TOBACCO SALES

The local tobacco market started with a rush Monday and record breaking floors of the weed were on sale at every warehouse. Many, who have been holding their tobacco, on account of the low prices brought by higher grades, which was a condition noted at all of the markets in the State, at the beginning of the season, are now selling their crops to market, having been encouraged by the tendency of the buyers to pay better prices for the top grades.

Wagons are coming to Carlisle this week from every direction and the full capacity of the four large houses here is required to handle the weed.

Sales began at the Farmers No. 2 Monday, and 125,000 pounds were sold at a splendid average, considering the quality of the offerings. Rejections were slight.

Sales started at the Peoples' Warehouse Monday afternoon and were concluded Tuesday morning. 255,825 pounds were sold at an average of $12.83. A better grade crop averages were as follows:

J. W. Throckmorton, Nicholas; 575lbs at $16.30.

J. W. Henry, Bourbon; 2500 lbs. 11.85.

J. H. Vice, Nicholas; 1005 lbs. 16.27.

Layson & Yates, Bourbon; 4525 lbs. 15.36.

Chas. Cameron, Nicholas; 2980 lbs. 19.75.

Peterson & McCord, Bourbon; 5970 lbs. 16.15.

Walter Sharp, Bath; 6240 lbs. 15.50.

Sales began at the Burley house Tuesday after the conclusion of the sales at the Peoples', 136,470 pounds brought a splendid average, and rejections were slight.

Sales began at the Farmers No. 1 Wednesday morning, continuing at No. 2 in the afternoon. The sale had not been completed as we close our report. About 250,000 were on the floors of the two houses.

County School News

Last Tuesday we went to Frankfort on business and while there saw the Senate and House of Representatives in session. The House is composed of a majority of farmers and is a most youthful body. There being a very few old men in it.

We had a long talk with Mr. Hamlett, State Superintendent, about the Rural School Supervisors, Centers and Buildings. Several new bills will go before the Legislature to change certain portions of the present school law, one of which is the County Board Bill which should be studied by every trustee in the State. We shall have more to say of it later. We had a talk with Mr. Vinson concerning the K. E. A. and the prospects for a big meeting in April are fine.

Saturday and Friday I visited the following schools: Good Creek, taught by Miss Nellie Carney. Stoner Creek taught by Miss Maggie Hopkins, and Mt. Carmel taught by Miss Ava Yates. Wish we had time and space to tell you about these schools. We will open a Bulletin later telling you of all of the schools of the county.

A meeting of the trustees of the county was held in the superintendent's office Monday. Although the day was the coldest day of the season, twenty four were present and some important matters were discussed by them. We will not have space here to discuss it but will later. Something very interesting in school news now.

Business Economy

In the every day business of home life in which our wives and daughters are engaged, does the husband and father ever stop to think of the many various matters which engage their minds and how they bring all these matters up so successfully and in a business way? We have often thought that if we men displayed the tact and business ability of our women we would be more successful. Often the most perplexing task to get up the next meal from good flour like White Rose flour, bread and the proper amount of soda or baking powder, that question is solved. Two pounds of our flour will make as much bread as two and one fourth lbs. of other flour. The flour will look and taste better therefore it would be economy to use White Rose flour if it cost one dollar a barrel more. Yet it costs you very little if any more. Then why not use it and leave your money at home where it will circulate among our town people. In the past week we have had quite a number of customers come to us for White Rose Flour, telling us that they could not get it from their home merchant. We were glad to serve them, and invite every lady to come if your merchant does not have White Rose Flour.
