Special Commissioner Barkley Woodfort, has published a report of the condition of the defunct bank of Geiger Alexander & Co., of Paris, which shows loans and discounts of $155,191.31; overdrafts of $11,811; due from banks, $34,796.55; and cash on hand, $28, indicating that little if any of the assets of the bank have been converted. The deposits amount to $290,179. Items showing a cash shortage of $8,105.53 and an expense account of $8,053.35 are the two most interesting features of the latest statement, which differs very little from the first statement made.

Congressman Stanley addressed 2500 people in his opening address at Louisville Monday night. He scored the late lamented Kentucky Legislature, charging that it was controlled by Sam Shackelford and Percy Haley; poured out a vitriolic tirade against the enemies of Democracy; profited to see Kentucky and Kentuckians free from Lobbyist and private interests," accused Governor Beckham of playing a "dual role" and made Rome howl, generally, with his pyrotechnic, though always interesting brand of oratory.

Member Of Paris Family Again Sick From Poisoning

The Kentuckian-Citizen of Wednesday, says:

Mrs. Zorella Hughes, mother of Mr. C. L. Hughes, is again ill at her home on Main street as a result of being poisoned in some mysterious manner, and the family is greatly worried over her condition.

Mrs. Hughes was taken suddenly sick Monday evening and a physician was called, who with the use of a stomach pump saved her life. This is the second time Mrs. Hughes has suffered from being poisoned.

Early in June, Mrs. Hughes, her daughter, Miss Blanche, the latter's brother, Rollie and Llewellyn Hughes and Mrs. Hughes' grandson, Billie Charles Leslie Hughes, suffered from the effects of being poisoned, which was by some attributed to their eating canned salmon.

Llewellyn, and little Charles died at the Massie Memorial hospital as a result of their illness, but the other members of the family recovered.

Later it was said that the salmon was not the cause, and the family is at a loss to know the cause.

Rural School News

Last Friday W. B. Sparks, W. S. Gastree and I of the Nicholas County Board met at Hookton to see about changing the site of the school house there, Mr. J. I. Long agreeing to give an acre of ground on this side if the crowd at the present lot, there have something like a half acre, or farther up the creek. The Board agreed to buy another half acre making an acre for the school lot.

Saturday the County Board met again in the Superintendent's office to open bids on two school houses, Cane Run, Taylors Fork and Mt. Vernon school houses said bids having been turned in to me by the Board at two other meetings as being too high.

The bids on the Indian Creek were as follows: O. W. Hamilton, $571; H. Endicott, Silas Ice, Geo. H. Matten, $595. The contract was awarded Mr. Matten

The bids on the Taylors Creek schoolhouse were: C. E. McGeorge, haughay, $266.50; J. A. Day, $238, allowing $10 for old class rooms. The contract was given Mr Day.

The bid on Cane Run schoolhouse by O. W. Hamilton, the bidder, which was $384 was turned down by the Board and the house ordered painted this year without the cloak rooms.

Earle Hostetter was the only bidder on the work at Mt. Vernon he build a coal house and one out building, to haul lumber for same were for fence, he bid being $16 for the work. The Board authorized the treasurer to pay all outstanding accounts which had been approved by the Board up to date, let the work on the balance of 1913 revenue is collected. The per cent. of attendance based on reports cannot be paid to teachers for school year ending June 30, 1914 until the County Board settles with me and the sheriff, and he cannot settle until the railroad settles with him, but we are sure that it will not be long as

The checks are ready for the trustees for tuition census. Call at superintendent's office for same.

Tuesday we went to Mt. Vernon to look after fencing and to Kiser Union to look after repair work. I am very busy in the office now working on plans for this year. Next week we will give you the list of new school books which were adopted by the State Text Book Commission at Frankfort in June.

There is a copy of the New School Law in the office for each trustee in the county. Call and get it.

The Educational Division met in the superintendent's office last Saturday and we had Miss Sue E. Tuttle to fill the vacancy at Cassidy.

All of the teachers of the county are requested to meet in the superintendent's office next afternoon, July 11 at 2 o'clock. Important to the teachers. Be sure to be present.

Trustees will please call at superintendent's office if at home when you pass by before to get official and instructions for settling the school houses ready for the opening of school.

I am going to take two weeks much needed vacation, from the 10th July 11th, and am going to the mountains for ten days I am anxious to get every thing room before leaving. Week of examination for the teachers begins August 3rd in court room at court house and all schools open August 10th.

LIDA E. GARDNER,
County Superintendent.

CARLISLE AUTO COMPANY

C. C. BRAMBLETT, Manager
H. B. BRYSON, Secretary

Sam Gold friend, you'll have to worry if you get a Ford car this year. You know the Indian proverb "you that affair a while and it ceth a notice "Nemore Ford this mind August" or something like that. Now last Friday I had a message from the Assistant Manager for Kentucky, Cause let the Ford agent at Cynthiana have a Ford touring car he haven't a single one in Louisville, Lexington or Paris, Ky., and we have tried Paris, Mt. Sterling, Lexington and most everywhere else." By the way back we had three coming in and we can supply three more cars here before the well going dry. After that, don't blame us if you are too late.

In every State of the Union, and in four Carlisle subdivisions other cars three to one. And there is a reason, know from the purchasing juice. They do the job, they run all the time, they get you there and back at half the cost of the steam engine type.

A half million Fords, averaging nearly a day, each, have been sold four times every twenty-four hours. Think of it. If that car wasn't right it could never have sold. Anything that is right, but the Ford is its own best salesman. A demonstration is a revelation, take yours today.

Mr. Jas. H. Dotson woke up one morning last week and found that it was not the same day. One of the cows had kicked over the milk, so it was up in a hurry at the factory for you sure's you're born.

Between October 1913 and July 1st, 1914 there have been 1,000 Ford cars delivered. How do you like that for a record? Ask the Ford owners, figures and see how many of them have had trouble. Ford cars are sold on their merits. Some of them have run twenty miles each day for seven months without a stitch of repair work
