L. & N. Time Table

22 of the 113 insurance companies operating in Kentucky have, up to Wednesday morning, signified their intention of withdrawing from Kentucky, in the event that the Glenn Bill becomes a law, and have instructed their agents to cease writing insurance. If you are interested in the welfare of your town, write to your Senator at once and ask that he use his influence to defeat this bill.

'Slowly weather.
Yes, so I-cy.
The perpetrator of the above has been put out of his misery.

Man that is born of woman is of few days—and full of probes, if he happens to be a member of the State Legislature.

The weather man saw to it that Friday, the 13th, lived up to its sinister reputation in the matter.

Nicholas Grand Jury Submits Report Of Their Findings

The Nicholas County Grand Jury adjourned Saturday after being in session seven days. 35 indictments were returned, about half of them being for illicit sale of liquor. The following report of the work of the jury was submitted:

Nicholas Circuit Court,
February Term, 1914.
To Hon. L. F. Trent Judge:

We, the grand jury, empaneled for the February Term, 1914, respectfully report that we have been in session seven days. We have examined one hundred and forty-two witnesses and have found 35 indictments, have examined the jail and other public buildings and have found them in good condition. We have dismissed one case and reported one to the next grand jury.

We recommend that the fiscal court build a rock crusher and borrow money to stock the turnpikes, not to exceed the road tax, that it may be used on the pike during the summer season.

The grand jury wishes to thank the sheriff and his deputies for their excellent work during the sitting.

County School News

There were only twelve who passed successfully the County Diploma examination. They were: Vivian Maffet, Mayne House, Elmer View, Fanny Hunter, Ferrell Robinson, Clara Shaw, Beulah Shaw, Lois Dean Witt, Lizzie Mae Sexton, Etta Kerns, Fern Harter and Lelia Henson. We shall not give the names of those who failed unless there are some who are dissatisfied, in which case we will publish the grades of that pupil made in each subject and the general average. This was a bright class of girls and boys, but some of the examination was very hard and the children who failed were not sufficiently strong to pass the grade. But we feel sure that they will study hard and try again. Most of the pupils were weaker in grammar and composition than the other subjects.

We leave Saturday night for Richmond, Va., to attend the National Superintendents' Convention.

The last month's salary is ready and will be paid Saturday to all teachers whose teacher's report book, annual and 6th month's reports were in Monday for the County Board to examine and sign. Only 31 of the 41 reports have come in and all of them have not been signed by their trustees. Teachers and trustees should see that section 148 of the school law is carried out in this matter. It is published in the back of teacher's report book.

The County Board met Monday but as two members were absent not much business was transacted. The Moorefield committee came before the board and agreed to raise money to extend their school for two months.

TOBACCO SALES

Owing to the bad weather, little tobacco was sold on the local market, the entire sales amounting to less than fifty thousand pounds so far this season.

However the houses will all remain open until the remainder of the crop is sold, which is estimated at about ten per cent, is marketed.

Farmers will do well to bring their tobacco to market as quickly as it can be stripped out, and while all of the buyers are here. The amount of tobacco sold on the market to date is as follows:

Peoples'	2,936,855
Farmers'	1,904,995
Burley	1,500,080
Total	6,391,695

A Very Desirable Farm

The heirs of S. A. Rice and Lucy E. Rice will offer their farm of 61 acres, 2 roods, 12 poles, in Nicholas county, Carlisle, 1 mile from court house and 1 mile from Headquarters, on the Carlisle and Public Auction, on the premises,

Thursday, February, 26, 1914

at 1:30 o'clock, p. m.

This is a most desirable place for one who wants the conveniences of town and country. It has 9 acres in all in grass, well watered by never failing pools. Much of it is good tobacco land. Has about 500 forest trees, a splendid residence, large tobacco barn, stables, etc. Has all necessary outbuildings, a good orchard, well and cistern.

If I will be sold in three separate lots and as a whole.

LOT No. 1—21 acres, 2 roods, 9 poles and about 200 forest trees, tobacco barn and most of the improvements.

LOT No. 2—21 acres, 24 poles, has no improvements.

LOT No. 3—18 acres, 3 roods, 20 poles, has the school house.

Each lot has good tobacco land and plenty of water.

Any prospective purchaser will be shown over the property at any time.

Said sale will be made upon credits of nine and eighteen months. Possession March 1.

On the same day and place the following personal property will be sold:

1 brood mare, extra good, 10 years old, good worker, in foal to jack; 1 Jersey cow; 1 heifer; 1 mowing machine, almost new; 1 Randall harrow; about 3,000 tobacco sticks; 1 buggy, plows and other farming implements. HOUSEHOLD and KITCHEN FURNITURE, consisting of Beds, Dressers, Chairs, Stoves and many other things.

SOME BUSINESS AND NO POLITICS

Busy times, old folks, busy times these! If it wasn't for the blizzard we'd have had a fine time to-day. We'll be mowing things before long. The sunshine of prosperity is shining over the Old Kentucky Home, at least over that part embraced in the Burley Tobacco District, and the Blue Grass section. Last year's crop was signally blessed than during the year just gone by. Hugs, come on! We are high (saw a good Short horn cow) for an even $100! the other day, and her suckling calf for $40 at D. F. Caswell's sale and they were cheap at that.) Everything is high including city property in Carlisle, while the cow that jumped over the moon can't jump within a million miles of the price that Burley tobacco will bring this coming year. Had the 1913 crop of Burley tobacco been a good one there's no telling where the Burley would have gone to. Look out for a record price for the 1914.

