh painted shingle and fell to the ground, breaking both bones in his left leg just above the ankle. He was taken to the hospital at once but the leg had swollen very fast, and he did not get the bones set for several days. He was kept in the hospital for five weeks but the bones would not grow together. His leg was amputated at the knee by Surgeon Hall, and he remains in a critical condition.

The Eagle Brand High Grade Fertilizer has been manufactured by the Louisville Fertilizer Co., since 1870 and sold to the farmers throughout the land. This 44 years continued business experience itself should commend their goods to the public. I have represented their output for 7 years myself and quite a lot of my customers have bought this same brand each year. It is the universal satisfaction that it has given to the farmers who have used it, that causes me to handle it each year. I have used it myself to quite an extent on my own farm with the very best results. I have at all times a good supply of tobacco, corn and grain grower. Don't neglect to use it on your tobacco beds, especially the late sown ones. Call Home phone 180.
