W. B. STEWART, Agent

We note with pleasure dispatches appearing in the daily papers during the week, in which the availability of Mr. Johnson N. Camden, of Woodford county, as a probable candidate for the Democratic nomination for Governor of Kentucky, is discussed and his entrance into the race forecasted.

Although it is the policy of The Mercury to play no favorites in Democratic primaries, yet the wish is that the party for a candidate poss-sising the qualifications of Mr. Camden for directing a wise and business-like administration of the affairs of the Commonwealth, warrants us, we feel, in again urging him, as we did in these columns, last summer, to declare a favorably receptive inclination in regard to the race.

Death Ends The Gallant Fight Of John Mayo

Colonel John C. C. Mayo, Democratic National Committeeman for Kentucky, died at the Waldorf Astoria Hotel in New York Monday afternoon after a long illness. Col. Mayo was fifty years old and was known as "Kentucky's Wealthiest" citizen.

All hope for Colonel Mayo's recovery was abandoned Sunday night, but administration of oxygen kept the patient alive until 2:20 o'clock Monday afternoon.

At his death he was surrounded by Mrs. Mayo, their two little children, John, thirteen, and Margaret, nine; by his aged father, T. J. Mayo; his sister, Mrs. Frederick Atkinson; his brother, Washington Mayo; Mr. Atkinson and John F. Buckingham, a close friend, all of Paintsville. Mr. and Mrs. Atkinson and the father of Mr. Mayo went to New York Saturday in response to a message that Mr. Mayo was dying. Mr. Buckingham and Washington Mayo went with Mr. and Mrs. Mayo two weeks ago last Saturday.

Physicians say Mr. Mayo broke all records known to science by the manner and length of time in which he held out against the ravages of Bright's disease.

Mr. Mayo's body left New York at 9:15 o'clock Wednesday morning over the Pennsylvania in a special car which was attached to the C. & O. at Washington. The funeral will be held in Paintsville this morning, in the Methodist Episcopal church.

Mr. Mayo was a member of the Southern Methodist church, of which he was a liberal supporter.

Rural School News

There were twenty-three children who took the County Diploma examination last Friday and Saturday. We cannot announce who the successful ones are before next Monday or Tuesday as there are ten subjects and this multiplied by twenty-three makes quite a lot of papers to be examined by the examiners.

We have this to say for the class, that it was a most splendid one as regards order and promptness. It was a pleasure to hold an examination for such children as they.

All teachers who expect to be elected June 6 to teach in Nicholas county must take the examination Friday and Saturday, May 15 and 16, and this will be the only examination before the election of teachers and Division Boards do not have to meet after June 6th to elect teachers if they can supply all of their schools with teachers holding certificates secured for the school. Examination will begin Friday morning of this week at 8:30 promptly.

The entertainment given by the Myers school last Saturday night was largely attended. They cleared over $13. Misses Lelia Cerna and Cardia Bell deserve much credit for the excellent work which they have done at Myers. And their teacher, W. F. Clark, and the citizens stand right by them, and this is one district where we never heard a single complaint about the school. The year has worked together for the good of the children.

The entertainment at the Crayton school house, conducted by their teacher, Miss Nellie Purcell, assisted by their good trustee, James Martin, who moved his own organ over a mile to the school house for the entertainment, was a great success. They cleared $25.20.

Mr Martin was in the office Monday and told us that he had taken his organ to the school house for two entertainments but that they are going to buy a piano before another goes.

I shall be in the office this week, but next week I shall be out over the county looking after repairs, after which the County Board will be called together to discuss improvements and call for bids.

Carlisle Real Estate Co.

C. U. BRAMBLETT, Manager
H. B. BRYSON, Secretary

We had a farm buyer Monday (court day) who wanted a good little eight or one thousand dollar farm ane is willing to take it right away. We don't know whether we have sold him or not but if one of our friends have such a farm that they are willing to sell and give possession at once please call and see us at once.

We are going to have a surprise for you in the next day or two and you will see some surprising business going on before you know it. Keep your eye on this column and look out for something startling.