The Carlisle Real Estate Company is looking for a half dozen REAL GOOD farms to cost from Twelve to Twenty-five Thousand Dollars. We have buyers for these farms but have been unable just to find them. Now, if any reader of the MERCURY has such a farm for sale or knows of such a farm please advise us at once. Want possession on or about March 1st.

Johnnie Slow-boy Smith went round asleep and we couldn't wake him. So we still have that good 50 acre farm on Cassday Creek for sale cheap. Good house, good barn, farm all in grass except forty acres of good tobacco, which we can sell for $3,200. Within a hundred yards of good school house. Only one mile out and very, very cheap at the price.

Also have that nice little out tage home at Miranda; 6 acres, good 6-room house, excellent barn and first class out build ings, fine orchard, all for $2,400. Something extraordinary cheap the finest and most magnificent home in the suburbs of Carlisle, that can be found anywhere, hard brick house with waterworks, virgin timber, etc., a gilt edge place in all the country; would cost, to-day $30,000 if it were close to Lexington, and we'll sell it for $18,000. 10 acres of excellent ground with good house, chicken yards and houses, everything just as it should be. Come on, Mr. Man, with some money, and buy this nice home. No city taxes to pay, concrete walks and electric lights, electric lights in the house. Also have a number of other attractive homes in all kentucky. Here's a good farm—82 1-2 acres in that fine Miller's Station neighborhood, good house, barn, cistern every thing all right and very cheap at $105.

Don't overlook RENT propositions;

Good house, partly furnished, on Maple street.

Elegant 2 room office next door to Citizens Bank.

Part of house on Sycamore street.

One of the nicest cottage residences in the cit; can be sold with the furniture, if desired. Beautiful property, ideally located and all right in every way. On Eastern avenue.

That nice cottage at the corner of Elm and Locust. This can be bought for less than it is worth. Don't wait but see us before the other fellow buys it?

THE END—BUY IT BECAUSE IT'S A BETTER CLAY.

In automobiles, there is no car equal to the FORD. We have them NOW, and this is the time to buy them. If you delay you will probably not get a FORD when you want it. You can get more and more satisfactory service out of the FORD than from and other automobile built. We hope none of our friends will be disappointed in failing to secure a FORD when they want it, but be warned for us. BUY IT NOW while we can deliver them. We can't tell when the factory will notify us that no more FORDS can be delivered for such and such a date. BUY THEM NOW—that's the proper method.

For a high class car the OVERLAND wears the belt. More for your money than in any other car of the class. Magnificent upholstery, 114 inch wheel base, 5 big electric lights and dash light also, Gray & Davis electric starter—everything right up-to-the-minute. Governor McCreary rides in an Overland, which was delivered the same day that the Overland now on floor was delivered to us. This magnificent car can be delivered for $1,075, freight added. We guarantee that this car is better than any car that can be had for less than $1,500.

Now, boys, don't delay getting in your order for these cars. You'll want a FORD the first pretty days and you'd better KNOW that you are going to get it. Come on in and say "I'll take a FORD and I'll take it out as soon as the weather is better." Well drop it for you all right. But you must get on record without delay, otherwise it's dollars to doughnuts that you won't get one at all.

The coldest weather of the winter was ushered in locally with the storm of Friday night. For the first time this year the cold snap is sufficiently prolonged to form good ice on the ponds and creeks, and a number of farmers have filled their ice houses. In some sections of the country the weather is said to be the coldest and the most severe the most severe since the winter of 1888.

Newt Rankin, Nicholas county's hustling trader is boosting a County Fair at Carlisle. He says that he owns a beautiful lot for such a purpose in the Graded School Building Company, and as Carlisle would undoubtedly be a good fair town, it is more than probable that the effort will meet with success. He requests the MERCURY to ask those who feel an interest in the proposition to call him up.

The fourth largest coal company in the State was formed at Ashland last week, when the new Elemp Consolidated Coal Co. began trade over the Ballay Coal Company, the Kentucky River Consolidated Company, the Calvert Coal Company and the Henry Coal Company' whose combined holdings amount to between 32 and 36 thousand acres. Most of the holdings of the new company are located on the north fork of the Kentucky River in Perry, Letcher, Knott and Leslie counties. Mr. W. S. Dudley, of this place, who has long been identified with the coal interests of Southern Kentucky, is president of the board of directors, and together with Vice President T. J. Davis, of the First National Bank, of Cincinnati, was largely instrumental in consummating the big deal. The new company is the largest that it will now be possible to form in this section, as practically all basins the mineral holdings in Eastern Kentucky. The incorporation is made for $5,000,000, with $2,000,000 as the paid up capital, or $1,000,000. The following are officials and members of the board of directors:—C. R. Elemp, President; John C. C. Mayo, Vice President, G. F. Copeland, Secretary, J. F. Buckingham, J. N. Camden, W. S. Dudley, T. J. Davis, of Cincinnati, John, Robt. W. Reed, of Indianapolis, John Downing, of Georgetown. The consolidation is made in order to block the immense property up for earlier operations. Some mining is being done, but further operations will be begun as soon as the weather will permit.
