Legislature Adjourns

Amid scenes that "border on riot at times" the Kentucky legislature adjourned Wednesday night. Most of the "rioting" was done in the House and was brought about by ill feeling engendered over the Statewide Prohibition Bill. The passage of the tax amendment, which was approved by the voters last November, the defeat of the amendment providing for the working of convicts on the public roads, and the defeat of the Marshall bill to appropriate $50,000 for a State exhibit at the Panama Pacific Exposition in San Francisco were the outstanding features of the morning and afternoon sessions of the House. Nine bills, in all, were passed.

In the Senate the Webb Statewide prohibition bill was killed when a motion of Senator Frost that the rules be suspended, and the bill taken from the Orders of the Day and placed on it's final passage, was tabled by a vote of 18 to 15.

Linear voting for tabling the motion were Senators Bagby, Dale, Bosley, Bosworth, Chandler, Roberts, Durham, Ford, Hall, Helm, Hilderbrandt, Holman, Hoffaker, Knight, Moore, Robertson, Sanders, Speer, 18.

Those voting against tabling the motion were Senators Ardis, Arnett, Frost, Glenn, Hiller, Montgomery, Mosely, Porter, Scott, R. H. Scott, Tunis, Vincent, Webb, Williams and Zimmerman.—15.

HANNA'S LUSTRO-FINISH
"Made to Wash On"
is for floors, stairs, woodwork and furniture. It is all ready to use. Just dip in the brush and go ahead.
It dries freely and evenly, and two minutes' practice will make you an expert in its application. It makes old floors new, and no floor is so bad that Lustro will not make it clean, smooth, sanitary and beautiful.
You can wipe up a Lustro floor with a damp mop—water does not damage it. It is elastic and tough, and does not tear under heel nails, or castors.

Carlisle Real Estate Co.

It beats the world how good things come sailing along when we are least expecting them. Just looks so come a party, and says, "Sell my farm, 94 1/2 acres, nearly all in grass, pos-session any time after, 6 room house, good barn, extra big crib 20, plenty good tobacco land, only 2 good jobs and the price is only $40 an acre. Isn't this a bargain? And you can have it now, if you want it.

Also a good residence, brand-splinter new, painted, papered, nice veranda, wood back porch, hanniseted, shaded front lawn, stripes, everything tasty and good, first class store house and the store doing a good business, will sell the real estate for the small sum of $2,000 and the merchandise at cost and let a man go right into business. Good terms if properly secured. Better see this right quick.

Also, just coming on Monday, one of the very best homes with farm in this county. This place was never advertised before; excellent brick 8 room house, stock barn, tobacco barn, cattle barn, 87 1-2 and some poles of fine land, just about the best farm we have had this year, and one of the nicest homes in all Northern Kentucky. This is one place for $15,000 and give good terms on it, and possession can be had at once, the purchaser to take over contract for the cottage at ground already rented for tobacco and corn. This fine place is located right in the center of the little village of Moorefield and is a remarkably good place. Now if this farm does not sell it will be better come in a run and get it if it won't wait. Nothing like it has been offered recently or will be offered again soon. This is one of the rare opportunities that, like angels' visits, come but once in a while. Everything just as I should be it will suit you or anybody else. Had we known that this farm could be sold we could have sold it a dozen times this year. See us QUICK.

Get busy, that is, make your plans to join our Tuesday's excursion about 2:00 when the steps are taken. Some of the most important indications we will have by a party of from 20 to 30 people who want to see if Virginia and Kentucky are as good as is claimed for them; if we find that they are, they will stick to the Old Kentucky Home. These people are going to judge for themselves as to the cheapness and desirability of Virginia lands, and while there appears to be some great bargains in Virginia lands, we don't want to see them before we recommend them to our customers to be as good as they are claimed to be. Will be glad to discuss this matter with any one interested or contemplating making the trip. Fare, Railroad, from Carlisle will probably be from $16 to $17 round trip. If these Virginia lands are as good as claimed, it must be, with its soft climate and other advantages, a great country for the farmer, and will go and see it.

It would surprise you to see our excellent list of city property; just a few more left to select from. The John W. Powling property, on Maple street;

A splendid residence on Maple street;

Good residence, factory house, 1 acre, West End;

Also a few many other attractive properties, cheap and desirable, and also a number of extra good building lots, some on Carlisle, the best town in all the country, and grow up with us as we grow up.

Better hurry, brother, if you want a Ford or automobile this season. We have a number on hands and will tell you cheap, how long they will last or how soon you have another ship. Also see the motorcycles. Overland now on our floor. Just about the last word in automobiles. Nothing better. Our line we think is the best that can be had—the Ford and Overland. Come in and see them; then buy them. You'll never buy a better machine or at a better price than we will make you. Automobile weather is just ahead—buy now and be ready for it.

Last Sale Brings Season's Total To 7,205,145

Catarrh Cannot Be Cured

Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Medicine acts through the blood on the mucous surfaces, and acts directly upon the diseased portions. After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine and get rid of catarrh. Send for testimonials, free.

Use Shelburne Tobacco Fertilizer

Use Shelburne Tobacco Fertilizer on your plant beds before sowing the seed and in the hill for crop before planting. It will help your plants and bring a fine crop on any land, new or old or worn out poor. We refer to any one who used it, on to Mr. H. C. Curtis, State Chemist, who analyzed the ingredients. Can write or phone him.

Also have a few tons of potassium muriate left, used it and made good use of it, and if you want some of it will sell it at a reduced price.