We have a number of extra bargains in real nice Carlisle residence property, some very cheap homes, some extra nice ones; and by the way, old friend, did you know that Carlisle is just about to eave the great luxury of Natural Gas? It's a fact, and when it comes look out for Carlisle real estate to soar in price. With waterworks and Natural Gas and all the other advantages that we already have, not only looking our great Carlisle High School, Carlisle will be just the greatest little town in Kentucky. It's the best town now of its size and but when we get all of these good things that are surely coming our way there'll be no town in all Kentucky that can even claim to be in the same class with Carlisle. Now this is no boost nor is it "hot air;" it's the gospel truth. And we are telling you the absolute truth when we say that Carlisle offers greater advantages to the family desiring to move to town for any of the usual purposes of school, church, etc., than any town that can be found in Kentucky. Come and join our town in Kentucky. In Arnold Heights, in the prettiest part of Carlisle, we have a most beautiful bungalow for sale, it's a beauty, it's brand new and not finished and it's a bargain and the price we have on it. If you come to see us about it?

Also have one other nice one, also in this elegant suburb, for the little price of $2500.00. This won't last.

Aren't you ready for that to mobile yet? We have been waiting and waiting for you to get ready and WE ARE READY NOW. We have the machines, they are all ready to go out, the balmy weather and good roads roads are here, and you are losing just that much pricing pleasure giving rides.

Life's a mighty short fellow has said. "Is just one thing after another," and one of the things that come along is death, so don't put off after that you will have no use either for automobiles or for money. Therefore buy YOUR automobile while you are alive the other fellow will buy it with YOUR money after you are dead. We know a writer old fellow once who was very close with his money and piled up quite a lot of it—and three of his heirs met at Atlantic City.

THE FORD—The greatest automobile, the most decided success ever put on the road. We have them, sufficient to supply any reasonable demand RIGHT NOW. There is not the slightest doubt that the Ford factory, the greatest in the world, will be unable to supply the demand in the little while. Therefore come in NOW and get yours.

The OVERLAND—for a high er priced machine you get more for your money in any automobile made; more horse power, more wheel base, Standard Electric starter as standard equipment five big electric lights and dash light also as standard, luxious upholstering, more comfortable riding qualities for three hundred dollars less money.

We have all doors an Overland that is an EXACT DUPLICATE of the marmificent Overland sold by Governor McCreary, and is good enough for the Governor of the great state of Kentucky should it not be good enough for you YOU?

This is c. most magnificent and luxurious automobile, and we would like to deliver it to some good Nicholas county man.

Now don't overlook these things, the automobile season is now here; soon will come the various meetings of importance, of educational value, and you will want to take the family to Frankfort—Louisville, to Cincinnati, to a hundred places that without an automobile would not be considered at all as a matter of vain regret. The roads are fine the weather is all that could be wished, and automobiling gives you pleasure, gives you health, educates the children and all the family, holds the family together, kills the railroad Sunday excursion idea, and, in short, is the greatest boon to the Lexington family that has yet been developed. Have you or the family ever seen YOUR magnificent State Capitol building? Your children have a right to see the things of historical interest in their own state NOW while the mind is young and impressionable rather than wait until they can "pay their own way" and feel ashamed of their father's parsimony. With an automobile the whole family can go together, enjoy all of these things together in a wholesome and interesting way, and all be better, do better and live better. The moral is: Buy It Today.

WHEN YOU ARE NERVOUS

you have the first symptoms of a run-down system, and no reason people toss often consult a doctor, or physician, when they should consult a druggist, as in the case of headache, and this condition often forces a serious trouble.

If those suffering from nervousness would stop taking medicine containing alcohol or drugs which increase the nervousness of health, and just take the pure, unadulterated nourishment in beer—Pfundorf's—they would create new blood to replace the blood that is impoverished by nervousness, and the whole nervous system. It is richly nourished by beer-blood, free from wines, alcohols or drugs. Shun substitutes.