W. R. Sohar, Cashier of Bank at Wyoming, Ohio, used on 20 farms of tobacco to the acre, which is a big yield, an average of 812 lbs.

Z. C. Mosier on 5 acres made 1600 pounds per acre, which he sold $1.

King Seed from Scott, Mississippi, has on hand a few bushels of Red Rustproof Oats, variety of Red, his neighbor just over the fence, for sale and use the fertilizer and make an average of 50 bushels per acre, which has always been the yield.

The price is $31 per ton cash, or $32 a ton for a less quantity, which is 62 per bag of 125 lbs. Later we will keep a supply of fertilizer in the principal towns for your convenience. At present we can ship small lots for plant beds direct from Lexington. Use no lime. In the potato patch use on plant beds before planting. Can be used before sowing.

For the analyses and for information as to best methods of applying it, write or phone us.

Yours truly,

Silas Shelburne,
Lexington, Ky.

Chronic Stomach Trouble Cured

"There is nothing more discouraging than a chronic stomach disorder of the stomach. In it not surprising that I suffer for years with such an ailment when a permanent cure is within their reach and may be had for a trifle? About one year ago," says R. H. Bell, of Shirley, Mich., "I bought a package of Chamberlain's Tablets, and since using them I have felt perfectly well. I had previously used any number of different medicines, but none of them were of any lasting benefit." For sale by all dealers.

The Forty Year Test

An article must have exceptional merit to survive for a period of forty years. Chamberlain's Cough Remedy was first offered to the public in 1872. From a small beginning it has grown in favor of popularity until it has attained a world wide reputation. You will find nothing better for a cough or cold. Try it and you understand why it is a favorite after a period of more that forty years. It not only gives relief it cures. For sale by all dealers.

CAMPBELL — Mrs. Elizabeth Ann Campbell, who was once a resident of Nicholas, died at the home of her son, William Campbell, in Shasberry, Mo., March 5, at the age of 88. Mrs. Campbell was the daughter of Rev. Samuel Rogers and a sister of the late Mrs. A. R. Fisher. She was married to Albert C. Campbell here in 1846, and to their union were born ten children, all of whom are living, nine of whom were present at the funeral of their mother. Mr. and Mrs. Campbell moved from Nicholas to Ohio and later to Missouri. An obituary notice, written by her only surviving brother, W. C. Rogers, of Kansas City, will be published next week.

Hyde—The entire community was shocked last Thursday when the news came from Mt. Sterling that George Hyde had undergone fatal attack of the stroke, and that there was but small chance for his recovery. Friday morning the message of the sad death came and a mantle of gloom over the town. Mr. Hyde left here Tuesday morning, apparently in the best of health, on business trip to Mt. Sterling. He was accompanied by his wife and daughter to spend the week-end in Montgomery. On reaching Mt. Sterling he left his boarding place Thursday morning, going to the piano store, where he remained for some two hours. He was then seen leaving here eighteen feet from the door. Mr. Hyde was taken to the hotel and later moved to the home of Mrs. Tharp, where he died at 2:30 Friday morning, without having regained consciousness. He was 45 years old. The body was brought here Friday evening. Funeral services were held at the Methodist Church Sunday afternoon and were conducted by the pastor, Rev. W. F. Vaughn. Burial was in the Carlisle cemetery. The host of friends who assembled to pay their respect to his memory and the wealth of floral tributes here testimony to the high esteem in which he was held. He is survived by his wife, Mrs. Jennie McDaniel Hall, by one sister, Mrs. J. J. Frey, and by his parents, Mr. and Mrs. Frank Hyde.

Miss Cook will fit Gossard corsets at Mrs. Hafer's Millinery Store next Wednesday, March 25.

Process of Milking.

I do not know that the process of milking has ever been described. The forefinger first clasps the upper part of the teat, and then the middle, ring and little fingers, in rapid succession, so as to drive the milk before them through the orifice. The knack is rather difficult to acquire, and at first very wearying to the hands, though this soon passes.—From "A Farmer's Note Book," by C. E. D. Phipps.

Obituary

In loving remembrance of little Clarence Burton Waugh, who died March 8, 1914, aged 1 year, 2 months and 2 days. It was hard to give him up, but God knows best in all things. Clarence's sweet little angel face and bright eyes were too precious for this old world. God only bathed his life on earth to bloom in heaven.

"God gave to us a little flower,
That bloomed in height and joy,
But the reaper with his sickle came
And clipped our flower away.

'Twas not through wrath this reaper came
And clipped our little rose;
He only came the debt to claim
Which everybody owes.

Potter Shoe Co.
Will Exhibit

Their Spring and Summer Samples at the Palm Hotel Parlors, Friday, March 27th. We would be pleased to have the people of this vicinity call and inspect same.

Mr. E. L. Franker will be in charge.

Fertilizers

We know of no better fertilizer than that made with a filler of Fuller's Kaolin Erie Guano, with an analysis showing a liberal proportion of Ammonia, Phosphates, Potash and Nitrogen, rightly blended for the different crops and soils required. Try it on your tobacco beds and see how much earlier stronger and more vigorous your plants will be.. R. C. King has this brand of fertilizer. By the way, if you will bring in a sample or so of the average earth from your field or truck patch, we will have it analyzed by the State Experiment Station free of charge and tell you what your ground needs in the way of fertilizer.

R. C. KING.

I desire to thank Messrs. Potts & Rice, Agents for the Kentucky Live Stock Insurance Company, for the prompt and full settlement of claim on policy No. 2999, for $250, which I held on my fine mare, Iola Rythmic, and which I was so unfortunate as to lose by death February 25.
